<u>Description of fiscal impact:</u> HB 898 revises the microbusiness development act; revises the definition of a qualified microbusiness; increases the amount allowed for a development loan; and transfers \$5 million from the general fund to the Department of Commerce for additional development loans.

FISCAL ANALYSIS

Assumptions:

Department of Commerce

- 1. HB 898 allocates an additional \$5 million from the general fund for loans to certified microbusiness development corporations.
- 2. The department estimates it would lend an additional \$5 million in FY 2024.
- 3. The loans would not all be lent out at the beginning of the fiscal year so an average of the outstanding balance for the year would be \$2.5 million for FY 2024 and \$5 million in each year after that.

4. Section 17-6-406, MCA, authorizes the department to set the interest rate on development loans. The department currently charges interest on development loans at a rate of 2.75% and would anticipate charging the same rate for the new loans.

	FY 2024	FY 2025	FY 2026	FY 2027
Loan Principal (average)	\$2,500,000	\$5,000,000	\$5,000,000	\$5,000,000
Loan Yield (2.75%)	2.75%	2.75%	2.75%	2.75%
Loan Interest Earned	\$68,750	\$137,500	\$137,500	\$137,500

- 5. Interest earned on the loans would be deposited in the microbusiness finance program administrative account established in 17-6-407, MCA, and used for administrative purposes. Funds not used for administrative costs could be transferred back to the microbusiness development loan account.
- 6. The department anticipates it would require 0.50 FTE Program Specialist II, and associated operating costs, for FY 2024 for the initial establishment and disbursal of the new loans. Total administrative costs are estimated to be \$53,888 in FY 2024.
