17 legislative space designated in [section 3] and 2-17-802 and the university system and shall allocate space in
18 buildings owned or leased by the state, based on each agency's need. To efficiently and effectively allocate
19 space, the department shall identify the amount, location, and nature of space used by each agency, including
20 summary information on average cost per square foot for each municipality, and report this to the office of
21 budget and program planning and to the legislative fiscal analyst by September 1 of each even-numbered year.
22 The report must be provided in an electronic format. The department of administration shall provide a copy of
23 the report to the legislature in accordance with 5-11-210.

25 consultation with the agency, shall determine the amount and nature of the space needed and locate space
26 within a building owned or leased by the state, including buildings in Helena and in other areas, to meet the
27 agency's requirements. If space is not available in a building owned or leased by the state, the department shall
28 locate space to be leased in an appropriate existing building or a build-to-lease building, including buildings in
