

ALCOHOL TAXES

LEGISLATOR NOTICE

The Legislative Services Division is required to offer a brief history on the subject matter of a bill draft request prior to drafting. (5-4-105, MCA; [Chapter 309, Laws of 2017](#)) The history must include related legislation introduced over the last five sessions and hyperlinks to the bill, hearing information, and fiscal notes. The links below open to the introduced bill. The other information is available by selecting the Additional Bill Links hyperlink at the top of the bill and then the link “Status of this Bill.”

Legislation can be complex and this history is not intended to be exhaustive. Please contact the drafter of the requested bill for more information.

Background Materials and Research

Topic Summary: Alcohol taxes are contained mostly in [Title 16, chapter 1, part 4](#) and vary for liquor, beer, and wine.

Liquor Taxes

Liquor is subject to an excise tax and a license tax. The [liquor excise tax](#) rate is a percentage of the retail sales price of all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed the liquor. The tax rate is based on nationwide production as shown in the table below. The liquor excise tax is deposited in the general fund.

Nationwide Production	Excise Tax Rate
Less than 20,000 proof gallons	3%
20,000 to 50,000 proof gallons	8%
50,001 to 200,000 proof gallons	13.8%
Over 200,000 proof gallons	16%

The [liquor license tax](#) is a percentage of the retail sales price and is based on nationwide sales as shown in the following table.

ALCOHOL TAXES

Nationwide Sales	License Tax Rate
Not more than 50,000 proof gallons	2%
50,001 to 200,000 proof gallons	8.6%
More than 200,000 proof gallons	10%

Liquor license tax revenue is deposited as follows:

- 34.5% in the state general fund; and
- 65.5% in the state special revenue fund to the credit of the Department of Public Health and Human Services for the treatment, rehabilitation, and prevention of alcoholism and chemical dependency.

Beer Taxes

The [tax on beer](#) is based on the total number of 31-gallon barrels of beer produced by a brewer in a year as shown in the table below.

Barrels Produced	Tax Per Barrel
Up to 5,000 barrels	\$1.30
5,001 barrels to 10,000 barrels	\$2.30
More than 10,000 barrels	\$4.30

Beer tax revenue is deposited as follows:

- 23.26% in the state special revenue fund to the credit of the Department of Public Health and Human Services for the treatment, rehabilitation, and prevention of alcoholism and chemical dependency; and
- the remainder in the state general fund.

Wine Taxes

Sacramental [wine](#) and table wine are taxed at 27 cents per liter and [hard cider](#) is taxed at 3.7 cents per liter. Sixty-nine percent of the revenue is deposited in the state general fund and 31% of the revenue is deposited in the state special revenue fund to the credit of the Department of Public Health and Human Services for the treatment, rehabilitation, and prevention of alcoholism and chemical dependency.

There is an [additional tax](#) of 1 cent per liter on table wine sold by a distributor to an agency liquor store. The revenue is deposited in the state general fund.
