NEW SECTION. Section 1. Medical respite care for homeless individuals -- rulemaking authority -- report. (1) There is a medical respite care program for homeless individuals who are eligible for medical assistance pursuant to Title 53, chapter 6.

(2) The department shall reimburse eligible providers for medical respite care that is offered in a residential facility to individuals who are experiencing homelessness and who are too ill or frail to recover from a physical illness or injury but are not ill enough to require hospital care.

(3) Medical respite care consists of short-term housing with supportive medical services for acute and postacute care. To the extent allowable, medical respite care services include but are not limited to:

(a) development and monitoring of a treatment plan and administration of high-quality postacute clinical services that are needed to help the patient meet the goals outlined in the treatment plan;

(b) medication management and medication reconciliation, including access to medications, assistance with medication adherence, and medication education;

(c) immunizations;

(d) screening for communicable diseases;

(e) discharge planning and a timeline for transitions into other settings;

(f) care coordination and referral management to ensure a patient is following up with medical appointments as necessary;

(g) coordination with other levels of services;
