Description of fiscal impact: HB 479 requires reimbursement from the Department of Justice (DOJ) to Lake County for costs associated with enforcing criminal jurisdiction on the Flathead Indian Reservation. There is a \$2 million appropriation provided in this bill. The DoJ would incur some costs and the balance would be used for reimbursement. It is not known if this amount would be sufficient to cover all the requests received.

FISCAL ANALYSIS

Assumptions:**Department of Justice (DoJ)**

- DOJ assumes that its Central Services Division (CSD) will have the responsibility to track and audit invoices submitted by Lake County seeking reimbursement for costs incurred to enforce criminal jurisdiction on the Flathead Indian reservation.
- It is assumed that CSD will receive reimbursement requests on a monthly basis.
- The CSD estimates a 0.25 FTE accountant would be needed to process reimbursements, verify invoices, and reconcile funding each month. The CSD estimates the annual personal services cost for this FTE would be \$17,028. In FY 2024, there would be one time only operating expenses of \$4,352 to set up the employee. Ongoing operating costs would be \$5,019 annually.

4. The remainder of the appropriation, approximately \$1.97 million each year, would be used to reimburse Lake County.
5. It is unclear if the department would stop processing reimbursements if the appropriation is exhausted, or if it is intended that the department seek a supplemental appropriation for any costs that exceed the appropriation.
6. Based on the third whereas statement, it is assumed the appropriation will not be included in the base budget for the 2027 biennium.
