3 **"19-2-409. Plans to be funded on actuarially sound basis -- definition.** As required by Article VIII,
4 section 15, of the Montana constitution, each system must be funded on an actuarially sound basis. For
5 purposes of this section, "actuarially sound basis" means that contributions to each retirement plan must be

7 the normal cost of providing benefits as they accrue in the future and the cost of amortizing unfunded liabilities
8 over a scheduled period of no more than 30 years, except that with respect to the public employees' retirement
9 system's defined benefit plan, the unfunded liabilities must be paid over the periods provided for in 19-3-316.
10 For the defined contribution plan, the full actuarial cost is the contribution defined by law that is payable to an
