(b) The school board's application must include a strategic plan with appropriate planning horizons for implementation, measurable objectives to ensure accountability, and planned strategies to:

An application deferred for consideration in a subsequent year due to lack of funding must be annually updated each year after more than 1 full fiscal year has passed from the date of original submission of the application in order for the application to retain its priority by original date received.

(e) on or before September 15 of even-numbered years, report to the education interim committee pursuant to 5-11-210 on the progress made by districts operating under approved advanced opportunity plans. The report must address, at a minimum:

The trustees have full discretion to allocate expenditures among all pupils of the district or any select group of pupils, using any reasonable method they consider appropriate in their full discretion to meet the individual needs of each pupil who pursues an advanced opportunity. subsection (5)(a) may be spent by the district to provide any K-12 career and vocational/technical education course offered by the district.

(6) A district qualified for funding under subsection (3) may supplement state funding of advanced opportunity aid with matched expenditures from its adopted adult education budget, not to exceed 25% of the district's advanced opportunity aid. The conditions under subsection (5) apply to any matched expenditures funded under this subsection (6).
