FINANCIAL-COMPLIANCE AUDITS

Financial-compliance audits are conducted by the Legislative Audit Division to determine if an agency's financial operations are properly conducted, the financial reports are presented fairly, and the agency has complied with applicable laws and regulations. In performing the audit work, the audit staff uses standards set forth by the American Institute of Certified Public Accountants and the United States Government Accountability Office. Financial-compliance audit staff members hold degrees with an emphasis in accounting and many staff members hold Certified Public Accountant (CPA) certificates.

The Single Audit Act Amendments of 1996 and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards require the auditor to issue certain financial, internal control, and compliance reports in addition to those reports required by *Government Auditing Standards*. This individual agency audit report is not intended to comply with these reporting requirements and is therefore not intended for distribution to federal grantor agencies. The Legislative Audit Division issues a statewide biennial Single Audit Report which complies with the above reporting requirements. The Single Audit Report for the two fiscal years ended June 30, 2019, was issued March 30, 2020. The Single Audit Report for the two fiscal years ended June 31, 2022.

The Legislative Audit Committee of the Montana State Legislature:

This is our financial-compliance audit report on the Department of Justice for the two fiscal years ended June 30, 2020. Included in this report are two recommendations related to collecting fees commensurate with costs in its Agency Legal Services Internal Service Fund and accrual of expenditures in its Custodial Fund.

The department's written response to the audit recommendations is included in the audit report on page C-1. We thank the Attorney General and department staff for their cooperation and assistance throughout the audit.

Respectfully submitted,

ls/ Angus Maciver

THE STATE OF MO

FINANCIAL-COMPLIANCE AUDIT

MONTANA LEGISLATIVE AUDIT DIVISION

20 - 18

Department of Justice For the Two Fiscal Years Ended June 30, 2020

BACKGROUND

The Department of Justice (department), led by the Attorney General, is Montana's leading legal and law enforcement agency. Department lawyers defend the state of Montana in court and bring suit on parties who have wronged the state or its people through its Office of Consumer Protection and Natural Resources Damages Program. The department provides investigation and forensic services to county and local law enforcement, administers the Highway Patrol, motor vehicle titling and registration, and provides regulation of electronic gambling.

The department operates with eight divisions. These are Legal Services Division, Division of Criminal Investigation, Forensic Services Division, Montana Highway Patrol, Motor Vehicle Division, Gambling Control Division, Information Technology Division, and Central Services Division.

Attorney General and Department Director: Austin Knudsen In fiscal year 2020 the Department of Justice collected \$112.5 million in motor vehicle license and permit revenue and \$57.5 million in electronic gambling taxes for the general fund. These sources comprised 94.7 percent of the \$179.5 million of revenue recorded by the department in the general fund in fiscal 2020. The department expended \$40.4 million from the general fund and \$123.3 million from the state special revenue fund in fiscal year 2020. This report contains two recommendations to the department for improving compliance with state law and accounting standards.

AUDITOR'S OPINIONS (page A-1): UNMODIFIED

We found the department's financial schedules and note disclosures presented fairly the activity of the department in all material respects and issued unmodified opinions. This means a reader can rely on the information presented and the underlying financial records.

For the full context of the department's financial activity, see the financial schedules and notes beginning on page A-4.

RECOMMENDATIONS:

In this report, we issued the following recommendations: To the department: 2 To the legislature: 0

In this report, we determined the implementation status of recommendations in the prior audit: Fully Implemented: 1 Partially Implemented: 0 Not Implemented: 0

RECOMMENDATION **#1** (page 5): *State Compliance*

The department needs to seek an increase in fees and/or decrease expenses to maintain sufficient working capital in its Agency Legal Services Internal Service Fund and comply with the state law requirement to charge fees commensurate with costs.

Department response: Concur

For the full report or more information, contact the Legislative Audit Division.

leg.mt.gov/lad

Email LADHotline@mt.gov

Call (Statewide) (800) 222-4446 or (Helena) (406) 444-4446

Text (704) 430-3930

RECOMMENDATION **#2** (page 6): *State Compliance*

The department collects vehicle fees and taxes for counties and vanity license plate fees for nonprofits. To comply with generally accepted accounting principles and state law, the department needs to record a liability and accrue expenses in the Custodial Fund for the amounts collected but not yet dispersed to counties and nonprofits.

Department response: Concur

REPORT ON INTERNAL CONTROL AND COMPLIANCE (page B-1):

In this report, we identified the following: Material Weaknesses in Internal Control: 0 Significant Deficiencies in Internal Control: 0 Material Non-Compliance: 0 Other Matters: 0

For the full context of this information, including the distinction between the types of items reported, see the report beginning on page B-1.

Chapter I – Introduction

Introduction

We performed a financial-compliance audit of the Department of Justice (department) for the two fiscal years ended June 30, 2020. The objectives of the audit were to:

- 1. Determine whether the department's financial schedules present fairly the results of operations for each of the fiscal years ended June 30, 2020, and 2019, and property held in trust for the fiscal year ended June 30, 2019.
- 2. Obtain an understanding of the department's control systems to the extent necessary to support our audit of the department's financial schedules and, if appropriate, make recommendations for improvement in the management and internal controls of the department.
- 3. Determine whether the department complied with selected state and federal laws and regulations.
- 4. Determine the implementation status of prior audit recommendations.

The significant sources of revenue for the department include motor vehicle licenses and permits and tax revenue from gambling operations, both major sources of general fund revenue. Personal services costs and operating expenditures comprise the bulk of the expenditures. Our audit effort focused on auditing these activities. Audit procedures included control testing, testing transactions processed on the state accounting system, sampling, and analytical procedures. We also tested compliance with provisions of selected laws governing the operations of the department.

In accordance with \$17-8-101(6), MCA, we reviewed the fees charged and the fund equity balances of the department's internal service fund. We discussed the results of this testing on page 5.

Background

The Attorney General, who is elected to serve a four-year term, heads the department. The department's primary functions include providing effective statewide law enforcement, furnishing legal services on behalf of the state, and improving public safety. The department had 790.91 authorized full-time equivalent (FTE) employees in fiscal year 2020. The following section describes the divisions that are presented on the Schedules of Expenditures & Transfers Out.

Department Divisions

Legal Services (77.5 FTE) provides legal research and analysis for the Attorney General; legal counsel for state government and state officials, bureaus, and boards; legal assistance to local governments; legal assistance, training, and support for county

prosecutors; assistance through the offices of Consumer Protection and Victim Services Bureau; and legal advice and support for all state agencies through the Agency Legal Services Bureau.

The Natural Resource Damage Program prepares natural resource damage assessments and lawsuits to recover damages to natural resources caused by release of hazardous substances and develops and implements restoration plans that guide the expenditure of settlement proceeds on restorations projects.

Gambling Control (45.99 FTE) licenses and regulates gambling activities and enforces gambling laws in the state of Montana. The division collects license fees, gambling taxes, and investigates applications and complaints relating to alcoholic beverage licensing.

Motor Vehicle (152.25 FTE) licenses individual and commercial drivers, administers all driver license records, and issues motor vehicle registrations and titles. The Motor Vehicle Division includes the Title and Registration Bureau and driver licensing offices located statewide.

Montana Highway Patrol (306.09 FTE) enforces commercial vehicle regulations and general traffic laws, investigates accidents and auto thefts, inspects vehicles, provides motorist assistance, and administers a drug interdiction program with a K-9 unit.

Criminal Investigation (108.99 FTE) includes the administration, management, and coordination of criminal investigative services, and training performed by the Investigations Bureau, the Narcotics Bureau, the Children's Justice Center, and the Law Enforcement Academy Bureau. The division maintains Montana's Sexual or Violent Offender Registry, the state reporting of criminal records and fingerprint information, and Montana's Criminal Justice Information Network. The division's Public Safety Officer Standards and Training Council is composed of 13 members appointed by the Governor and is responsible for establishing basic and advanced qualification and training standards for employment of Montana's public safety officers.

Central Services (18.49 FTE) provides centralized accounting, administrative, budgetary, human resources, payroll, and fiscal support for the department.

Information Technology Service (39.30 FTE) provides a full range of services for the department and the criminal justice community. The division maintains several statewide criminal justice systems, including the state criminal history records system and the state criminal justice information network, that link law enforcement agencies in Montana with various state, regional, and national systems, including the Montana Enhanced Registration and Licensing Information Network and the Driver Control System.

Forensic Services (42.30 FTE) performs scientific analyses of evidence submitted by law enforcement officials, coroners and state agencies. The division promotes forensic science training, scientific criminal investigations, and manages a statewide system of death investigations.

Prior Audit Recommendations

Our office performed the department's financial-compliance audit for the two fiscal years ended June 30, 2018. This report included one recommendation to the department. We recommended the department reduce the charge for services until the cash balance in the cigarette fire safety account complies with the limitation in state law. The department implemented this recommendation.

Chapter II – Findings and Recommendations

Agency Legal Services Fees

The Agency Legal Services Internal Service Fund fees did not generate revenue commensurate with costs during fiscal years 2019 and 2020.

In accordance with §17-8-101(6), MCA, we reviewed fees charged and fund equity balances in the department's Agency Legal Services Internal Service Fund to determine whether fees were commensurate with costs and fund balance was reasonable. In our analysis, we generally considered fees to be reasonable and commensurate with costs if a fund's working capital was positive and did not exceed 60 days of expense activity for the fund.

State accounting policy defines working capital as the amount of cash that would remain if all the current assets were converted, and all the current liabilities paid, at their book value. We consider fund equity to be reasonable if, once adjusted for non-cash liabilities for pension and other post employment benefits and noncurrent liabilities, the fund equity balance not associated with capitalized assets was positive and did not exceed 60 days of working capital.

We reviewed the Internal Service Fund account for Agency Legal Services. The current assets of \$164,874 and \$9,598 for fiscal years 2019 and 2020, respectively, are less than the current liabilities of \$168,620 and \$180,051, for fiscal years 2019 and 2020, respectively. This trend for the two fiscal years resulted in the fund's working capital being negative \$179,453 and the fund having a zero cash balance for fiscal year 2020. Thus, for years 2019 and 2020, fees are not commensurate with costs and related fund balances are not reasonable.

Department personnel attributed the revenue imbalance to static hourly fees that had not changed for six years even though salaries and operating expenses increased and a drop in billings caused by staff being on extended leave, other staff using their leave balances to lower excess leave balances, and staff affected by COVID.

RECOMMENDATION #1

We recommend the Department of Justice comply with state law by increasing revenue and/or decreasing expense as necessary to maintain fees commensurate with costs in its Agency Legal Services Fund.

Custodial Fund Liabilities and Expenses

In fiscal year 2020, the state of Montana implemented Governmental Accounting Standards Board (GASB) Statement No. 84–Fiduciary Activities. The department did not record expenses and liabilities in its Custodial Fund as required by GASB Statement No. 84.

Section 17-1-102, MCA, requires the department to record its financial activity in accordance with Generally Accepted Accounting Principles, which includes GASB Statement No. 84. This standard governs how the department records activity in its Justice County Collection Custodial Fund associated with vehicle fees and taxes collected for the counties and with vanity plate fees collected for nonprofits. Under the standard, the department is required to report a liability for the amounts collected, but not yet remitted, to the counties and nonprofits at fiscal year-end.

At fiscal year-end 2020, the department did not record a liability and corresponding expense in the Justice County Collection Custodial Fund. As a result, expenses and accrued liabilities in the fund were understated by \$1,971,397 and Fund Equity was overstated by \$1,971,397 at fiscal year-end 2020.

Department personnel said they were not aware of the requirement in the standard to record a liability and expense when there is cash on hand at fiscal year-end even if there is no requirement to distribute cash at that time.

Recommendation #2

We recommend the Department of Justice record liabilities in its Custodial Fund when a valid obligation exists.

Independent Auditor's Report and Department Financial Schedules

LEGISLATIVE AUDIT DIVISION

Angus Maciver, Legislative Auditor Deborah F. Butler, Legal Counsel

Deputy Legislative Auditors: Cindy Jorgenson William Soller

Independent Auditor's Report

The Legislative Audit Committee of the Montana State Legislature:

Introduction

We have audited the accompanying Schedule of Changes in Fund Equity, Schedule of Total Revenues & Transfers-In, and Schedule of Total Expenditures & Transfers-Out for the fiscal year ended June 30, 2020, and the Schedule of Changes in Fund Equity & Property Held in Trust, Schedule of Total Revenues & Transfers-In, and Schedule of Total Expenditures and Transfers-Out for the fiscal year ended June 30, 2019, for the Department of Justice, and the related notes to the financial schedules.

Management's Responsibility for the Financial Schedules

Management is responsible for the preparation and fair presentation of these financial schedules in accordance with the regulatory format prescribed by the Legislative Audit Committee, based on the transactions posted to the state's accounting system without adjustment; this responsibility includes recording transactions in accordance with state accounting policy; and designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of the financial schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial schedules based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial schedules. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial schedules, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the department's preparation and fair presentation of the financial schedules in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the department's internal control, and accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinions on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial schedules are prepared from the transactions posted to the state's primary accounting system without adjustment, in the regulatory format prescribed by the Legislative Audit Committee. This is a basis of accounting other than accounting principles generally accepted in the United States of America. The financial schedules are not intended to, and do not, report assets, deferred outflows of resources, liabilities, deferred inflows of resources, and cash flows.

The effects on the financial schedules of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinions on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinions on U.S. Generally Accepted Accounting Principles" paragraph, the financial schedules referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the department as of June 30, 2020, and June 30, 2019, or changes in financial position or cash flows for the years then ended.

Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the Schedule of Changes in Fund Equity, Schedule of Total Revenues & Transfers-In, and Schedule of Total Expenditures & Transfers-Out for the fiscal year ended June 30, 2020, and the Schedule of Changes in Fund Equity & Property Held In Trust, Schedule of Total Revenues & Transfers-In, and Schedule of Total Expenditures & Transfers-Out for the fiscal year ended June 30, 2019, present fairly, in all material respects, the results of operations and changes in fund equity and property held in trust of the Department of Justice for each of the fiscal years ended June 30, 2020, and 2019, in conformity with the basis of accounting described in Note 1.

Emphasis of Matter

As discussed in Note 1 – Basis of Presentation, the financial schedule format was adopted by the Legislative Audit Committee. On June 16, 2020, the Committee approved a change in format to remove the presentation of revenue estimates from the Schedule of Total Revenues & Transfers-In. Our opinion is not modified with respect to this matter.

In fiscal year 2020, the state adopted *Governmental Accounting Standards Board Statement 84–Fiduciary Activities.* Implementation of the standard necessitated elimination of property held in trust, and its additions and reductions, on the Schedule of Changes in Fund Equity. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2021, on our consideration of the Department of Justice's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the department's internal control over financial reporting and compliance.

Respectfully submitted,

ls/ Cindy Jorgenson

Cindy Jorgenson, CPA Deputy Legislative Auditor Helena, MT

A-10

Department of Justice Notes to the Financial Schedules For the Two Fiscal Years Ended June 30, 2020

1. Summary of Significant Accounting Policies

Basis of Accounting

The Department uses the modified accrual basis of accounting, as defined by state accounting policy, for its Governmental fund category (General, State Special Revenue, Federal Special Revenue, and Capital Projects). In applying the modified accrual basis, the Department records:

- Revenues when it receives cash or when receipts are realizable, measurable, earned, and available to pay current period liabilities.
- Expenditures for valid obligations when the Department incurs the related liability and it is measurable, with the exception of the cost of employees' annual and sick leave. State accounting policy requires the Department to record the cost of employees' annual and sick leave when used or paid.

The Department uses accrual basis accounting for its Proprietary (Enterprise and Internal Service) and Fiduciary (Agency) fund categories. Under the accrual basis, as defined by state accounting policy, the Department records revenues in the accounting period when realizable, measurable, and earned, and records expenses in the period incurred when measurable.

Expenditures and expenses may include: entire budgeted service contracts even though the Department receives the services in a subsequent fiscal year; goods ordered with a purchase order before fiscal year-end, but not received as of fiscal year-end; and equipment ordered with a purchase order before fiscal year-end.

Basis of Presentation

The financial schedule format was adopted by the Legislative Audit Committee. The financial schedules are prepared from the transactions posted to the state's accounting system without adjustment. On June 16, 2020, the Legislative Audit Committee adopted a change in the format of the Schedule of Total Revenues and Transfers-In which excludes the reporting of revenue estimate information. This change applies to schedules for the fiscal year ended June 30, 2020 and schedules for the fiscal year ended June 30, 2020 schedules.

The Department uses the following funds:

Governmental Fund Category

- **General Fund** to account for all financial resources except those required to be accounted for in another fund.
- State Special Revenue Fund to account for proceeds of specific revenue sources (other than private-purpose trusts or major capital projects) that are legally restricted to expenditures for specific state program purposes. Department State Special Revenue Funds include Highway Patrol operations, collections of gambling license revenues, Montana Law Enforcement Academy operations, Natural Resources Damage Litigation Program, Consumer Protection, Criminal Justice Information Network, Crime Victims Compensation, Criminal Records Information Systems, Forensic Sciences Division, and the Motor Vehicle Information Technology System.
- **Federal Special Revenue Fund** to account for activities funded from federal revenue sources. Department Federal Special Revenue Funds include:

Agreement Type	Program Name
Federal Award	24/7 Sobriety Program Coordinator
Federal Award	Breath Alcohol Analysis Instrumentation
Federal Award	Commercial Driver's License Audit Software
Federal Award	Commercial Driver's License Help Desk Improvement
Federal Award	Community Awareness Project
Federal Award	COPS Anti-Methamphetamine Program (CAMP)
Federal Award	Paul Coverdell Forensic Sciences Improvement
Federal Award	Crime Victim Benefits Compensation
Federal Award	Digital Access Exchange
Federal Award	DNA Backlog Reduction Program
Federal Award	Domestic Violence Fatality Review Commission
Federal Award	Eastern Montana Drug Task Force
Federal Award	High Intensity Drug Trafficking Areas
Federal Award	Internet Crimes Against Children Task Force
Federal Award	Intervention, Networks, Training, Enforcement, Response, and Collaborative Efforts Develop Effectiveness (INTERCEDE)
Federal Award	Medical Examiner Office Accreditation
Federal Award	MHP Communication Planning
Federal Award	Montana Analysis and Technical Information Center
Federal Award	Montana Sexual Assault Forensic Evidence - Inventory, Tracking and Reporting Program
Federal Award	National Criminal History Improvement Program
Federal Award	Office of the Child and Family Ombudsman
Federal Award	Passport Verification
Federal Award	Selective Traffic Enforcement Programs
Federal Award	Sex Offender Registration and Notification Act Reallocation Funds
Federal Award	Sexual Assault Kit Initiative
Federal Award	SMART Adam Walsh Act Implementation
Federal Award	Southwest Montana Drug Task Force
Federal Award	Special Traffic Safety Enforcement Team
Federal Award	State Medicaid Fraud Control Units
Federal Award	Traffic Safety Resource Officer
Federal Award	Traffic Safety Resource Prosecutor
Federal Award	Web Based Crash Trainer
Federal Contract	Alcohol, Tobacco, Firearms and Explosives Task Force Overtime
Federal Contract	Big Sky Safe Streets Task Force Overtime
Federal Contract	DEA Drug Diversion Task Force Overtime
Federal Contract	DEA Task Force Overtime
Federal Contract	Federal Forfeitures
Federal Contract	Flathead County High Intensity Drug Trafficking Areas Overtime
Federal Contract	Homeland Security Overtime
Federal Contract	Organized Crime Drug Enforcement Task Force
Federal Contract	US Marshall Overtime
State MOU	DPHHS MOU - Child Protection Prosecution
State MOU	DPHHS MOU - Criminal Forensic Interview Training

• **Capital Projects Fund** – to account for financial resources used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds or trust funds. The Department uses this fund to account for the costs related to developing the information technology system related to the production and maintenance of MERLIN.

Proprietary Fund Category

- Internal Service Fund to account for the financing of goods or services provided by one department or agency to other departments or agencies of state government or to other governmental entities on a cost-reimbursement basis. Department Internal Service Fund includes Agency Legal Services, which provides legal services to other state agencies.
- Enterprise Fund to account for operations (a) financed and operated in a manner similar to private business enterprises, where the Legislature intends that the Department finance or recover costs primarily through user charges; (b) where the Legislature has decided that periodic determination of revenues earned, expenses incurred or net income is appropriate; (c) where the activity is financed solely by a pledge of the net revenues from fees and charges of the activity; or (d) when laws or regulations require that the activities' cost of providing services, including capital costs, be recovered with fees and charges rather than with taxes or similar revenues. Department Enterprise Funds include MVD state information portal, MVD electronic commerce, and the Liquor License, which is used to fund part of the Gambling Divisions operations and administered by the Department of Revenue.

Fiduciary Fund Category

• Agency Fund/ Custodial Fund- to account for resources held by the state in a custodial capacity. FY19's Schedule of Changes in Fund Equity and Property Held In Trust list the Agency Fund as "Agency Fund," whereas the name changed on the FY20 Schedule of Changes in Fund Equity, to "Custodial Fund." In FY19, the Agency Fund accounting stated that Agency Funds must have a zero balance at fiscal year-end. GASB 84 changed this in FY20. The Custodial Fund may have a balance at fiscal year-end. In addition, GASB 84 removed the need to list the references to the property held in trust.

Department Agency/Custodial Funds include activity for county and sponsored organization license plate fee collections, and monies seized and held pending court case decisions.

2. General Fund Equity Balance

The Department has authority to pay obligations from the statewide General Fund within its appropriation limits. The Department's total assets placed in the fund exceed outstanding liabilities, resulting in positive ending General Fund equity balances for each of the fiscal years ended June 30, 2019, and June 30, 2020. These balances reflect the results of the activity of the Department and not the fund equity balance of the statewide General Fund.

3. Direct Entries to Fund Equity

Direct entries to fund equity in the General, Special Revenue, and Enterprise funds include entries generated by SABHRS to reflect the flow of resources within individual funds shared by separate agencies.

4. Transfers

The Department transferred \$4,353,000 to the State General Fund, from the Office of Consumer Protection's State Special Revenue Fund, on June 18, 2019, per HB684, Section 19.

The Department transferred \$2,125,460.19 to the State General Fund, from the Motor Vehicle Division's State Special Revenue Fund, on August 26, 2019, per MCA 61-3-321.

5. <u>Settlements</u>

The Department received a settlement on February 21, 2019, as a result of the State of Montana, ex rel. Tim Fox, Attorney General vs. Johnson & Johnson, et al case in the amount of \$1,358,575.13. The settlement was the result of an investigation into unfair and deceptive marketing by Johnson & Johnson, which minimized and failed to disclose risks associated with its metal-on-metal hip implants. The amount was deposited into a state special revenue fund for the Office of Consumer Protection, Legal Services Division.

The Department received a settlement on March 15, 2019, as a result of a Confidential Multistate Settlement Judgment with Wells Fargo, in the amount of \$2,779,651.69. The settlement resolved an investigation into unfair and deceptive practices related to several areas of Wells Fargo business, including sales practices related to consumer and small business accounts, sales practices related to renters and term-life insurance products, collateral protection insurance policies, GAP products, and mortgage interest rate-lock extension fees. The amount was deposited into a state special revenue fund for the Office of Consumer Protection, Legal Services Division.

The Department received a settlement on September 24, 2019, as a result of the State of Montana, ex rel. Tim Fox, Attorney General vs. Equifax case in the amount of \$1 million. The settlement with Equifax was the result of an investigation into its 2017 data breach affecting over 147 million Americans, which included 380,441 Montanans. The amount was deposited into a state special revenue fund for the Office of Consumer Protection, Legal Services Division.

The Department received a settlement on November 8, 2019, as a result of the State of Montana, ex rel. Tim Fox, Attorney General vs. Johnson & Johnson case in the amount of \$1,460,022.66. The settlement was a result of an investigation concerning their deceptive marketing of transvaginal surgical mesh devices by misrepresenting the safety and effectives of the devices and failing to sufficiently disclose risks associated with their use. The amount was deposited into a state special revenue fund for the Office of Consumer Protection, Legal Services Division.

6. Subsequent Events

Per 61-3-321 MCA, on August 18, 2020, the Department transferred \$1,119,549.50 to the State General Fund, from the Motor Vehicle Division's State Special Revenue Fund.

The Department received a settlement on September 3, 2020 as a result of the State of Montana, ex rel. Tim Fox, Attorney General vs. Honda Motor Company, Inc., and Honda of America Mfg., Inc., in the amount of \$974,966.88. The settlement was a result of an investigation and subsequent Complaint and Consent Judgement over allegations Honda concealed safety issues related to defects in the frontal airbag systems installed in certain Honda and Acura vehicles sold in the United States. The systems were designed and manufactured by Takata Corporation, a long-time Honda supplier, and were first installed in Honda vehicles in the 2001 model year. The amount was deposited into a state special revenue fund for the Office of Consumer Protection, Legal Services Division.

Per 30-14-143 MCA, on December 11, 2020, the Department transferred \$2,138,000 to the State General Fund, from the Office of Consumer Protection's State Special Revenue Fund.

The Department received a portion of the first partial settlement payment for Montana v. Philip Morris et al. (case). on December 17, 2020, in the amount of \$5,397,194.02. The case alleged a decade-plus, wrongful withholding of a portion of the State's annual payment under the tobacco Master Settlement Agreement (MSA) under breach of contract, the False Claims Act, breach of the covenant of good faith and fair dealing and other theories. The case settled by consent decree in the Montana First Judicial District Court. The first partial settlement payment replaced funds wrongfully withheld under the MSA. Funds were distributed per the Montana Constitution and MCA including an 11 percent distribution (\$5,397,194.02) to the State General Fund per e.g., § 53-4-1011 MCA. No amount of the first settlement payment is for the Department's use.

The Department received the second and final settlement payment for Montana v. Philip Morris et al. on December 24, 2020, in the amount of \$4,445,330.56. The amount was deposited into the State General Fund and is not for the Department's use per e.g., \$17-8-410 MCA.

Report on Internal Control and Compliance

LEGISLATIVE AUDIT DIVISION

Angus Maciver, Legislative Auditor Deborah F. Butler, Legal Counsel

Deputy Legislative Auditors: Cindy Jorgenson William Soller

<u>Report on Internal Control Over Financial Reporting</u> <u>and on Compliance and Other Matters Based on an Audit</u> <u>of Financial Schedules Performed in Accordance With</u> <u>Government Auditing Standards</u>

The Legislative Audit Committee of the Montana State Legislature:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Schedule of Changes in Fund Equity, Schedule of Total Revenues & Transfers-In, and Schedule of Total Expenditures & Transfers-Out of the Department of Justice for the fiscal year ended June 30, 2020, and the Schedule of Changes in Fund Equity & Property Held in Trust, Schedule of Total Revenues & Transfers-In, and Schedule of Total Expenditures & Transfers-Out of the Department of Justice for the fiscal year ended June 30, 2020, and the fiscal year ended June 30, 2019, and the related notes to the financial schedules, and have issued our report thereon dated January 12, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial schedules, we considered the department's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial schedules, but not for the purpose of expressing an opinion on the effectiveness of the department's internal control. Accordingly, we do not express an opinion on the effectiveness of the department's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial schedules will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal controls was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the department's financial schedules are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination on financial schedule amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the department's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the department's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

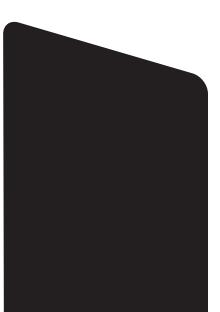

Respectfully submitted,

Isl Cindy Jorgenson

Department Response

DEPARTMENT OF JUSTICE

AUSTIN KNUDSEN

STATE OF MONTANA

March 16, 2021

Angus Maciver, Legislative Auditor Legislative Audit Division Room 160, State Capitol PO Box 201705 Helena MT 59620-1705

RECEIVED MAR 1 7 2021 LEGISLATIVE AUDIT DIV.

Dear Mr. Maciver:

The Department of Justice thanks you and your audit team for the professionalism displayed while conducting this financial compliance audit. The audit provides valuable and timely information for us to evaluate our programs and accounting processes.

Please accept the following as my response to the audit recommendation and disclosure presented in the report for the two fiscal years ended June 30, 2020.

Recommendation #1

We recommend the Department of Justice comply with state law by increasing revenue and/or decreasing expense as necessary to maintain fees commensurate with costs in its Agency Legal Services Fund.

Concur. In Fiscal Year 2018, Agency Legal Services ended the fiscal year with a cash reserve of \$210,007.53, which was just below the 60-day operating reserve. In Fiscal Year 2019, ALS ended the fiscal year with a cash reserve of \$164,874.13. It became apparent that ALS was having difficulty billing and collecting fees sufficient to cover operating costs and sustain a 60-day operating reserve. In Fiscal Year 2020, the AG's Office engaged a third party to do a business assessment of ALS. It was determined that a substantial increase in the fees charged by ALS was needed. In July 2020, the Department of Justice submitted an EPP request for the 2021 legislature to increase the fees charged by ALS from \$106/hour for attorneys to \$121/hour, and from \$62/hour for paralegals to \$71/hour.

AUSTIN KNUDSEN

STATE OF MONTANA

Recommendation #2

We recommend the Department of Justice record liabilities in its Custodial Fund when a valid obligation exists.

Concur. The Department will work with DOA State Accounting and the Motor Vehicle Division to determine if any payments can be accrued in fund 07135.

An accrual for FY20 cannot be made as any payments that could have been accrued were paid out in July of FY21. Payments made in July were made as program year 2021 payments. An adjusting journal was completed February 2, 2021, to move the July payments in the amount of \$1,525,531 from program year 2021 to program year 2020.

Respectfully,

Austin Knudsen, Attorney General

DEPARTMENT OF JUSTICE
