26 (8) (a) The department may set rates for medical and other services provided to recipients of
27 medicaid and may enter into contracts for delivery of services to individual recipients or groups of recipients.

28 (b) The department shall strive to close gaps in services provided to individuals suffering from

1 mental illness and co-occurring disorders by doing the following:

2 (i) simplifying administrative rules, payment methods, and contracting processes for providing
3 services to individuals of different ages, diagnoses, and treatments. Any adjustments to payments must be
4 cost-neutral for the biennium beginning July 1, 2017.

5 (ii) publishing a report on an annual basis that describes the process that a mental health center or

8 (9) The services provided under this part may be only those that are medically necessary and that
9 are the most efficient and cost-effective.

10 (10) (a) The amount, scope, and duration of services provided under this part must be determined

15 to prescription drugs and durable medical equipment for which the department has not negotiated a rebate.

16 (11) Services, procedures, and items of an experimental or cosmetic nature may not be provided.

17 (12) (a) Prior to enacting changes to provider rates, medicaid waivers, or the medicaid state plan,

25 department may set priorities to limit, reduce, or otherwise curtail the amount, scope, or duration of the medical
26 services made available under the Montana medicaid program after taking into consideration the funding
27 principles set forth in subsection (2). (Subsection (3)(o) terminates September 30, 2023--sec. 7, Ch. 412, L.
