

SB 450 Fiscal note Rebuttal

The Fiscal note makes many incorrect assumptions.

1. Prior legislation from last session generated 227 complaints over the last 2 years, Since the Prior legislation had the same scope, this will likely not generate any additional complaints so no additional FTE's will be required.
2. Also, the Remedy for violation is civil liability and will not require a complaint to be filed.
3. In addition, any government agency will likely follow the law and therefore will not generate any additional complaints.

The conclusion no additional FTE's will be required, and the fiscal note will be \$0.00.
