17 **Section 1.** Section 15-31-114, MCA, is amended to read:

18 **"15-31-114. Deductions allowed in computing income.** (1) In computing the net income, the
 19 following deductions are allowed from the gross income received by the corporation within the year from all
 20 sources:

21 (a) all the ordinary and necessary expenses paid or incurred during the taxable year in the
 22 maintenance and operation of its business and properties, including reasonable allowance for salaries for
 23 personal services actually rendered, subject to the limitation contained in this section, and rentals or other
 24 payments required to be made as a condition to the continued use or possession of property to which the
 25 corporation has not taken or is not taking title or in which it has no equity. A deduction is not allowed for salaries
 26 paid upon which the recipient has not paid Montana state income tax. However, when domestic corporations
 27 are taxed on income derived from outside the state, salaries of officers paid in connection with securing the
 28 income are deductible.

1 (b) (i) all losses actually sustained and charged off within the year and not compensated by
2 insurance or otherwise, including a reasonable allowance for the wear and tear and obsolescence of property
3 used in the trade or business. The allowance is determined according to the provisions of section 167 of the
4 Internal Revenue Code in effect with respect to the taxable year. All elections for depreciation must be the
5 same as the elections made for federal income tax purposes. A deduction is not allowed for any amount paid
6 out for any buildings, permanent improvements, or betterments made to increase the value of any property or
7 estate, and a deduction may not be made for any amount of expense of restoring property or making good the
8 exhaustion of property for which an allowance is or has been made. A depreciation or amortization deduction is

13 allowance for depletion and for depreciation of improvements. The reasonable allowance must be determined
14 according to the provisions of the Internal Revenue Code in effect for the taxable year. All elections made under
15 the Internal Revenue Code with respect to capitalizing or expensing exploration and development costs and
16 intangible drilling expenses for corporate income tax purposes must be the same as the elections made for
17 federal income tax purposes.

18 (d) the amount of interest paid within the year on its indebtedness incurred in the operation of the
19 business from which its income is derived. Interest may not be allowed as a deduction if paid on an
20 indebtedness created for the purchase, maintenance, or improvement of property or for the conduct of business
21 unless the income from the property or business would be taxable under this part.

22 (e) (i) taxes paid within the year, except the following:

6 (ii) The public service commission may not allow in the rate base of a regulated corporation the
7 inclusion of contributions made under this subsection.

13 market value, not to exceed 30% of the taxpayer's net income, of a computer or other sophisticated
14 technological equipment or apparatus intended for use with the computer donated to an elementary, secondary,

27 renumbered, except that the deduction for dividends is not allowed with respect to dividends attributable to any
28 income that is not subject to tax under this chapter when earned by the regulated investment company. For the

1 purposes of computing the deduction for dividends paid, the provisions of sections 852(b)(7) and 855 of the
 2 Internal Revenue Code of 1986, 26 U.S.C. 852(b)(7) and 855, as those sections may be amended or
 3 renumbered, apply. A regulated investment company is not allowed a deduction for dividends received as
 4 defined in sections 243 through 245 of the Internal Revenue Code of 1986, 26 U.S.C. 243 through 245, as

23 them as to the scope of the examination. In conducting the examination, an examiner shall observe the

24 guidelines and procedures set forth in the examiners' handbook adopted by the NAIC. The commissioner may

21 (6) This part may not be construed to limit the commissioner's authority to use and, if appropriate,

13 authority of the agent whose appointment has been revoked terminates 30 days after the notice is received by
14 the commissioner.

15 (6) When a foreign or alien insurer ceases to do business in this state, the agent last designated
16 by or acting for the insurer is deemed to continue as agent for it unless a new agent is appointed. Service by
17 certified mail upon any such agent constitutes service of legal process upon the insurer.

18 ~~(7) Each insurer shall include a fee of \$10 with any initial appointment, change of agent appointment,~~

4 and hearing, disapprove any proposed change, alteration, or amendment to the business plan. The
5 commissioner may adopt reasonable rules exempting from the filing requirements of this subsection those
6 items that the commissioner considers unnecessary.

7 (4) An applicant or a health maintenance organization holding a certificate of authority shall file

22 each year.

23 (c) The factors that the commissioner may take into account when granting a waiver include but

27 whole and a financial statement for the PACE program specifically with the initial waiver application and
28 annually on June 30. The commissioner may request additional information necessary to evaluate the waiver

1 request.

2 (e) The waiver automatically expires if the certification of the PACE organization by the centers for

20 (d) The accountable care organization shall submit an audited financial statement for the
21 organization as a whole and a financial statement for the accountable care organization program specifically
22 with the initial waiver application and annually by June 30. The commissioner may request additional
23 information necessary to evaluate the waiver request.

24 (e) The waiver automatically expires if certification of the accountable care organization under the
25 medicare shared savings program or the department of public health and human services expires or is
26 terminated."

4 rules implementing this part.

5 (3) This part does not require a health carrier, its intermediary, or a provider network with which the
6 health carrier or its intermediary contract to employ specific providers or types of providers who may meet their
7 selection criteria or to contract with or retain more providers or types of providers than are necessary to
8 maintain an adequate network.

9 (4) A health carrier may use criteria established in accordance with the provisions of this section to
10 select health care professionals allowed to participate in the health carrier's managed care plan. A health carrier

27 utilization documentation and claims-paid documentation to the health carrier. The health carrier shall monitor
28 the timeliness and appropriateness of payments made to providers and health care services received by

1 covered persons. This duty may not be delegated to an intermediary by a health carrier.

2 (5) If required in a contract or otherwise by a health carrier, an intermediary shall maintain the
3 books, records, financial information, and documentation of services provided to covered persons at its
4 principal place of business in the state and preserve them for 5 years in a manner that facilitates regulatory
5 review.

6 (6) An intermediary shall allow the commissioner ~~and the department~~ access to the intermediary's
7 books, records, claim information, billing information, and other documentation of services provided to covered
8 persons that are required by any of those entities to determine compliance with this part and the rules
9 implementing this part.

10 (7) A health carrier may, in the event of the intermediary's insolvency, require the assignment to
11 the health carrier of the provisions of a participating provider's contract addressing the participating provider's
12 obligation to furnish covered benefits."
