	Amendment - 1st Reading/2nd House-blue - Requested by: Carl Glimm - (H) Natural Resources			
	egislature 2023	Drafter: Joe Kolman, 406-444-3747	SB0285.001.001	
1		SENATE BILL NO. 285		
2		INTRODUCED BY C. GLIMM		
3				
4	A BILL FOR A	N ACT ENTITLED: "AN ACT GENERALLY REVISING LAWS RELATED TO SU	JBDIVISION	
5	SANITATION	REVIEW; LIMITING THE REGULATION OF INDIVIDUAL SEWAGE FACILITIE	S TO THOSE	
6	THAT ARE HI	GHER IN ELEVATION OR LESS THAN 500 FEET AWAY FROM STATE SURI	FACE WATERS;	
7	REVISING SU	JBDIVISION EXEMPTIONS; AND AMENDING SECTIONS <u>75-5-301, 75-5-317,</u>	<del>- 76-3-622,</del> 76-4-	
8	102, 76-4-104	, 76-4-108, <u>AND</u> 76-4-115, <del>AND 76-4-125,</del> MCA."		
9				
10	BE IT ENACT	ED BY THE LEGISLATURE OF THE STATE OF MONTANA:		
11				
12	Sectio	on 1. Section 75-5-301, MCA, is amended to read:		
13	"75-5-	-301. Classification and standards for state waters. Consistent with the pro	visions of 80-15-	
14	201 and this c	hapter, the department shall:		
15	(1)	establish the classification of all state waters in accordance with their present	and future most	
16	beneficial use	s, creating an appropriate classification for streams that, due to sporadic flow, d	o not support an	
17	aquatic ecosys	stem that includes salmonid or nonsalmonid fish;		
18	(2)	formulate and adopt standards of water quality, considering the economics of	f waste treatment	
19	and prevention	n. When rules are adopted regarding temporary standards, they must conform v	vith the	
20	requirements	of 75-5-312. Standards must meet the following requirements:		
21	(a)	for carcinogens, the water quality standard for protection of human health mu	ist be the value	
22	associated wit	th an excess lifetime cancer risk level, assuming continuous lifetime exposure, r	not to exceed 1 x	
23	10 <sup>-3</sup> in the cas	e of arsenic and 1 x 10 <sup>-5</sup> for other carcinogens. However, if a standard establish	ned at a risk level	
24	of 1 x 10 <sup>-3</sup> for a	arsenic or 1 x 10 <sup>-5</sup> for other carcinogens violates the maximum contaminant leve	el obtained from	
25	40 CFR, part <sup>2</sup>	141, then the maximum contaminant level must be adopted as the standard for	that carcinogen.	
26	(b)	standards for the protection of aquatic life do not apply to ground water.		
27	(3)	review, from time to time at intervals of not more than 3 years and, to the exte	ent permitted by	

- 2023	urces	
	gislature 2023	Drafter: Joe Kolman, 406-444-3747 SB0285.001.001
1		vise established classifications of waters and adopted standards of water quality;
2	(4)	adopt rules governing the granting of mixing zones, requiring that mixing zones granted by the
3	department be	specifically identified and requiring that mixing zones have:
4	(a)	the smallest practicable size;
5	(b)	a minimum practicable effect on water uses; and
6	(c)	definable boundaries;
7	(5)	adopt rules implementing the nondegradation policy established in 75-5-303, including but not
8	limited to rules	that:
9	(a)	provide a procedure for department review and authorization of degradation;
10	(b)	establish criteria for the following:
11	(i)	determining important economic or social development; and
12	(ii)	weighing the social and economic importance to the public of allowing the proposed project
13	against the cos	at to society associated with a loss of water quality;
14	(c)	establish criteria for determining whether a proposed activity or class of activities, in addition to
15	those activities	identified in 75-5-317, will result in nonsignificant changes in water quality for any parameter in
16	order that those	e activities are not required to undergo review under 75-5-303(3). These criteria must be
17	established in a	a manner that generally:
18	(i)	equates significance with the potential for harm to human health, a beneficial use, or the
19	environment;	
20	(ii)	considers both the quantity and the strength of the pollutant;
21	(iii)	considers the length of time the degradation will occur;
22	(iv)	considers the character of the pollutant so that greater significance is associated with
23	carcinogens ar	nd toxins that bioaccumulate or biomagnify and lesser significance is associated with substances
24	that are less ha	armful or less persistent.
25	(d)	provide that changes of nitrate as nitrogen in ground water are nonsignificant if the discharge
26	will not cause o	degradation of surface water and the predicted concentration of nitrate as nitrogen at the
27	boundary of the	e ground water mixing zone does not exceed:

Amendment - 1st Reading/2nd House-blue - Requested by: Carl Glimm - (H) Natural	
Resources	

- 2023 68th Legislature 2023		Drafter: Joe Kolman, 406-444-3747	SB0285.001.001
-			
1	(i)	7.5 milligrams per liter from sources other than sewage;	
2	(ii)	5.0 milligrams per liter from sewage discharged from a system that does not u	se level two
3	treatment in an	area where the ground water nitrate as nitrogen is 5.0 milligrams per liter or les	s;
4	(iii)	7.5 milligrams per liter from sewage discharged from a system using level two	treatment, which
5	must be define	d in the rules; or	
6	(iv)	7.5 milligrams per liter from sewage discharged from a system in areas where	the ground water
7	nitrate as nitrog	gen level exceeds 5.0 milligrams per liter primarily from sources other than hum	an waste <del>.<u>;</u> and</del>
8	<u>(e)</u>	for septic system discharges that are not subject to ground water permitting re	<u>quirements</u>
9	<u>under 75-5-401</u>	, establish criteria to determine when the discharges result in nonsignificant cha	anges in surface
10	<u>water quality in</u>	order that those discharges are not required to undergo review under 75-5-303	( <u>3) and no</u>
11	further analysis	under law or rule is required. The criteria must:	
12	<u>(i)</u>	be adopted by rule before July 1, 2024; and	
13	<u>(ii)</u>	be developed in a manner that generally considers soil type, mixing zone dilut	ion and nitrogen
14	<u>credits, horizon</u>	tal distance between the discharge and the surface water in the direction of gro	und water flow,
15	<u>and elevation, i</u>	ncluding:	
16	<u>(A)</u>	adopt surface water impacts for low flow conditions based on mixing zone dilu	<u>tion</u>
17	concentrations	and other credits for nitrogen;	
18	<u>(B)</u>	credit nitrogen degradation at the drainfield and riparian zone attenuation base	ed on soil type;
19	<u>(C)</u>	exempt surface water body impacts when drainfield is lower in elevation than t	<u>the waterbody;</u>
20	<u>(D)</u>	limit the adjacent to surface water trigger analysis to a maximum of 1/4 or 1/2	mile from the
21	<u>drainfield to a s</u>	surface water, depending on soil type; and	
22	<u>(E)</u>	create nonsignificant surface water impact categories of 500 or more feet from	<u>the surface</u>
23	water that cons	ider soil texture, ground water depths and other pertinent information.	
24	(6)	to the extent practicable, ensure that the rules adopted under subsection (5) e	stablish objective
25	and quantifiable	e criteria for various parameters. These criteria must, to the extent practicable, o	constitute
26	guidelines for g	ranting or denying applications for authorization to degrade high-quality waters	under the policy
27	established in 7	75-5-303(2) and (3).	

- 2023 68th Legislature 2023		Drafter: Joe Kolman, 406-444-3747	SB0285.001.001

2			
3	Sectio	on 2. Section 76-4-102, MCA, is amended to read:	
4	"76-4-	-102. Definitions. As used in this part, unless the context clearly indicates	otherwise, the
5	following defin	nitions apply:	
6	(1)	"Adequate county water and/or sewer district facilities" means facilities pro	vided by a county
7	water and/or s	sewer district incorporated under Title 7, chapter 13, that operate in complian	ce with Title 75,
8	chapters 5 and	d 6.	
9	(2)	"Adequate municipal facilities" means municipally, publicly, or privately ow	ned facilities that
10	supply water,	treat sewage, or dispose of solid waste for all or most properties within the b	oundaries of a
11	municipality ar	nd that are operating in compliance with Title 75, chapters 5 and 6.	
12	(3)	"Board" means the board of environmental review.	
13	(4)	"Certifying authority" means a municipality or a county water and/or sewer	district that meets
14	the eligibility re	equirements established by the department under <del>76-4-104(6). <u>76-4-104(7).</u></del>	
15	(5)	"Department" means the department of environmental quality.	
16	(6)	"Extension of a public sewage system" means a sewerline that connects to	wo or more sewer
17	service lines to	o a sewer main.	
18	(7)	"Extension of a public water supply system" means a waterline that conner	cts two or more water
19	service lines to	o a water main.	
20	(8)	"Facilities" means public or private facilities for the supply of water or dispo	osal of sewage or
21	solid waste an	nd any pipes, conduits, or other stationary method by which water, sewage, o	r solid wastes might
22	be transported	d or distributed.	
23	(9)	"Individual water system" means any water system that serves one living u	init or commercial
24	unit and that is	s not a public water supply system as defined in 75-6-102.	
25	(10)	"Mixing zone" has the meaning provided in 75-5-103.	
26	(11)	(a) "Proposed drainfield mixing zone" means a mixing zone submitted for a	approval under this
27	chapter after N	March 30, 2011.	

- 2023	urces		
68th Legislature 2023		Drafter: Joe Kolman, 406-444-3747	B0285.001.001
1	(b)	The term does not include drainfield mixing zones that existed or were approved	d under this
2	chapter prior to	o March 30, 2011.	
3	(12)	(a) "Proposed well isolation zone" means a well isolation zone submitted for app	oroval under
4	this chapter aft	ter October 1, 2013.	
5	(b)	The term does not include well isolation zones that existed or were approved un	der this
6	chapter prior to	o October 1, 2013.	
7	(13)	"Public sewage system" or "public sewage disposal system" means a public sev	vage system as
8	defined in 75-6	6-102.	
9	(14)	"Public water supply system" has the meaning provided in 75-6-102.	
10	(15)	"Regional authority" means any regional water authority, regional wastewater au	uthority, or
11	regional water	and wastewater authority organized pursuant to the provisions of Title 75, chapte	r 6, part 3.
12	(16)	"Registered professional engineer" means a person licensed to practice as a pro	ofessional
13	engineer under	er Title 37, chapter 67.	
14	(17)	"Registered sanitarian" means a person licensed to practice as a sanitarian und	er Title 37,
15	chapter 40.		
16	(18)	"Reviewing authority" means the department or a local department or board of h	ealth certified
17	to conduct a re	eview under 76-4-104.	
18	(19)	"Sanitary restriction" means a prohibition against the erection of any dwelling, sl	nelter, or
19	building requiri	ing facilities for the supply of water or the disposition of sewage or solid waste or t	he construction
20	of water supply	y or sewage or solid waste disposal, facilities until the department has approved p	lans for those
21	facilities.		
22	(20)	"Sewage" has the meaning provided in 75-5-103.	
23	(21)	"Sewer service line" means a sewerline that connects a single building or living	unit to a public
24	sewage systen	n or to an extension of a public sewage system.	
25	(22)	"Solid waste" has the meaning provided in 75-10-103.	
26	(23)	"Subdivision" means a division of land or land so divided that creates one or mo	re parcels
27	containing less	s than 20 acres, exclusive of public roadways, in order that the title to or possessio	on of the

1	. ,	e sold, rented, leased, or otherwise conveyed and includes any resubdivision, a	•
2	townhome, or	townhouse, or any parcel, regardless of size, that provides two or more permar	ent spaces for
3	recreational ca	mping vehicles or mobile homes.	
4	(24)	"Water service line" means a waterline that connects a single building or living	g unit to a public
5	water supply s	ystem or to an extension of a public water supply system.	
6	(25)	"Well isolation zone" means the area within a 100-foot radius of a water well."	'
7			
8	Sectio	<b>n 3.</b> Section 76-4-104, MCA, is amended to read:	
9	"76-4-	104. Rules for administration and enforcement. (1) The department shall, s	subject to the
10	provisions of 7	6-4-135, adopt reasonable rules, including adoption of sanitary standards, nece	essary for
11	administration	and enforcement of this part.	
12	(2)	The rules and standards must provide the basis for approving subdivisions fo	r various types of
13	public and priv	ate water supplies, sewage disposal facilities, storm water drainage ways, and	solid waste
14	disposal. The r	rules and standards must be related to:	
15	(a)	size of lots;	
16	(b)	contour of land;	
17	(c)	porosity of soil;	
18	(d)	ground water level;	
19	(e)	distance from lakes, streams, and wells;	
20	(f)	type and construction, size, and location and construction of private water an	d sewage facilities
21	based on site (	<del>characteristics</del> ; and	
22	(g)	other factors affecting public health and the quality of water for uses relating t	o agriculture,
23	industry, recrea	ation, and wildlife.	
24	<u>(3)</u>	The storm drainage review requirements of this chapter do not apply to division	ons or parcels of
25	land that are e	xempt from review under 76-3-207(1)(a), <del>(1)(b),</del> (1)(d), (1)(e), or (1)(f) that:	
26	<u>(a)</u>	are used for a single-family residential purpose; or and	
27	<u>(b)</u>	include no more than 25% that is impervious.	

- 2023 68th Legislature 2023		Drafter: Joe Kolman, 406-444-3747	SB0285.001.001		
oour L	591010101 0 2020		020200.001.001		
1	<del>(3)(4)</del>	(a) Except as provided in subsection $(3)(b)$ $(4)(b)$ , the rules must provide for the review of			
2	subdivisions co	nsistent with 76-4-114 by a local department or board of health, as described in Title 50, chapter			
3	2, part 1, if the	ne local department or board of health employs a registered sanitarian or a registered professional			
4	engineer and if	f the department certifies under subsection $(4)$ (5) that the local department or board is			
5	competent to c	nt to conduct the review.			
6	(b)	(i) Except as provided in 75-6-121 and subsection ( <u>3)(4)(</u> b)(ii) of this section, a local			
7	department or	board of health may not review public water supply systems, public sewage systems, or			
8	extensions of c	s of or connections to these systems.			
9	(ii)	A local department or board of health may be certified by the department to re	view subdivisions		
10	proposed to co	roposed to connect to existing municipal or county water and/or sewer district water and wastewater systems			
11	previously approved by the department if no extension of the systems is required.				
12	<del>(4)<u>(5)</u></del>	The department shall also adopt standards and procedures for certification an	ld maintaining		
13	certification to ensure that a local department or board of health is competent to review the subdivisions as				
14	described in subsection $(3)$ $(4)$ .				
15	<del>(5)<u>(6)</u></del>	The department shall review those subdivisions described in subsection $(3)$ (4)	<u>L)</u> if:		
16	(a)	a proposed subdivision lies within more than one jurisdictional area and the re	spective		
17	governing bodi	governing bodies are in disagreement concerning approval of or conditions to be imposed on the proposed			
18	subdivision; or				
19	(b)	the local department or board of health elects not to be certified.			
20	<del>(6)<u>(7)</u></del>	The rules must further provide for:			
21	(a)	providing the reviewing authority with a copy of the plat or certificate of survey	<sup>,</sup> subject to review		
22	under this part	and other documentation showing the layout or plan of development, including:			
23	(i)	total development area; and			
24	(ii)	total number of proposed units and structures requiring facilities for water sup	ply or sewage		
25	disposal;				
26	(b)	adequate evidence that a water supply that is sufficient in terms of quality, qua	antity, and		
27	dependability v	vill be available to ensure an adequate supply of water for the type of subdivisio	n proposed;		

- 2023 68th Legislature 2023 Drafter: Joe Kolman, 406-444-3747 SB0285.001.001

(c) evidence concerning the potability of the proposed water supply for the subdivision;

2 (d) adequate evidence that a sewage disposal facility is sufficient in terms of capacity and

3 dependability;

4 (e) standards and technical procedures applicable to storm drainage plans and related designs, in
5 order to ensure proper drainage ways, except that the rules must provide a basis for not requiring storm water
6 review under this part for parcels 5 acres and larger on which the total impervious area does not and will not
7 exceed 5%. Nothing in this section relieves any person of the duty to comply with the requirements of Title 75,
8 chapter 5, or rules adopted pursuant to Title 75, chapter 5.

9 (f) standards and technical procedures applicable to sanitary sewer plans and designs, including 10 soil testing and site design standards for on-lot sewage disposal systems when applicable;

11

1

(g) standards and technical procedures applicable to water systems;

12 (h) standards and technical procedures applicable to solid waste disposal;

(i) adequate evidence that a proposed drainfield mixing zone and a proposed well isolation zone
are located wholly within the boundaries of the proposed subdivision where the proposed drainfield or well is
located or that an easement or, for public land, other authorization has been obtained from the landowner to
place the proposed drainfield mixing zone or proposed well isolation zone outside the boundaries of the
proposed subdivision where the proposed drainfield or proposed well is located.

(i) A proposed drainfield mixing zone or a proposed well isolation zone for an individual water
 system well that is a minimum of 50 feet inside the subdivision boundary may extend outside the boundaries of
 the subdivision onto adjoining land that is dedicated for use as a right-of-way for roads, railroads, or utilities.

21 (ii) This subsection (6)(7)(i) does not apply to the divisions provided for in 76-3-207 except those 22 under 76-3-207(1)(b). Nothing in this section is intended to prohibit the extension, construction, or

reconstruction of or other improvements to a public sewage system within a well isolation zone that extends

24 onto land that is dedicated for use as a right-of-way for roads, railroads, or utilities.

(j) criteria for granting waivers and deviations from the standards and technical procedures
 adopted under subsections (6)(7)(e) through (6)(7)(i);

27

(k) evidence to establish that, if a public water supply system or a public sewage system is

- 2023 68th Legislature 2023 Drafter: Joe Kolman, 406-444-3747 SB0285.001.001 1 proposed, provision has been made for the system and, if other methods of water supply or sewage disposal 2 are proposed, evidence that the systems will comply with state and local laws and regulations that are in effect 3 at the time of submission of the subdivision application under this chapter. Evidence that the systems will 4 comply with local laws and regulations must be in the form of a certification from the local health department as 5 provided by department rule. 6 (I) evidence to demonstrate that appropriate easements, covenants, agreements, and 7 management entities have been established to ensure the protection of human health and state waters and to 8 ensure the long-term operation and maintenance of water supply, storm water drainage, and sewage disposal 9 facilities; 10 (m) eligibility requirements for municipalities and county water and/or sewer districts to qualify as a 11 certifying authority under the provisions of 76-4-127; 12 construction details for individual and shared onsite wastewater systems to be reviewed by the (n) local board of health at the time of septic permitting, except that the reviewing authority may require additional 13 14 construction detail if the wastewater is not residential strength; simplified methods for storm water reviews, including acceptable minimum storm water 15 (0) volumes based solely on impervious area for proposed lots with one or two single-family residences; and 16 17 a basis for exempting from review facilities previously approved under this chapter or by a local (p) 18 reviewing authority of the facility is not proposed to be changed, is not affected by a proposed change to 19 another facility and meets the design conditions of its existing approval under this chapter or by the local 20 authority and is operating properly. Existing systems must meet the current setbacks established in rule and 21 subsection (7)(i), unless the lot was created before the relevant effective dates for mixing zones and isolation 22 zones. 23 The requirements of subsection  $\frac{(6)}{(7)}$  (i) regarding proposed drainfield mixing zones and (7)(8) 24 proposed well isolation zones apply to all subdivisions or divisions excluded from review under 76-4-125 25 created after October 1, 2021, except as provided in subsections (6)(7)(i)(i) and (6)(7)(i)(i). 26 <del>(8)</del>(9) The department shall: 27 conduct a biennial review of experimental wastewater system components that have been (a)

Resources - 2023 68th Legislature 2023 Drafter: Joe Kolman, 406-444-3747 SB0285.001.001 1 granted a waiver or deviation as provided in subsection  $\frac{(6)}{(7)(i)}$ ; 2 (b) utilize relevant analysis of wastewater system components approved in other states and data 3 from peer-reviewed third-party studies to conduct the review provided in subsection (8)(9)(a); 4 propose those experimental wastewater system components that meet the purposes and (c) 5 provisions of this part for adoption into the rules pursuant to this section; and 6 (d) report to the local government interim committee biennially, in accordance with 5-11-210, the 7 number and type of experimental wastewater system components reviewed and the number and type of system 8 components approved and provide written findings to explain why a system component was reviewed but not 9 approved. 10 (9)(10) Review and certification or denial of certification that a division of land is not subject to 11 sanitary restrictions under this part may occur only under those rules in effect when a complete application is 12 submitted to the reviewing authority, except that in cases in which current rules would preclude the use for which the lot was originally intended, the applicable requirements in effect at the time the lot was recorded must 13 14 be applied. In the absence of specific requirements, minimum standards necessary to protect public health and 15 water quality apply. (10)(11) The reviewing authority may not deny or condition a certificate of subdivision approval under 16 17 this part unless it provides a written statement to the applicant detailing the circumstances of the denial or 18 condition imposition. The statement must include: 19 (a) the reason for the denial or condition imposition; 20 the evidence that justifies the denial or condition imposition; and (b) 21 information regarding the appeal process for the denial or condition imposition. (c) 22 (11)(12) The department may adopt rules that provide technical details and clarification regarding the 23 water and sanitation information required to be submitted under 76-3-622." 24 25 Section 4. Section 76-4-108, MCA, is amended to read: 26 **"76-4-108.** Enforcement. (1) If the reviewing authority has reason to believe that a violation of this 27 part or a rule adopted or an order issued under this part has occurred, the reviewing authority may have written

- 2023 68th Legislature 2023

SB0285.001.001

1	notice and an order served personally or by certified mail on the alleged violator or the alleged violator's agent.				
2	The notice must state the provision alleged to be violated, the facts alleged to constitute the violation, the				
3	corrective action required by the reviewing authority, and the time within which the action is to be taken. A				
4	notice and order issued by the department under this section may also assess an administrative penalty as				
5	provided in 76-4-109. The alleged violator may, no later than 30 days after service of a notice and order under				
6	this section, request a hearing before the local reviewing authority if it issued the notice of violation or the board				
7	if the department issued the notice of violation. A request for a hearing must be filed in writing with the				
8	appropriate entity and must state the reason for the request. If a request is filed, a hearing must be held within a				
9	reasonable time.				
10	(2) In addition to or instead of issuing an order, the reviewing authority may initiate any other				
11	appropriate action to compel compliance with this part.				
12	(3) The provisions of this part may be enforced by a reviewing authority other than the department				
13	or board only for those divisions described in <del>76-4-104(3).</del> <u>76-4-104(4).</u> If a local reviewing authority fails to				
14	adequately enforce the provisions of this part, the department or the board may compel compliance with this				
15	part under the provisions of this section.				
16	(4) When a local reviewing authority exercises the authority delegated to it by this section, the local				
17	reviewing authority is legally responsible for its actions under this part.				
18	(5) If the department or a local reviewing authority determines that a violation of this part, a rule				
19	adopted under this part, or an order issued under this part has occurred, the department or the local reviewing				
20	authority may revoke its certificate of approval for the subdivision and reimpose sanitary restrictions following				
21	written notice to the alleged violator. Upon revocation of a certificate, the person aggrieved by revocation may				
22	request a hearing. A hearing request must be filed in writing within 30 days after receipt of the notice of				
23	revocation and must state the reason for the request. The hearing is before the board if the department revoked				
24	the certificate or before the local reviewing authority if the local reviewing authority revoked the certificate.				
25	(6) The contested case provisions of the Montana Administrative Procedure Act, Title 2, chapter 4,				
26	part 6, apply to a hearing held under this section."				
27					

#### Amendment - 1st Reading/2nd House-blue - Requested by: Carl Glimm - (H) Natural Resources - 2023 68th Legislature 2023 Drafter: Joe Kolman, 406-444-3747 SB0285.001.001 1 Section 5. Section 76-4-115, MCA, is amended to read: 2 **"76-4-115.** Contents of application -- supplemental information. (1) The application submitted 3 under 76-4-114 must include preliminary plans and specifications for the proposed development, information 4 required under rules adopted pursuant to this chapter, and any additional information the applicant feels 5 necessary. 6 In addition to the information required for the submission of the application under subsection (2) 7 (1), before the reviewing authority makes a final decision on the application, the applicant shall provide: 8 (a) a copy of the certification from the local health department required by 76-4-104(6)(k) 76-4-9 104(7)(k); if required under Title 76, chapter 3, an approval from the local governing body under Title 76, 10 (b) 11 chapter 3; and 12 any public comments or summaries of public comments collected as provided in 76-3-604(7)." (c) 13 14 Section 7. Section 76-4-125, MCA, is amended to read: "76-4-125. Land divisions excluded from review. (1) A subdivision excluded from the provisions of 15 16 chapter 3 must be submitted for review according to the provisions of this part, except that the following 17 divisions or parcels, unless the exclusions are used to evade the provisions of this part, are not subject to 18 review: 19 the exclusion exclusions cited in 76-3-201 and 76-3-207(1)(f); <del>(a)</del> 20 divisions made for the purpose of acquiring additional land to become part of an approved <del>(b)</del> 21 parcel, provided that water or sewage disposal facilities may not be constructed on the additional acquired 22 parcel and that the division does not fall within a previously platted or approved subdivision; divisions made for purposes other than the construction of water supply or sewage or solid 23 (c)waste disposal facilities as the department specifies by rule; 24 as certified pursuant to 76-4-127: 25 <del>(d)</del> 26 <del>(i)</del> new divisions subject to review under the Montana Subdivision and Platting Act; 27 divisions or previously divided parcels recorded with sanitary restrictions; or <del>(ii)</del>
