- 2023 68th Legislature 2023 Drafter: Julie Johnson, 406-444-4024 HB0816.003.001 1 the tax year ending December 31, -2029 2033, a production company and its affiliates are allowed a credit 2 against the taxes imposed by chapter 30 and this chapter for investments in a state-certified production 3 approved by the department of commerce as provided in 15-31-1004 and 15-31-1005. The credit is for the base 4 investment made up to 6 months before state certification through completion of the project. The credit must be 5 claimed for the period July 1, 2019, through December 31, 2020, in which the production expenditures were 6 incurred or the compensation was paid unless the credit is transferred to the next tax year because the limits 7 provided for in 15-31-1010 have been met. For periods after December 31, 2020, the credit must be claimed for 8 the year in which the production expenditures were incurred or the compensation was paid unless the credit is 9 transferred to the next tax year because the limits provided for in 15-31-1010 have been met. 10 (2) To claim the credit provided for in this section: 11 (a) the production company or its affiliate must have applied to the department of commerce as 12 provided in 15-31-1005 and been approved to claim or transfer the credit; or 13 (b) the taxpayer must be the entity to which a credit approved pursuant to 15-31-1005 and this section 14 was transferred. (3) (a) The credit is equal to 20% of the production expenditures in the state in the tax year, plus the 15 16 additional amounts provided for in subsection (3)(b), but may not in the aggregate exceed 35% of the 17 production company's base investment in the tax year. 18 (b) Additional amounts for which the credit may be claimed are: 19 (i) 25% of the compensation paid per production or season of a television series to each crew 20 member or production staff member who is a resident, not to exceed a \$150,000 credit per person; 21 (ii) 15% of the compensation paid per production or season of a television series to each crew member 22 or production staff member who is not a resident but for whom Montana income taxes have been withheld, not 23 to exceed a \$150,000 credit per person; 24 (iii) 20% of the first \$7.5 million of compensation paid per production or season of a television series to 25 each actor, director, producer, or writer for whom Montana income taxes have been withheld; 26 (iv) 30% of compensation paid per production or season of a television series to a student enrolled in a 27 Montana college or university who works on the production for college credit. The credit may not exceed

SECTION 28. SECTION 19-2-409, MCA, IS AMENDED TO READ:

- 2023 68th Legislature 2023 Drafter: Julie Johnson, 406-444-4024 HB0816.003.001 1 "19-2-409. Plans to be funded on actuarially sound basis -- definition. As required by Article VIII, 2 section 15, of the Montana constitution, each system must be funded on an actuarially sound basis. For 3 purposes of this section, "actuarially sound basis" means that contributions to each retirement plan must be 4 sufficient to pay the full actuarial cost of the plan. For a defined benefit plan, the full actuarial cost includes both 5 the normal cost of providing benefits as they accrue in the future and the cost of amortizing unfunded liabilities 6 over a scheduled period of no more than 30 years, except that with respect to the public employees' retirement 7 system's defined benefit plan, the unfunded liabilities must be paid over the periods provided for in 19-3-316. For the defined contribution plan, the full actuarial cost is the contribution defined by law that is payable to an 8 9 account on behalf of the member. " 10 11 SECTION 29. SECTION 19-3-315, MCA, IS AMENDED TO READ: 12 "19-3-315. Member's contribution to be deducted. (1) (a) Except as provided in subsection (2), 13 each member's contribution is 7.9% of the member's compensation. 14 (b) The board shall annually review the required contributions and recommend future adjustments to the legislature as needed to maintain the amortization schedule set by the board for the payment of the 15 16 system's unfunded liability. (2) Each member's contribution must be reduced to 6.9% on January 1 following the system's defined 17 18 benefit plan's annual actuarial valuation if the valuation determines that the plan's funded ratio is at least 100% 19 and reducing the employee contribution pursuant to this subsection and reducing the employer contribution 20 pursuant to 19-3-316 (4) terminating the employer supplemental contribution pursuant to 19-3-319(3) would not 21 cause the system's amortization period to exceed 25 years the plan's funded ratio to be less than 100%. 22 (3) Payment of salaries or wages less the contribution is full and complete discharge and acquittance 23 of all claims and demands for the service rendered by members during the period covered by the payment. 24 except their claims to the benefits to which they may be entitled under the provisions of this chapter. (4) Each employer, pursuant to section 414(h)(2) of the federal Internal Revenue Code, 26 U.S.C. 25 26 414(h)(2), shall pick up and pay the contributions that would be payable by the member under subsection (1) or 27 (2) for service rendered after June 30, 1985.

5 <u>COORDINATION SECTION.</u> Section 18. Coordination instruction -- House Bill No. 587. If both 6 House Bill No. 587 and [this act] are passed and approved, then [section 1 of House Bill No. 587] must be 7 amended to read:

8 "NEW SECTION 1. School equalization and property tax reduction account -- uses. (1) There is
9 a school equalization and property tax reduction account in the state special revenue fund. Contingent on
10 appropriation by the legislature, money in the account is for distribution to school districts as the second source
11 of funding for state equalization aid as provided in 20-9-343. At fiscal yearend, any fund balance in the account
12 exceeding what was appropriated must be transferred to the guarantee account established in 20-9-622.

13

(2) The account receives revenue as described in 20-9-331, 20-9-333, and 20-9-360.

(3) Beginning in fiscal year 2025, each December the superintendent of public instruction shall
forecast the amount of revenue the account will receive in that fiscal year by dividing the sum of the taxable
value of all property in the state reported by the department of revenue pursuant to 20-9-369 by 1,000 to
determine a statewide value mill and then multiplying that amount by 95 mills, or the number of mills calculated
by the department of revenue under 15-10-420(8) for the applicable fiscal year. If the forecasted amount differs
from the amount determined through the same calculation in the prior fiscal year by \$2 million or more and is:

20

(a) less, then the superintendent shall:

(i) decrease the multiplier used to calculate the statewide elementary and high school guaranteed
tax base ratios used for funding BASE budgets under 20-9-366 to the nearest whole number determined by the
superintendent to result in a decrease in the amount of guaranteed tax base aid distributed to eligible school
districts equal to 85% of the decrease in the calculated amount between the 2 years; and

(ii) decrease the multiplier used to calculate the statewide elementary and high school mill value
 per ANB for school retirement guaranteed tax base purposes under 20-9-366 to the nearest whole number
 determined by the superintendent to result in a decrease in the amount of retirement guaranteed tax base aid
