Legislative Council Committee,

The Economic Affairs Interim Committee is requesting additional funds for the committee to create a sub-committee to further monitor the implementation of House Bill 701 and the legalization of adult-use marijuana. An additional \$10,000 will allow for the creation of a four-member subcommittee to conduct additional in-dept testimony, tour testing facilities and procedures, and use its specialization to ensure the successful implementation of the legislation. A smooth and successful implementation of HB 701 will reduce inefficiencies thus allowing our communities and businesses a safe and secure transition. Thank you for your consideration in providing for a more successful implementation of adult-use marijuana.

Kenneth Bogner
