5	A BILL FOR AN ACT ENTITLED: "AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2025; AND PROVIDING AN EFFECTIVE
6	DATE."
7	
8	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:
9	
10	NEW SECTION. Section 1. Short title. [This act] may be cited as "The General Appropriations Act of 2023".
11	NEW SECTION. Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first
12	level expenditures and funding for the 2025 biennium, are adopted as legislative intent.
13	NEW SECTION. Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the
14	validity of the remaining portions of [this act].
15	NEW SECTION. Section 4. Appropriation control. An appropriation item designated "Biennial" may be spent in either year of the biennium. An appropriation item designated
16	"Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the Legislature. An appropriation item designated "One Time Only" or "OTO" may
17	not be included in the present law base for the 2027 biennium. The Office of Budget and Program Planning shall establish a separate appropriation on the statewide accounting, budgeting, and
18	human resource system for any item designated "Biennial", "Restricted", "One Time Only", or "OTO". The Office of Budget and Program Planning shall establish at least one appropriation on
19	the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].
20	NEW SECTION. Section 5. Appropriation Control. The Office of Budget and Program Planning shall establish a separate appropriation on the statewide accounting, budgeting,
21	and human resource system for the funding included in each Executive Branch agency's budget to pay fixed cost allocations for the State Information Technology Services Division of the
22	Department of Administration. The appropriations must be designated as restricted.
23	NEW SECTION. Section 6. Program definition. As used in [this act], "program", which has the same meaning as defined in 17-7-102, is consistent with the management and
24	accountability structure established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinally numbered with an Arabic
25	numeral.
26	NEW SECTION. Section 7. Personal services funding 2027 biennium. (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the

- 1 2025 biennium submitted under Title 17, chapter 7, part 1, by each Executive, Judicial, and Legislative Branch agency must include funding of first level personal services separate from funding
- 2 of other expenditures. The funding of first level personal services by fund or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for
- 3 the 2027 biennium submitted by November 1 to the legislative fiscal analyst by the Office of Budget and program planning.
- 4 (2) The provisions of subsection (1) do not apply to the Montana University System.
- 5 <u>NEW SECTION.</u> Section 8. Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.
