The registration decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(c) For a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer that is permanently registered as provided in 61-3-313(2), the department may use the word or an abbreviation for the word "permanent" on the plate in lieu of issuing a registration decal for the plate.

(3) (a) (i) New license plates issued under 61-3-303 or this section must be a standard license plate design first issued in 1989 or later or current collegiate or generic specialty license plate designs. period. A new license plate must be issued in accordance with the implementation schedule adopted by the department under 61-14-101.

(b) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311, may display the license plate and plate design in effect at the time of registration for the entire registration period.

(c) A light vehicle described in subsection (2)(b) or a motor home that is permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) (a) All license plates must be metal and treated with a reflectorized background material according to specifications prescribed by the department. The word "Montana" must be placed on each license plate and, except for license plates that are 4 inches wide and 7 inches in length, the outline of the state of Montana must be used as a distinctive border on each standard license plate.

(b) Plates for semitrailers, travel trailers, pole trailers, trailers with a declared weight of 6,000 pounds or more, and motor vehicles, other than motorcycles and quadricycles, must be 6 inches wide and 12 inches in length.

than 6,000 pounds requests plates that are a plate that is 6 inches wide and 12 inches in length. A person
registering a trailer shall pay all applicable fees for the plates chosen.

(5) The distinctive registration numbers for standard license plates must begin with a number one or
with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and
numbers. Except for special license plates, collegiate license plates, generic specialty license plates, fleet
license plates, and standard license plates that are 4 inches wide and 7 inches in length, the distinctive
registration number or letter-number combination assigned to the motor vehicle must appear on the plate
preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The
county number must be separated from the distinctive registration number by a separation mark unless a letter-
number combination is used. The dimensions of the numerals and letters must be determined by the
department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles,
trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in
addition to the markings provided in this section, standard license plates must bear the following distinctive
markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may
designate the prefix number for the various state departments. All numbered plates issued to state departments
must bear the words "State Owned", and a year number may not be indicated on the plates because these
numbered plates are of a permanent nature and will be replaced by the department only when the physical
condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties,
municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not

license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of
each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that
is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through
61-3-733."
