4 must be divided among the various counties and consolidated city-counties in the following manner:

5 (a) 50% in the ratio that the rural road mileage in each county or consolidated city-county,
6 exclusive of the national highway system and primary system, bears to the total rural road mileage in the state,

18 governing body of a town or third-class city, as defined in 7-1-4111, may each year expend no more than 25%
19 of the funds allocated to that town or third-class city for the purchase of capital equipment and supplies to be
20 used for the maintenance and repair of town or third-class city streets and alleys. The governing body of a town
21 or third-class city may place all or a part of the 25% in a restricted asset account within the gas tax
22 apportionment fund that is carried forward until there is a need for the expenditure.

23 ~~(5)~~(6) All funds allocated by this section to counties, cities, towns, and consolidated city-county
24 governments must be disbursed to the lowest responsible bidder according to applicable bidding procedures

26 the amounts provided in 7-5-2301 and 7-5-4302.

27 ~~(6)~~(7) For the purposes of this section in which distribution of funds is made on a basis related to

1 population, the population must be determined annually for counties and biennially for cities according to the
2 latest official decennial census or the latest interim year population estimates from the Montana department of
3 commerce as supplied by the United States bureau of the census.

4 ~~(7)~~(8) For the purposes of this section in which determination of mileage is necessary for distribution

10 this section may not be used for the purchase of capital equipment.

11 ~~(9)~~(10) Funds authorized by this section must be used for construction and maintenance programs."
