27 forms of personalized learning under this part and in compliance with accreditation standards of the board of
28 public education are constitutionally compliant and protected. The legislature declares that any public or private

5 **Section 4.** Section 20-9-311, MCA, is amended to read:

6 **"20-9-311. Calculation of average number belonging (ANB) -- 3-year averaging.** (1) Average
7 number belonging (ANB) must be computed for each budget unit as follows:

8 (a) compute an average enrollment by adding a count of regularly enrolled pupils who were
9 enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on
10 the first Monday in February of the prior school fiscal year or the next school day if those dates do not fall on a
11 school day, and divide the sum by two; and

12 (b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the

14 (2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-
15 related days may be included in the calculation.

16 (3) When a school district has approval to operate less than the minimum aggregate hours under

18 (4) (a) Except as provided in subsection (4)(d), for the purpose of calculating ANB, enrollment in

1 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

2 (c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based

4 (d) A school district may include in its calculation of ANB a pupil who is enrolled in a program
5 providing fewer than the required aggregate hours of pupil instruction required under subsection (4)(a) or (4)(b)
6 if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by
7 the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted
8 to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the
9 student has demonstrated proficiency.

10 (e) A pupil in kindergarten through grade 12 who is concurrently enrolled in more than one public
11 school, program, or district may not be counted as more than one full-time pupil for ANB purposes. When a
12 pupil is concurrently enrolled in more than one district, any fractional enrollment under subsection (4)(a) must
13 be attributed first to a pupil's nonresident district.

14 (5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state
15 superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose
16 of calculating ANB for the elementary programs offering full-time kindergarten in the current year. For the
17 purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten
18 enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for
19 districts offering full-time kindergarten.

20 (6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school
21 days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil

23 (7) (a) The enrollment of preschool pupils, as provided in 20-7-117, may not be included in the
24 ANB calculations.

25 (b) Except as provided in subsection (7)(c), a pupil who has reached 19 years of age by

19 (ii) a school of the district is located more than 20 miles from any other school of the district and
20 incorporated territory is not involved in the district, the number of regularly enrolled pupils of the school must be
21 calculated separately for ANB purposes and the district must receive a basic entitlement for the school
22 calculated separately from the other schools of the district;

23 (iii) the superintendent of public instruction approves an application not to aggregate when
24 conditions exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, or
25 when any other condition exists that would result in an unusual hardship to the pupils of the school if they were
26 transported to another school, the number of regularly enrolled pupils of the school must be calculated
