Subject: senate redistricting

Please add our names as OPPOSED to being in a Senate district with Silver Bow county . The suggestion that Jefferson county be Combined with Broadwater county seems to us the best option . Tom & Nancy Rice 9 1st W St Whitehall, MT

November 28, 2012

P.O. Box 201706
Helena, MT 59620-1706

Dear Commissioners,

As a Jefferson County resident I support the combining House District 74 (Broadwater County) and House District 75 (Jefferson County) into a Senate District.

The advantage of this association is the similar county rural demographics, strong agriculture industry base, similar existing mining operations that transport ore from Broadwater County to the Golden Sunlight Mine in Jefferson County, Jefferson River Watershed joint interests and the large shared border between the two counties. The large Elkhorn Wildlife Management Unit also encompasses both counties and involves a working group involving BLM, Forest Service, FWP and the two counties who work land and resource management issues.

The Jefferson and Broadwater County Commissions support this affiliation and several public meetings throughout Jefferson County have indicated the desire to establish a Senate District matching the rural counties.

Sincerely,

Tom Harrington

districting@mt.gov FAX 406-444-3036

Dear Commissioners,

As a resident of Jefferson County or Broadwater County, I would ask that you combine House District 74 (Broadwater County) and House District 75 (Jefferson County) into one Senate District.

Both Counties are similar in size, the basic industry is agriculture, and both share concerns about rapid growth. Broadwater County could lose its identity if combined with a District from Gallatin County, as could Jefferson County if combined with Butte/Silver Bow or Lewis and Clark Counties.

County Commissioners from both Broadwater and Jefferson Counties have endorsed the idea of combining these two House Districts into one Senate District. Please join them in making this happen.

Thank you for your consideration.

districting@mt.gov FAX 406-444-3036

Dear Commissioners,

As a resident of Jefferson County or Broadwater County, I would ask that you combine House District 74 (Broadwater County) and House District 75 (Jefferson County) into one Senate District.

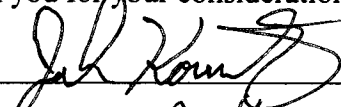

Both Counties are similar in size, the basic industry is agriculture, and both share concerns about rapid growth. Broadwater County could lose its identity if combined with a District from Gallatin County, as could Jefferson County if combined with Butte/Silver Bow or Lewis and Clark Counties.

County Commissioners from both Broadwater and Jefferson Counties have endorsed the idea of combining these two House Districts into one Senate District. Please join them in making this happen.

Thank you for your consideration.
