SPONSOR'S REBUTTAL TO FISCAL NOTE

House Bill Number: 612 Date Prepared: 28 Feb 2023

Short Title: Revise Insurance Requirements for Diabetes
SELF Management

Sponsor: Marta Bertoglio

Generally, why do you disagree with the fiscal note?

Fiscal note assumes all visits will be used in a year and I do not think all will be used. Note the amount is being utilized ~~now~~ and it is a small percentage. I do think it's because it is currently cost prohibitive.

Specifically, what in the fiscal note do you feel is flawed?

(Describe specific assumptions, calculations, technical issues, etc.)

This is a technical fix from \$250 to a number of visits to align with Medicare and other insurance. Currently it is 3 visits for a total of \$250 in statute. 10 hours or 20 visits is excessive and the max. I'd assume around .5 will be used.

What is your estimate of the fiscal impact?

1/2 of the amount
