Explanation - This amendment adjusts the K-12 BASE Aid appropriation in the Local Education Activities Program of the Office of Public Instruction. It reduces the appropriation by \$8,135,733 general fund local assistance in FY 2024 and by \$7,856,905 general fund local assistance in FY 2025 in order to make a correction for the GTB multiplier and to make a correction for the finalization of the February student count and datasheet information.
