HOUSE BILL NO. 2
INTRODUCED BY BALLANCE

A BILL FOR AN ACT ENTITLED: "AN ACT REVISING THE GENERAL APPROPRIATIONS ACT OF 2017 TO INCORPORATE CHANGES TO THE ACT MADE DURING THE 2017 REGULAR LEGISLATIVE SESSION WHILE REVISING APPROPRIATIONS TO *INCORPORATE* CHANGES WITHIN THE CALL OF THE 2017 SPECIAL SESSION AND ANY CONCURRENT SPECIAL SESSIONS; AMENDING CHAPTER 366, LAWS OF 2017; REPEALING SECTIONS 8, 9, AND 11, CHAPTER 364, LAWS OF 2017, SECTIONS 7, 13, 14, 15, 16, AND 17, CHAPTER 416, LAWS OF 2017, AND SECTIONS 12, 15, 16, 17, 18, 20, 21, 22, 24, AND 28, CHAPTER 429, LAWS OF 2017; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Chapter 366, Laws of 2017, is amended to read:

"Section 1. Short title. [This act] may be cited as "The General Appropriations Act of 2017".

Section 2. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2019 biennium, are adopted as legislative intent.

Section 3. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

Section 4. Appropriation control. (1) An appropriation item designated "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature. An appropriation item designated "One Time Only" or "OTO" may not be included in the present law base for the 2021 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

(2) The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for the funding included in each executive branch agency's budget to pay fixed cost allocations to the state information technology services division of the department of administration. The appropriations must be designated as restricted.

(3) The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for the funding included in each executive branch agency's budget to pay fixed cost allocations for rent in the capitol complex to the general services division of the department of administration. The appropriations

1 must be designated as restricted.

2 **Section 5. Program definition.** As used in [this act], "program" has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure
3 established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinally numbered with an Arabic numeral.

4 **Section 6. Personal services funding -- 2021 biennium.** (1) Except as provided in subsection (2), present law and new proposal funding budget requests for the 2019 biennium
5 submitted under Title 17, chapter 7, part 1, by each executive, judicial, and legislative branch agency must include funding of first level personal services separate from funding of other
6 expenditures. The funding of first level personal services by fund or equivalent for each fiscal year must be shown at the fourth reporting level or equivalent in the budget request for the 2021
7 biennium submitted by November 1 to the legislative fiscal analyst by the office of budget and program planning.

8 (2) The provisions of subsection (1) do not apply to the Montana university system.

9 **Section 7. Legislative Intent.** (1) The appropriations contained in [this act] do not include any funding for increased rent or lease payments on office, warehouse, or other similar
10 space unless specifically expressed in a legislative line item or change package in the accompanying House Bill No. 2 narrative. It is the intent of the legislature that state agencies are precluded
11 from enacting any inflation provisions for rent or lease agreements or entering into new rent or lease agreements that include automatic inflation adjusters.

12 (2) [This act] amends and revises House Bill No. 2, enacted as Chapter 366, Laws of 2017, by incorporating legislative changes from the 2017 regular session that were made by
13 Chapter 364, Laws of 2017, Chapter 416, Laws of 2017, and Chapter 429, Laws of 2017. The 2017 regular legislative session changes are incorporated in the introduced version of [this act]
14 and are intended to reflect current law before the special session commencing November 14, 2017.

15 (3) Legislative change made to [this act] after introduction reflect appropriation decisions made by the legislature in special session and are subject to the governor's veto power under
16 Article VI, section 10, of the Montana constitution. If the governor exercises a veto of [this act] and the legislature does not override the veto, then Chapter 366, Laws of 2017, remains in effect
17 as passed and approved during the regular legislative session. Likewise, if the governor exercises veto authority under Article VI, section 10(5), of a line item in [this act] and the legislature does
18 not override the line item veto, then the line item that is vetoed reverts to the original item as passed and approved during the regular legislative session.

19 (4) By passing [this act], the legislature appropriates money as originally appropriated in Chapter 366, Laws of 2017, to any line item where the Governor exercises line item veto
20 authority.

21 **Section 8. Totals not appropriations.** The totals shown in [this act] are for informational purposes only and are not appropriations.

22 **Section 9. Effective dates.** (1) Except as provided in subsection (2), [this act] is effective July 1, 2017.

23 (2) [Section 10] is effective on passage and approval.

24 **Section 10. Appropriation.** For the biennium ending June 20, 2017, there is appropriated \$2 million from the general fund to the office of state public defender.

25 **Section 11. Appropriations.** The following money is appropriated for the respective fiscal years:

6 The Disability Employment and Transitions Division is appropriated \$775,000 of state special revenue from the Montana Telecommunications Access Program (MTAP) during each
 7 year of the 2019 biennium to cover a contingent FCC mandate, which would require states to provide both video and internet protocol relay services for people with severe hearing, mobility
 8 or speech impairments.

9 The Montana Developmental Center restricted line item appropriation is restricted to ~~expenditures for the Montana Developmental Center or according to the requirements in HB 639~~
 10 as provided in section 2, Chapter 364, Laws of 2017.

11 Senior and Long Term Care - County Nursing Home Intergovernmental Transfer (IGT) may be used only to make one-time payments to nursing homes based on the number of
 12 medicaid services provided. State special revenue in County Nursing Home IGT may be expended only after the office of budget and program planning has certified that the department has
 13 collected the amount that is necessary to make one-time payments to nursing homes based on the number of medicaid services provided and to fund the base budget in the nursing facility
 14 program and the community services program at the level of \$564,785 from the counties participating in the intergovernmental transfer program for the nursing facilities.

15 Medicaid Caseload Contingency is ~~contingent upon the passage of HB 639 containing restrictions related to Medicaid expenditures and caseloads~~ restricted as provided in section
 16 1, Chapter 364, Laws of 2017.

17 The department is appropriated an additional \$450,000 of state special revenue authority each year of the biennium contingent upon the recovery of an amount greater than \$450,000
 18 each year as a result of audits identifying fraud, waste, and abuse and documented recovery of those funds.

19 As provided in section 21, Chapter 429, Laws of 2017, the department of public health and human services general fund appropriation reduction of \$3,500,000 in fiscal year 2018 and
 20 \$3,500,000 in fiscal year 2019 must be used to reduce medicaid provider rates over the 2019 biennium. For the purpose of this paragraph, the rate reduction must be calculated to provide for
 21 percentage based equivalency between all single providers and provider types to ensure that all single provider or provider types are subject to the same reduction percentage.

22 Tracking Operational and Performance Program Measures is restricted as provided in section 10, Chapter 364, Laws of 2017.

23 As provided in section 12, Chapter 364, Laws of 2017, the increased appropriations provided in section 11, Chapter 364, Laws of 2017, to the Human and Community Services Division
 24 is restricted.

3	If federal funds are received by the department for Aquatic Invasive Species Response in excess of the federal special revenue in the Aquatic Invasive Species Response appropriation,											
4	the state special revenue appropriation for Aquatic Invasive Species Response must be reduced and federal special revenue increased by the amount of federal funds received.											
5	It is the intent of the legislature to consider the 2021 biennium budget for the Parks and Communication and Education Divisions from zero to the full recommended budget. The											
6	department shall explain the necessity of each reporting level (RL4) of the budget, including the base budget for the budget submission for the 2021 biennium budget. As a part of this process,											
7	the department shall submit a separate request each functional and geographic unit of the Parks Division, including each state park.											
8	It is the intent of the legislature that the federal funds (Pittman-Robertson/Dingell-Johnson) in the Law Enforcement Division are used for non-law enforcement activities by wardens											
9	as defined by 50 CFR 80.50 and 50 CFR 80.51. These activities include, but are not limited to: fish and wildlife surveys/inventories, research and relations with landowners and other individuals											
10	regarding the status of fish and wildlife, research into fish and wildlife problems, and education on hunting and fishing.											
11	The department is appropriated \$1 million dollars from the state parks miscellaneous state special revenue account each year of the biennium for maintenance and repair work on											
12	Virginia and Nevada City. The Montana heritage commission shall direct the use of this appropriation.											
13	The Drought Management Planning appropriation must be used statewide without concentrating on a single region or drainage.											
14	<u>As provided in section 7(1), Chapter 416, Laws of 2017, if sufficient federal funds are not received by the department for aquatic invasive species response, then the state special</u>

17 The department is appropriated up to \$1,000,000 of the funds recovered under the petroleum tank compensation board subrogation program in the 2019 biennium for the purpose
 18 of paying contract expenses related to the recovery of funds.

19 The Water Quality Division is authorized to decrease federal special revenue and increase state special revenue in the drinking water and/or water pollution control revolving loan
 20 programs by a like amount within the administration account when the amount of federal capitalization funds have been expended or when federal funds and bond proceeds will be used for
 21 other program purposes.

22 If the carpenter/snow creek site is approved for federal superfund funding by the environmental protection agency, the department is appropriated \$2.2 million in state special revenue
 23 from the CERCLA Bond Proceeds Account.

24 Mitigated Retirement of Coal-Fired Generating Units is contingent on passage and approval of Senate Bill No. 338.

25 If a company, the governor, and the attorney general enter into a transition agreement as specified in Senate Bill No. 338, the Mitigated Retirement of Coal-Fired Generating Units
 26 appropriation is void.

27 If the department receives local, private, or federal funds for the Mitigated Retirement of Coal-Fired Generating Units, general fund appropriations must be reduced by the amount

2	During the 2019 biennium, the department is appropriated \$2.2 million of state special authority. This authority may be used only if revenue collected by the department for a single											
3	permit exceeds \$250,000 or revenue collected by the department for permits issued pursuant to the same permitting authority exceeds \$250,000 within a single 6-month period. The amount

6 The appropriation in FY 2018 for the Rail, Transit, and Planning Division budget includes state special revenue of \$2 million for a specific county grants grant. The appropriation of
 7 \$2 million is restricted in its use as established by the legislature.

8 The department may adjust appropriations between state special revenue and federal special revenue funds if the total state special revenue authority by program is not increased
 9 by more than 10% of the total appropriations established by the legislature.

10 All appropriations in the department are biennial.

11 All remaining federal pass-through grant appropriations for highway traffic safety, including reversions for the 2017 biennium, are authorized to continue and are appropriated in FY
 12 2018 and FY 2019.

13 The department will report the revenue, expenditures, and working capital balance of the restricted highway state special revenue account quarterly to the revenue and transportation
 14 interim committee throughout the interim beginning in June, 2017.

15 The department may allocate adjustments to FTE funding across programs to enable the greatest efficiency in providing safe and well constructed and maintained highways and roads.

5 If federal funds are received by the department for Aquatic Invasive Species Response in excess of the federal special revenue in the Aquatic Invasive Species Response appropriation,
 6 the state special revenue appropriation for Aquatic Invasive Species Response must be reduced and federal special revenue increased by the amount of federal funds received.

7 The department is authorized to decrease federal special revenue in the pollution control and/or drinking water revolving fund loan programs and increase state special revenue by
 8 a like amount within administration accounts when the amount of federal EPA CAP grant funds allocated for administration of the grant have been expended or federal funds and bond proceeds
 9 will be used for other program purposes as authorized in law providing for the distribution of funds.

10 The department is appropriated up to \$600,000 for the 2019 biennium from the loan loss reserve account of the private loan program established in 85-1-603 for the purchase of prior
 11 liens on property held as loan security as provided in 85-1-615.

12 During the 2019 biennium, up to \$1 million of funds currently in or to be deposited in the Broadwater replacement and renewal account is appropriated to the department for repairing
 13 or replacing equipment at the Broadwater hydropower facility.

14 During the 2019 biennium, up to \$100,000 of interest earned on the Broadwater water users account is appropriated to the department for the purpose of repair, improvement, or
 15 rehabilitation of the Broadwater-Missouri diversion project.

16 During the 2019 biennium, up to \$500,000 of funds currently in or to be deposited in the state project hydropower earnings account is appropriated for the purpose of repairing,
 17 improving, or rehabilitating department state water projects.

18 During the 2019 biennium, up to \$1 million of funds currently in or to be deposited in the contract timber harvest account is appropriated to the department for contract harvesting, a
 19 tool to improve forest health and generate revenue for trust beneficiaries.

20 The Water Resources Division Additional Personal Services Water Right Filing Fees appropriation is conditional upon additional personal services being needed for water rights
 21 processing.

22 As provided in section 7(2), Chapter 416, Laws of 2017, if sufficient federal funds are not received by the department for aquatic invasive species response, then the state special
 23 revenue appropriation for aquatic invasive species response may be increased and the federal special revenue decreased by like amounts.

24 As provided in section 14, Chapter 416, Laws of 2017, the general fund appropriation for Water Resources Division was reduced by \$200,000 in the fiscal year beginning July 1, 2017,
 25 and \$200,000 in the fiscal year beginning July 1, 2018. This reduction is intended to apply to the funding for the operation of the Montana reserved water rights compact commission.

12 All appropriations for Probation and Parole Division and the Secure Custody Facility are biennial.

13 Director's Office Contingent Funding may be expended in fiscal year 2018 only after the budget director certifies that the department has implemented the use of the risk and needs
 14 assessments for all individuals under department supervision and that county jail holds are at a level of 250 or less as of January 1, 2018. Director's Office Contingent Funding may be expended
 15 in fiscal year 2019 only after the budget director certifies that the department has implemented the Montana incentive and intervention grid and the department has provided data to the budget
 16 director demonstrating the department has used the least restrictive and most appropriate sanctions to manage the offender population and that county jail holds are maintained at a level of
 17 250 or less as of January 1, 2019.

18 Reduce County Jail Holds - Community Placements is restricted to placing offenders in community facilities and programs including but not limited to: sanction/hold beds, transitional
 19 living program slots, enhanced supervision program slots, relapse intervention beds, chemical dependency treatment beds and other alternatives. The department shall report on the placement
 20 of inmates, including county jail holds and community corrections placements that would have otherwise been county jail holds, to the legislative finance committee no less than twice during
 21 the 2019 biennium and upon request.

22 It is the intent of the legislature that Presentence Investigations focus priority to reduce the backlog of presentence investigations and then maintain the backlog level within statutory
 23 time frames.

24 Secure Custody Facilities includes funding to house inmates in county jails. It is the intent of the legislature that the department of corrections pay no more than \$69 per day to house
 25 inmates in county jails. It is further intended by the legislature that the department house no more than 250 inmates in county jails by January 1, 2018, unless the budget director and the director
 26 of the department of corrections jointly determine a need to house more than 250 inmates in county jails due to safety concerns. Further, it is the intent of the legislature that the department
 27 use these funds to house inmates in state-owned facilities to the maximum extent possible before housing them in contracted secure custody beds.
