"7-5-132. Procedure for initiative or referendum election. (1) The electors of a local government may, by petition, request an election on whether to enact, repeal, or amend an ordinance. The form of the petition must be approved by the county election administrator. A petition signed by at least 15% of the local government's qualified electors is sufficient to require an election.

(2) (a) If an approved petition containing sufficient signatures is filed prior to the ordinance's effective date or within 60 days after the passage of the ordinance, whichever is later, a petition requesting an election on whether to amend or repeal the ordinance delays the ordinance's effective date until the ordinance is ratified by the electors.

(b) If an approved petition containing sufficient signatures is filed within 60 days after the effective date of an emergency ordinance, the emergency ordinance is suspended until it is ratified by the electors.

(3) The governing body may refer an existing or proposed ordinance to a vote of the people by resolution.

government election held in accordance with Title 13, chapter 1, part 4, except that if the petition asks for a
special election, specifies an election date that complies with 13-1-405, and is signed by at least 25% of the
qualified electors, a special election must be held on the date specified in the petition.

If a majority of those voting on the question approve the proposal, it becomes effective when
the election results are officially declared, unless otherwise stated in the proposal.

Section 5. Section 7-6-1504, MCA, is amended to read:

"7-6-1504. Resort tax -- election required -- procedure -- notice. (1) A resort community, resort
area, or resort area district may not impose or, except as provided in 7-6-1505, amend or repeal a resort tax
unless the resort tax question has been approved by a majority of the qualified electors voting on the question
during a general election as described in 13-1-104.

(2) The resort tax question may be presented to the qualified electors of:

(a) a resort community by a petition of the electors as provided in 7-5-131, 7-5-132, 7-5-134, 7-5-135, and 7-5-137 or by a resolution of the governing body of the resort community;

petition of electors as provided in 7-6-1508;

(c) an existing resort area district by a resolution of the board of directors of the resort area district
in accordance with special district election procedures provided in 13-1-501 through 13-1-505.

(3) If a proposed resort area is in more than one county, the resort tax question must be presented

(b) the duration of the resort tax;

infrastructure and the specific uses must be identified in the petition or resolution. The additional levy for
infrastructure authorized under this subsection (4)(d) terminates when the specified infrastructure debts and
project costs are paid unless the board submits and the qualified electors approve another levy for
infrastructure.

(5) On receipt of an adequate petition, the governing body shall hold an election in conjunction
with a general election and in accordance with Title 13, chapter 1, part 5.

(6) (a) Before the resort tax question is submitted to the electorate of a resort community or resort
area, the governing body of the resort community or the board of county commissioners in the county in which
the resort area is located shall provide notice of the goods and services subject to the resort tax by a method
described in 13-1-108.

(b) The notice must be given two times, with at least 6 days separating the notices. The first notice
must be no more than 45 days prior to the election, and the last notice must be no less than 30 days prior to the
election.

more than once in any fiscal year.

(9) The governing body, as defined in 7-6-1505, of a resort area, resort area district, or resort
community that already imposes a resort tax may submit to the qualified electors of the resort area, resort area
district, or resort community the question of whether to levy the additional resort tax provided for in 7-6-
1503(1)(b)(i). The election must be noticed as provided in this section and conducted as provided in 13-1-501

through 7-6-1548, and 7-6-1550, the board of county commissioners of each county in which the resort area

(a) appropriate and expend revenue from a resort tax for any activity, undertaking, or administrative service authorized in the resolution creating a resort area and adopting a resort tax;

(b) adopt administrative ordinances necessary to aid in the collection or reporting of resort taxes and in the expenditure of resort tax revenue;

(c) except as provided in subsection (2), if approved by four of the five board members, issue bonds to provide, install, or construct any of the public facilities, improvements, or capital projects authorized as provided in subsection (1)(a) and pledge for repayment of the bonds the revenue derived from the resort tax;

and

(d) submit to the qualified electors of the resort area district the question of whether to levy the additional resort tax provided for in 7-6-1503(1)(b)(i) for infrastructure.

(2) Except for bonds pledging resort tax revenue raised from an additional resort tax levy for infrastructure provided for in 7-6-1503(1)(b)(i), a resort area district may not issue bonds to construct any single-purpose public facility, improvement, or capital project in an amount exceeding $500,000 without the approval of a majority of the qualified electors voting at an a general election conducted in accordance with Title 13, chapter 1, part 5.

(3) The provisions of 7-6-1506(3) apply to the issuance of bonds by a resort area district, and the board of directors shall conclude that the projected useful life of the public facilities, improvements, or capital projects will be greater than the term of the bonds that were issued to construct the public facilities, improvements, or capital projects.

(4) Resort tax revenue that is pledged by a resort area district to the repayment of bonds must be
sufficient to pay the principal and interest on the bonds in each year when the principal and interest is due.

Bonds do not constitute debt for the purpose of any statutory debt limitation. Except for bonds pledging resort tax revenue raised from an additional resort tax levy for infrastructure, a resort area district may not issue bonds pledging proceeds of the resort tax for repayment unless the board of directors in the resolution authorizing issuance of the bonds determines that the annual principal and interest payment on the bonds issued will not cumulatively exceed 25% of the average of resort tax revenue received by the district during the preceding 5 years. "20-9-208. Transfers among appropriation items of fund -- transfers from fund to fund. (1) Whenever it appears to the trustees of a district that the appropriated amount of an item of a budgeted fund of
the final budget or a budget amendment is in excess of the amount actually required during the school fiscal
year for the appropriation item, the trustees may transfer any of the excess appropriation amount to any other
appropriation item of the same budgeted fund.

(2) Unless otherwise restricted by a specific provision in this title, transfers may be made between
different funds of the same district or between the final budget and a budget amendment under one of the
following circumstances:

(a) (i) Except as provided in subsections (2)(a)(ii) through (2)(a)(iv) (2)(a)(iii), transfers may be
made from one budgeted fund to another budgeted fund or between the final budget and a budget amendment
for a budgeted fund whenever the trustees determine, in their discretion, that the transfer of funds is necessary
to improve the efficiency of spending within the district or when an action of the trustees results in savings in
one budgeted fund that can be put to more efficient use in another budgeted fund to better support and
implement forms of personalized learning described in 20-7-1601. Transfers may not be made with funds
approved by the voters or with funds raised by a nonvoted levy unless:

trustees hold a properly noticed hearing to accept public comment on the transfer; or

(B) the transfer is approved by the qualified electors of the district in an election called for the purpose

any other fund and transfers to the general fund from any other fund are prohibited.

(iii) Unless otherwise authorized by a specific provision in this title, transfers from the retirement fund
to any other fund are prohibited.

(iv) Unless otherwise authorized by a specific provision in this title, transfers from the debt service
fund to any other fund are prohibited.

the trustees determine that the transfer of funds is necessary to improve the efficiency of spending within the
district. Transfers may not be made with funds restricted by federal law unless the transfer is in compliance with
any restrictions or conditions imposed by federal law.

(3) Before a transfer can occur, the trustees shall hold a properly noticed hearing to accept public
comment on the transfer.

(3)(4) The trustees shall enter the authorized transfers upon the permanent records of the district.

(4)(5) The intent of this section is to increase the flexibility and efficiency of school districts without an increase in local taxes. In furtherance of this intent, if transfers of funds are made from any school district fund supported by a nonvoted levy, the district may not increase its nonvoted levy for the purpose of restoring the amount of funds transferred."

“20-9-308. BASE budgets and general fund budget limits. (1) (a) The trustees of a district shall adopt a general fund budget that is at least equal to the BASE budget established for the district. Except as provided in subsection (1)(b), the trustees of a district may adopt a general fund budget up to the greater of:

(i) the current year maximum general fund budget; or

(ii) the previous year’s general fund budget plus any increase in direct state aid for the basic and per-ANB entitlements and any increases in state funding of the data-for-achievement payment under 20-9-325 and in the general fund payments in 20-9-327 through 20-9-330 state and over-BASE levy funding of the basic or per-ANB entitlements or of the general fund payments established in 20-9-327 through 20-9-330 to complete the inflation-adjusted formula amounts approved by the legislature as part of the regular inflationary adjustments to K-12 BASE aid calculated pursuant to 20-9-326 and as provided in 20-9-306.

**SECTION 75.** SECTION 20-9-311, MCA, IS AMENDED TO READ:
20-9-311. Calculation of average number belonging (ANB) -- 3-year 5-year averaging. (1)

Average number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on the first Monday in February of the prior school fiscal year or the next school day if those dates do not fall on a school day, and divide the sum by two; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) (a) Except as provided in subsection (4)(d), for the purpose of calculating ANB, enrollment in an education program:

(i) from 180 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(iv) 720 or more aggregate hours of pupil instruction per school year is counted as full-time enrollment.

(b) Except as provided in subsection (4)(d), enrollment in a program intended to provide fewer than 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

(c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based on the hours necessary and appropriate to provide the course within a regular classroom schedule.

(d) A school district may include in its calculation of ANB a pupil who is enrolled in a program providing fewer than the required aggregate hours of pupil instruction required under subsection (4)(a) or (4)(b)
if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by
the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted
to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the
student has demonstrated proficiency.

(e) A pupil in kindergarten through grade 12 who is concurrently enrolled in more than one public
school, program, or district may not be counted as more than one full-time pupil for ANB purposes.

(5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state
superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose
of calculating ANB for the elementary programs offering full-time kindergarten in the current year. For the
purposes of calculating the 3-year 5-year ANB, the superintendent of public instruction shall count the
kindergarten enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year 5-
year average ANB for districts offering full-time kindergarten.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school
days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil
resumes attendance prior to the day of the enrollment count.

(7) (a) The enrollment of preschool pupils, as provided in 20-7-117, may not be included in the
ANB calculations.

(b) Except as provided in subsection (7)(c), a pupil who has reached 19 years of age by
September 10 of the school year may not be included in the ANB calculations.

(c) A pupil with disabilities who is over 19 years of age and has not yet reached 21 years of age by
September 10 of the school year and who is receiving special education services from a school district pursuant
to 20-7-411(4)(a) may be included in the ANB calculations if:

(i) the student has not graduated;

(ii) the student is eligible for special education services and is likely to be eligible for adult services
for individuals with developmental disabilities due to the significance of the student's disability; and

(iii) the student's individualized education program has identified transition goals that focus on
preparation for living and working in the community following high school graduation since age 16 or the
student's disability has increased in significance after age 16.
(d) A school district providing special education services pursuant to subsection (7)(c) is encouraged to collaborate with agencies and programs that serve adults with developmental disabilities in meeting the goals of a student's transition plan.

(8) The average number belonging of the regularly enrolled pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled pupils attending the schools of the district, except that:

(a) the ANB is calculated as a separate budget unit when:

(i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled pupils of the school must be calculated as a separate budget unit for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when conditions exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, or when any other condition exists that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

(A) 75% of the basic entitlement for the fourth year;

(B) 50% of the basic entitlement for the fifth year; and

(C) 25% of the basic entitlement for the sixth year.
(b) when a junior high school has been approved and accredited as a junior high school, all of the
regularly enrolled pupils of the junior high school must be considered as high school district pupils for ANB
purposes;
(c) when a middle school has been approved and accredited, all pupils below the 7th grade must
be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered
high school pupils for ANB purposes; or
(d) when a school has been designated as nonaccredited by the board of public education
because of failure to meet the board of public education's assurance and performance standards, the regularly
enrolled pupils attending the nonaccredited school are not eligible for average number belonging calculation
purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE
funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of
school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the
superintendent.

(10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education
program provided by the district through any combination of onsite or offsite instruction may be included for
ANB purposes only if the pupil is offered access to the complete range of educational services for the basic
education program required by the accreditation standards adopted by the board of public education.
(b) Access to school programs and services for a student placed by the trustees in a private
program for special education may be limited to the programs and services specified in an approved individual
education plan supervised by the district.
(c) Access to school programs and services for a student who is incarcerated in a facility, other
than a youth detention center, may be limited to the programs and services provided by the district at district
expense under an agreement with the incarcerating facility.
(d) This subsection (10) may not be construed to require a school district to offer access to
activities governed by an organization having jurisdiction over interscholastic activities, contests, and
tournaments to a pupil who is not otherwise eligible under the rules of the organization.

(11) A district may include only, for ANB purposes, an enrolled pupil who is otherwise eligible under
this title and who is:

(a) a resident of the district or a nonresident student admitted by trustees under a student attendance agreement and who is attending a school of the district;

(b) unable to attend school due to a medical reason certified by a medical doctor and receiving individualized educational services supervised by the district, at district expense, at a home or facility that does not offer an educational program;

(f) receiving educational services, provided by the district, using appropriately licensed district staff at a private residential program or private residential facility licensed by the department of public health and human services;

(g) enrolled in an educational program or course provided at district expense using electronic or offsite delivery methods, including but not limited to tutoring, distance learning programs, online programs, and technology delivered learning programs, while attending a school of the district or any other nonsectarian offsite instructional setting with the approval of the trustees of the district. The pupil shall:

(i) meet the residency requirements for that district as provided in 1-1-215;

(ii) live in the district and must be eligible for educational services under the Individuals With Disabilities Education Act or under 29 U.S.C. 794; or

(13) (a) A district may, for ANB purposes, include in the October and February enrollment counts an individual who is otherwise eligible under this title and who during the prior school year:

(i) resided in the district;

(ii) was not enrolled in the district or was not enrolled full time; and

(iii) completed an extracurricular activity with a duration of at least 6 weeks.

(b) (i) Except as provided in subsection (13)(b)(ii), each completed extracurricular activity under subsection (13)(a) may be counted as one-sixteenth enrollment for the individual, but under this subsection (13) the individual may not be counted as more than one full-time enrollment for ANB purposes.

(ii) Each completed extracurricular activity lasting longer than 18 weeks may be counted as one-eighth enrollment.

(c) For the purposes of this section, "extracurricular activity" means:

(b) For a K-12 district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated separately for the elementary and high school programs pursuant to subsection (14)(a) and then combined.

(b) the opening or reopening of a high school or a branch of the county high school has been approved in accordance with 20-6-503, or 20-6-504, or 20-6-505. The average number belonging for the high school must be established by the county superintendent's estimate, after an investigation of the probable number of pupils that will attend the high school.

(c) a district anticipates an increase in the average number belonging due to the closing of a private or public school in the district or a neighboring district. The estimated increase in average number belonging must be established by the trustees and the county superintendent and approved, disapproved, or adjusted by the superintendent of public instruction no later than the fourth Monday in June.

(d) a district anticipates an unusual enrollment increase in the ensuing school fiscal year. The increase in average number belonging must be based on estimates of increased enrollment approved by the superintendent of public instruction and must be computed in the manner prescribed by 20-9-314.

(e) for the initial year of operation of a kindergarten program established under 20-7-117(1), the ANB to be used for budget purposes is:

(i) one-half the number of 5-year-old children residing in the district as of September 10 of the preceding school year, either as shown on the official school census or as determined by some other procedure approved by the superintendent of public instruction, for the purpose of implementing a half-time kindergarten program as provided in 20-1-301; or

(2) (a) When the trustees of the district propose to adopt an over-BASE budget under subsection (1), any increase in local property taxes authorized by 20-9-308(4) over revenue above the greater of the limits computed under subsection (2)(b) or amounts previously authorized by the electors of the district or imposed by the district in any of the previous 5 years must be submitted to a vote of the qualified electors of the district, as provided in 15-10-425.

(b) The trustees are not required to submit to the qualified electors any increase in state and over-BASE levy funding of the basic or per-ANB entitlements or of the general fund payments established in 20-9-327 through 20-9-330 to complete the inflation-adjusted formula amounts approved by the legislature as part of the regular inflationary adjustments to K-12 BASE aid calculated pursuant to 20-9-326 and as amended in 20-9-306.

(c) When the trustees of a district determine that a voted amount of financing above the greater of the limit of subsections (2)(a) and (2)(b) is required for the general fund budget in applicable school fiscal years, the trustees shall submit the proposition to finance the voted amount to the electors who are qualified under 20-20-301 to vote upon the proposition at the next regular school election day. The proposition may be requested for application to a maximum of 4 school fiscal years with approved increases implemented through tax collections beginning the November following the election on the timing specified in 15-16-102.

(d) The proposition must specify each school fiscal year in which an increase above the limits of
subsection (2)(a) or (2)(b) is requested and must include the percentage point, expressed as a number rounded to the nearest tenth, proposed by the trustees in excess of the greater of the limits of subsections (2)(a) or (2)(b). (3) If the proposition on any additional financing for the general fund is approved by a majority vote of the electors voting at the election, the proposition carries and the trustees may use any portion or all of the authorized amount in adopting the final general fund budget for each school fiscal year to which the authorization applies. The trustees shall certify any additional levy amount authorized by the election on the budget form that is submitted to the county superintendent, and the county commissioners shall levy the authorized number of mills on the taxable value of all taxable property within the district, as prescribed in 20-9-141.

(4) All Except as provided in 20-20-105(2), all levies adopted under this section must be authorized by the election conducted before August 1 of the school fiscal year for which it is effective.

SECTION 78. SECTION 20-9-405, MCA, IS AMENDED TO READ:

“20-9-405. Proportional joint ownership -- disposition of money. The facility constructed under 20-9-404 must be jointly owned by the school districts or other political subdivisions contributing to its construction in proportion to the contribution of each political subdivision. Money received from the sale or disposition of a district's interest in a facility must be credited to the debt service fund, building fund, general fund, or any combination of these three funds, at the discretion of the trustees.”

SECTION 79. SECTION 20-9-406, MCA, IS AMENDED TO READ:
“20-9-406. Limitations on amount of bond issue -- definition of federal impact aid basic support payment -- oil and natural gas payment. (1) (a) Except as provided in subsection (1)(c), the maximum amount for which an elementary district or a high school district may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471, oil and natural gas revenue bonds to which a deficiency tax levy is pledged, and any other loans or notes payable that are held as general obligations of the district, is 100% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(b) Except as provided in subsection (1)(c), the maximum amount for which a K-12 school district, as formed pursuant to 20-6-701, may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471, oil and natural gas revenue bonds to which a deficiency tax levy is pledged, and any other loans or notes payable that are held as general obligations of the district, regardless of whether the general obligation bonds finance elementary program improvements or high school program improvements, is the sum of 100% of the taxable value of the property in its elementary program subject to taxation and 100% of the taxable value of the property in its high school program subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(c) (i) Unless the maximum amount calculated under subsection (1)(a) yields a greater amount, the maximum amount for which an elementary district or a high school district with a district mill value per elementary ANB or per high school ANB that is less than the facility guaranteed mill value per elementary ANB or high school ANB under 20-9-366 may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471, oil and natural gas revenue bonds to which a deficiency tax levy is pledged, and any other loans or notes payable that are held as general obligations of the district, is the corresponding facility guaranteed mill value per ANB times 1,000 times the ANB of the district. For a K-12 district, unless the maximum amount calculated under subsection (1)(b) yields a greater amount, the maximum amount for which the district may become indebted is the sum of the facility guaranteed mill value per
elementary ANB times 1,000 times the elementary ANB of the district and the facility guaranteed mill value per
high school ANB times 1,000 times the high school ANB of the district. For the purpose of calculating ANB
under this subsection, a district may use the greater of the current year ANB or the 3-year 5-year ANB
calculated under 20-9-311.

(ii) If mutually agreed upon by the affected districts, for the purpose of calculating its maximum
bonded indebtedness under this subsection (1)(c), a district may include the ANB of the district plus the number
of students residing within the district for which the district or county pays tuition for attendance at a school in
an adjacent district. The receiving district may not use out-of-district ANB for the purpose of calculating its
maximum indebtedness if the out-of-district ANB has been included in the ANB of the sending district pursuant
to the mutual agreement. For the purpose of calculating ANB under this subsection, a district may use the
greater of the current year ANB or the 3-year 5-year ANB calculated under 20-9-311.

(2) The maximum amounts determined in subsection (1) do not pertain to indebtedness imposed
by special improvement district obligations or assessments against the school district or to general obligation
bonds issued for the repayment of tax protests lost by the district. All general obligation bonds issued in excess
of the amount are void, except as provided in this section.

(3) The maximum amount of impact aid revenue bonds that an elementary district, high school
district, or K-12 school district may issue may not exceed a total aggregate amount equal to three times the
average of the school district’s annual federal impact aid basic support payments for the 5 years immediately
preceding the issuance of the bonds. However, at the time of issuance of the bonds, the average annual
payment of principal of and interest on the impact aid bonds each year may not exceed 35% of the total federal
impact aid basic support payments of the school district for the current year.

(4) The maximum amount of oil and natural gas revenue bonds that an elementary district, high
school district, or K-12 school district may issue may not exceed a total aggregate amount equal to three times
the average of the school district’s annual oil and natural gas production taxes received pursuant to 15-36-331,
15-36-332, and 20-9-310 for the 2 fiscal years immediately preceding the issuance of the bonds. At the time of
the issuance of the bonds, the average annual payment of principal of and interest on the oil and natural gas
revenue bonds each year may not exceed 35% of the total oil and natural gas production taxes received by the
school district under the limitations in 20-9-310 for the immediately preceding fiscal year. If the oil and natural
gas revenue bonds are also secured by a deficiency tax levy as provided in 20-9-437, the debt limitation provided in subsection (1) of this section applies to the bonds.

(5) When the total indebtedness of a school district has reached the limitations prescribed in this section, the school district may pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter.

(6) Whenever bonds are issued for the purpose of refunding bonds, any money to the credit of the debt service fund for the payment of the bonds to be refunded is applied toward the payment of the bonds and the refunding bond issue is decreased accordingly.

(7) As used in this part, "federal impact aid basic support payment" means the annual impact aid revenue received by a district under 20 U.S.C. 7703(b) but excludes revenue received for impact aid special education under 20 U.S.C. 7703(d) and impact aid construction under 20 U.S.C. 7707."

Section 80. Section 20-9-422, MCA, is amended to read:

"20-9-422. Additional requirements for trustees' resolution calling bond election. (1) In addition to the requirements for calling an election that are prescribed in 20-20-201 and 20-20-203, the trustees' resolution calling a school district bond election must:

(a) specify whether the bonds will be general obligation bonds, oil and natural gas revenue bonds, or impact aid revenue bonds and, if oil and natural gas revenue bonds, whether a tax deficiency is pledged to the repayment of the bonds;

(b) fix the exact amount of the bonds proposed to be issued, which may be more or less than the amounts estimated in a petition;

(c) fix the maximum number of years in which the proposed bonds would be paid;

(d) in the case of initiation by a petition, state the essential facts about the petition and its presentation; and

(e) state the amount of the state advance for school facilities estimated, pursuant to subsection (2), to be received by the district in the first school fiscal year in which a debt service payment would be due on the proposed bonds.

(2) Prior to the adoption of the resolution calling for a school bond election for a general obligation
bond, the trustees of a district may request from the superintendent of public instruction a statement of the
estimated amount of state advance for school facilities that the district will receive for debt service payments on
the proposed general obligation bonds in the first school fiscal year in which a debt service payment is due. The
district shall provide the superintendent with an estimate of the debt service payment due in the first school
fiscal year. The superintendent shall estimate the state advance for the general obligation bond issue pursuant
to 20-9-371(2)."
