## Five Important Questions

1.) The Board says they never add any conditions of release at your reviews is this true please comment? Answer on Back.

2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment? I was flopped for 8 years and scheduled for a Progress Review. not even a Reappearance. When I asked what would you like me to do prior to my review? A Board member answered: "You're doing a great job. Keep up the good work." No recommendations. Just an eight year flop.

3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes? I was not paroled and my comments on the time it takes to process out would be hearsay.

4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience? Answer on back.

5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment?  
Answer on Back.

1. I was not released and the Board did not indicate any needs. A generic comment was written, "Enter and continue with all recommended treatment." MSP upon Entry indicated Anger ~~Management~~<sup>Management</sup>. I have taken Anger Management twice, C.D., medicine wheel, CPR I, II, III, Three Voluntary Mental Health therapy and half a dozen or so self-help programs as well as (S.T.E.P.s ~~at~~<sup>at</sup> the Board)

4. None of that is true. Pre-parole school walks you through a generic form. But they fail to tell you to bring addresses and phone numbers so almost no one can complete the form. So they take it back to their calls to complete. No mock hearing and no explanation of what will or had happened. The only prep I was given was from a young woman from Probation & Parole office, she told me that I will not get my first and probably not my second but maybe my third parole. With only my charge: Deliberate Homicide, over six (6) years clean conduct and positive work record, she told me they don't give first paroles to murderers.

5. I had two people signed-up to speak on my behalf. They were not informed on the date change of my hearing. If they would not have called to check on parking, they would not ~~later~~ have known about the change and I would not had any one to speak on my behalf. The change caused a schedule problem and only one could make the hearing. The Board showed great interest and respect to the DA and victim's family member who opposed my release. But during my advocates statement they talked amongst themselves and shuffled papers before they finally cut her off when she took a break and turned a page. I felt worse for my friend and ashamed of the Parole Board. They were rude and unprofessional.

you could tell that they had made the decision to flip me for 8 years before I ever walked into the room.

## Five Important Questions

- 1.) The Board says they never add any conditions of release at your reviews is this true please comment?

my conditions were complete CCP, Inmate worker, PRC-release. Then Parole would be considered at Review on 8-20-15

N/A

Process can take 6 months or longer. Applications for PRC, Watch, Nexus ect... Go in a circle from one center to another. If denied the 1st 90 Round you have to wait 120 days to resubmit and still could be denied.

- 4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience?

AT my FIRST hearing on 8-20-13 I.P.P.O.'s at CCC Shelby said nothing. There was no mock hearing prior to me seeing the BOARD. I went to PRC-Parole school and filled out papers requesting what I wanted.

- 5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment?

I can say yes to this question. I was treated with respect.

### Five Important Questions

1.) The Board says they never add any conditions of release at your reviews is this true please comment?

The Board adds all kinds of conditions on everyone. They make it so difficult for anyone to succeed. It's like a set-up for failure. With so many conditions and all the laws we cannot move forward.

2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment?

I was flopped for 3 yrs the last time I was here in CCA Shelby. I completed ITU, Medicine Wheel and Relapse Prevention in a span of 2 yrs back in 07, 08, 09. Then I went to the WATCH program for another 8 months. So basically I discharged 4 yrs.

3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO

treatment how long does it take to get into any of those classes? First question, anywhere from 2 months to 3 yrs. At least another year and a half. Sometimes longer. None of the above are a parole. Each program is still a period of incarceration. Mike Mekec and Pam Burke are total liars.

4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you

have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please

comment on your experience? I went to a pre-release screening committee on 6-20-13 and I was denied pre-release. No reason given. The supposed members were Tim Allred, Daryl Burditt and Mrs. Temple. As soon as I walked in Tim Allred states "I vote no" right off the bat. He sits on the pre-release screening committee for hearings here in Shelby. He is a racist member of the GFPRC and he does not like Native people.

5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are

treated fairly and with respect please comment? I appeared in Nov 19th 2013. My

mom and sister were there. Both Mike Mekec and Colleen M. did not approve of my mom and sister being there. They listened to my mom and sister but didn't really even consider what they said. They gave me a pre-release recommendation which I believe is a set-up between the Board and the pre-release programs. In reality they want all of the pre-releases to deny me so that I will have to sit all my time out. That is why they put "no early consideration". It's true.

### Five Important Questions

1.) The Board says they never add any conditions of release at your reviews is this true please comment?

The board required an up dated Sop report at 3/30/13 denial. I was Sop complete 10/26/12 in the Federal Program.

2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment?

My original hearing was 3/09 I was flopped for 5 years in spite of the board being told I would receive treatment after I had reached the final 36 months of my sentence. This was confirmed to them by my Federal Case Manager MR Call who listened to the hearing while it went on.

3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes? N/A

4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience?

I was sent the Parole handbook in 2009 and 2 photo copies of Policies for Parole. No other information was sent at that time. For my Hearing 3/18/14 parole "School" was conducted in a multi Purpose room here in CCA Shelby. The "school" consisted of 30 minutes or so filling out their information sheet and a couple questions being answered about those questions. My Question about adding my fed information was met with the reply from the MSP Board Guy telling me he knew who I was and my case was something he knew!

5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment? They were polite to me while on the phone but that might have been because MR Call was listening to the hearing held in FCI Milan.

You cannot apply to a pre-release without a Board recommendation.

You must be treatment complete.

There are only two pre-releases that will screen and/or accept you so you need to work on a solid backup plan - place to live and job.

The Board denied my parole application and said I should reappear next March with a new Sop Report. I am very unclear as to what they are asking me to do since my Sop-R Report is only 3 months old and I have only Sop III for the next year.

I don't believe I can satisfy the Board regardless of my own behavior. They cited some of the common reasons for denial in fact they gave me no reason for it. I'm not sure how to proceed.

I reviewed the case disposition on my Parole Review this morning. I received no information on the reason I was denied Parole. I feel the Board needs to review my federal records for the time ~~disposition~~ in the FBOP to assess my risk. I have asked the Unit Manager how I can get these records for the Board.

I would like to have the Board's recommendations on what else I could do to improve my chances of receiving a recommendation for Pre-Release and eventual Parole.

Thank You

Five Important Questions

1.) The Board says they never add any conditions of release at your reviews is this true please comment?

*They have done it every time I have seen them. This last time I was told to do ITU I dont use Drugs or Alcohol it is not cost me*

2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment?

*The board will give you things they know you will not be accepted to year after year.*

3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes?

*If they tell you to do those programs & if you can get accepted to them it takes close to six months to a year.*

4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience?

*This is the first time I heard of this I have been to parole 4 times & have never seen that happen.*

5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment?

*I have been to the board by my self & they have been very disrespectful every time.*

Hi Lasey I sent out a survey a month or so, well Lundy sent it out with a few others do you might have it already if not here is another one. There is a lot going on with my situation, the 2nd time I seen the board I was told CCP, PRC extended stay, I was denied all PRC I seen the board 5 months later was told to go to TSCC I was denied do to a medical condition. I wrote the board again & they informed me to come see them next year, on 8-23-13 they said request a return upon completion of COF+U. I am not sort ordered or Rec by anyone to do treatment, when I committed my crimes there were no drugs or alcohol involved, I dont do drugs or drink I have never had a dirty UA, so I am not sure why I have to do drug treatment or was told to do

CCP on my last parcel. I just  
don't understand why they want  
me to drug treatments when it  
is not a problem. I am in F+U  
now because it might give me  
a chance to get out but not sure  
I am done with it Dec 20<sup>th</sup>.

Well that is my situation  
if you can help or have any  
advice that would be  
great. I also seen on my case  
disposition paper it says felon's  
Violent offense I don't have any  
of the sort on my Rec  
it's like they were looking, not  
at my paper work, but anyways  
Thank you for  
taking the time to read this.

From Keith Harold #3010424

I was sentenced to 7 years in Montana State Prison with 3 suspended. I have already served 2 years and 10 months on the 7 year sentence. I was ordered on my initial appearance be the Parole Board to go to boot camp. If fail or refuse/denied TSCTC / aftercare no early consideration. I told the parole board that I have Asthma and I was told to go anyway. I went for 45 days and couldn't make it any longer because of my asthma. Because I was forced by asthma to drop I picked up a 4208 insolence and a 4213 refusing to immediately obey a verbal direct order and I was terminated from TSCTC and went back to prison and told I may reapply with 120 days of clear conduct but was medically denied due to asthma. Then had to wait again until May 2014 to see board again. They flopped me 2nd time for no reason at all saying it was for my boot camp write-ups. They told me to get my GED before they will let me go. But due to my learning disability aint no help to get my GED while in prison. I have almost a year of clear conduct and there aint no reason for this to be happening. I have completed everything ordered by the judge and have the certificates to show completion.

From Keith Harold #3010424

I, Keith Harold feel that the Parole Board has made unreasonable conditions for me over what the Judge ordered. On is when they said I was to go through the "boot camp" program even though it is in my records that I have asthma. Still I did try and was able to make it 45 days before my asthma forced me to drop out. Even then I tried to go back into the program but was medically denied re-entry. It was ordered by the Judge for me to take CPR and Anger Management. Both I have completed plus I have completed Parenting/Life Skills, Reading skills, and ITU treatment. I am enrolled in GED but due to my learning disability which is also recorded in my records I will need one-on-one help. But one-on-one tutors are not available in prisons niether here in Shelby nor at Deer Lodge. The only way to get the help is in Pre-Release extended stay till I complete it or on the streets where one-on-one help is available. By flopping me is not helping me to get my GED. It is preventing me from getting help needed to get my GED.

En closed are copies of all completed program certificates as ordered by the Judge plus those he did not order but I did them anyway.

This is my first and only felony conviction.

Shelby: From: Keith Harold

Dear Casey

When I was in Great Falls Regional and had my 1st Parole Board hearing they ordered me to go to boot camp even though it is in my records that I have Asthma. Still I tried and was able to make it 45 days. But because of my Asthma I was not able to instantly obey an order and that led me to get a write-up and be dropped. When I tried to re-enter the program I was denied by medical. I have completed all the programs that the judge recommended plus some others and I have certificates showing I did. He did not recommend boot camp. This last review by the Parole Board I was flopped with no early consideration and required to get a GED. They said it was because of institutional conduct. But I have close to a year of clear conduct. Also they said I have to get a GED before I get out. Even though it is in my records that I have a learning disability and can not get a GED while in prison. I need help that is not provided in prison, but is provided at a pre-release and on the outside. Again the Board has made a ruling that my records show that I cannot do. They flopped me for no good reason. Neither boot camp nor a GED were ordered by the judge. I enclose my write-ups plus one other that I forgot to send with my last letter to you. If they can help you go ahead and make copies then send me back the originals for my files.

Thank you for all your help.

Dear KEITH HAROLD

We are writing in response to your letter regarding disability benefits. *for learning disability*

The Supplemental Security Income (SSI) program provides monthly payments for aged, blind, and disabled individuals whose income and resources are below specified amounts. (The income level depends on state of residence and type of income; the resource level for single people is \$2000.) Aged individuals, for the purpose of SSI, are those who are at least 65.

To qualify for SSI payments on the basis of disability, you must be unable to do any substantial gainful work because of a medical condition which can be expected either to last at least 12 months or to end in death. To meet this definition, the impairment or impairments must be of such severity that you are unable to do your previous work and cannot do any other work considering your age, education, and work experience.

People confined to a prison or other correctional facility are not eligible for SSI payments for any months in which they are in prison for the entire month. If you believe that you may qualify for SSI and are scheduled to be released from prison in the near future, you may apply for SSI before your release so that, if approved, benefits can begin more quickly. (In general, an SSI application based on age may be filed about 30 days before your release date; an application based on disability may be filed several months before your release, to allow sufficient time to evaluate your claim.)

To apply for SSI before your release, you should check with your prison counselor or other appropriate official to find out whether your institution has a pre-release agreement with the local Social Security office. If so, the institution can contact us to initiate a claim on your behalf. If there is no such agreement, you should contact your local Social Security office as soon as possible, upon your release from prison. To find the local office in your area, call our toll-free number, 1-800-772-1213 or you may visit our Internet site at [www.socialsecurity.gov](http://www.socialsecurity.gov).

1.) The Board says they never add any conditions of release at your reviews is this true please comment?

*Not to me but to many others*

2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment? *I've seen 5 year flops and even 8 year flops.*

3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes? *I've seen up to three months. I was 1/2 way through Relapse Prevention then sent to Shelby from M.S.P. and forced to start all over.*

4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience?

5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment?

### Five Important Questions

- 1.) The Board says they never add any conditions of release at your reviews is this true please comment? *FOR MINE I did NOT BUT THERE IS conditions IN MY PSI THAT THEY had.*
- 2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment? *I WAS NOT, I BELIEVE THE BOARD HAS BEGIN TO TRY & SHOW ITS NOT A BAD THING AND THAT THERE NEEDED, DUE TO THE FACT THAT THEY ARE BEING WATCHED, AND INVESTIGATED*
- 3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes? *I HAVE BEEN WAITING ON METT ITU FOR 7 YEARS & NOW I HAVE PAROLE TO NEXUS & PRC-RELEASE UPON COMPLETION OF 9 YEARS CLEAR CONDUCT.*
- 4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience? *DEFINITELY NOT THE CASE. THE IPPO HANDS YOU A PLAN PAPER & SAYS HOW TO FILL OUT THE QUESTION & WHERE TO WRITE YOUR PLAN. NO ONE HAS EVER DONE A MOCK HEARING AT CCA*
- 5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment? *I DO BELIEVE THEY GIVE YOU AN OPPORTUNITY TO SPEAK. HOWEVER, THEY DEFINITELY CUT YOU OFF & RUSH YOU.*

### Five Important Questions

*They went along with my parole officer, which was Nexus then ~~at Falls~~, Prelease, if fails; Refuses or denied no early consideration*

## Five Important Questions

1. The Board says They NEVER add any conditions of release ~~at release~~ at your reviews is this true.

Please Comment? I'm sending you my case disposition from the Parole Board and you tell me what you think.

2. The Board says They don't flop you for more than 3 years. if you were flopped 3 years or more please comment?

when I got sentence to the Prison I had to do  $\frac{1}{3}$  of my time before I see the Board. and when I did see them after  $2\frac{1}{2}$  years. I get flopped for 3 years and a total of that is  $5\frac{1}{2}$  years in so that leaves me with  $4\frac{1}{2}$  years for a discharge. So I just as well discharge it. like all the other times. there asking to much for a person to do. if that person is Dyslexia. Like me cause I have to use a Dictionary alot.

3. The Board says They parole 300 prisoners a year, when They send you to PRC, Watch, Nexus, Elkhorn, how long does The process Take before you leave MSP? Also if They say parole upon completion of ITU or SO treatment how long does it Take to get into any of Those classes? Well Lets see, I got to Deer Lodge in 2011 and Im still Waiting to get into a class for treatment and thats been since Oct (or) Nov. of 2011 and I sent a kite to my Case manager about my ITU groups and she said that Im #48 for Meth ITU. And for CP&P-1 Im at #134 on The List. And That was back in 7-24-13 I keep all This kind of stuff for my records and The Montana Standard had a article in There paper about The People that have Parole's and They said There are 300+ plus That have a parole but No Housing for Them.

4. The Board and DOC say you go to parole school and They help you put Together a plan They also say you have a mock hearing to get you prepared. Ed Foley said he or I.P.P.O goes to your hearing with you and after your hearing ed or I.P.P.O explains to you what Just happened in There. Is any of This True Please comment on your experience? They dont have Neither of Them They call you into a Room to fill out your parole plan with others with no Tables to write on. all you have is a Plastic Chair a pen and Parole papers to fill out. by yourself. and thats only about Two weeks before The Board meets and nothing else.

5. The Board says you and your families and witnesses can testify at your hearing and that all of you are treated fairly and with respect please comment? No. They don't give a person enough time to get things going for them self. Cause I was suppose to see the Board in Aug. of this year. And they took me in front of the Board in July so I was ready for any thing. They took me a month early.

Dear Connection.

7-29-13

I'm writing to you in regards of what the Parole Board done to me in August of 2013 or I should say in July. They flopped me for 3 years cause I had a poor history under supervision in the community, cause I always discharged my sentence and they put a X in the Box that says this; Pattern of similar offenses. And the Board of Pardons & Parole Denied me of these MCA's numbers. which I don't understand but I'm going to look them just to see what they are saying to me. Cause I never been to High School at all and according to my school Record at Pine Hills School for Boys. I only went to the 8<sup>th</sup> grade. I think, not sure. And I was accepted into Nexus for treatment in 2004 and I was just waiting for a pre-release center to accept me. but I was turned down by Butte cause I wouldn't talk about the Charge I was in for cause I was accepted into a treatment center on my own, the only thing that the Prison did for me was to supply me with the stamped envelope and the application form for me to fill out for Nexus which I did.

On the application for a Pre-Release Center.  
and the places I put ~~down~~ down was for  
1. Butte 2. Great Falls 3. Missoula. That's the 3 places  
I put down. And the screening committee for  
the Butte Pre-Release denied cause I wouldn't talk  
to them about it. and Mr. Ed Foley said this  
Request Pre-Release placement from the Parole Board  
when you are eligible to see them  
and that is word for word from the Institutional  
screening committee with Mr. Ed Foley signing it  
and that was on 9/12/12. That's what I have to say.  
Cause I'm trying to get my case back into Court.  
That's what I'm working on.

P.S. I go in front of the  
Parole Board on this date.

Leonard Irvine

7-2016.

Cause I seen them on 7-23-2013  
so I just might discharge my time  
which is 7-2021

### Five Important Questions

1.) The Board says they never add any conditions of release at your reviews is this true

please comment? Was not released. Since I never took a plea deal and deny any crimes I am am being extorted to take non required programs, where you have to admit you guilt and show remorse. I cannot get parole without doing this. A clear violation of 5Amedment Right.

2.) The Board says they don't flop you for more than 3 years. If you were flopped 3

years or more please comment? I was flopped 3 years with 7 1/2 year left on a 10 year sentence. No prior criminal record or write ups (clear conduct). Gave no reason for 3 year flop. I have my own home and job to go to for parole.

3.) The Board says they parole 500 prisoners a year, when they send you to PRC,

Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also

if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes? I do not have to take any of those.

Chairman McKee stated I will not get parole unless I take 3 recommended programs by the MSP. My case was reopened and you have to admit guilt to pass these programs. Because of my appeals I am denied Parole.

4.) The Board and DOC say you go to parole school and they help you put together a

plan they also say you have a mock hearing to get you prepared. Ed Foley said he or

IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to

you what just happened in there. Is any of this true please comment on your

experience? Absolutely ~~no~~<sup>none</sup> of this happened. My medical problems were never addressed. I had a heart attack in 2012 at age 41. I still have 2 blocked arteries 50% & 70% that have been ignored by medical for 1 year 8 months. I cost a fortune to keep me in prison and I risk dying. Also this is a huge risk of liability.

5.) The Board says you and your families and witnesses can testify at your hearings and

that all of you are treated fairly and with respect please comment?

Nothing they said which included a victim who is a family friend. The victim told the Board Chairman McKee that I did not commit the crime. They were told I had to admit and feel remorse for a crime I did not commit. My family was also upset that the co-defendant was never mentioned in my parole file and all the charges were dropped against him.

Also there were on 2 board members one was Chairman Mckee. He was rude to all the people up for parole. All the families were upset with him and how he would not give parole to anyone even if they had done the non required programs of MSP or the board recommends. There is no point to have a parole hearing if you can't get parole. CPR, Anger Management Chemical Dependency are not court required for parole. Also you have to admit guilt to all your crimes whether you committed them or not. That is against your civil rights, you are also being tried again for your crimes and is a form of extortion to get your parole.

The Chairman Mckee also kept stating how he has to follow rules, regulations and statutes of the parole board and cannot allow parole to anyone who has not taken these programs to show accountability and remorse for your crimes. Once again the hearing is made out to be a court room and you are judged again for your crimes which is humiliation and illegal by law. There were no Law and Justice Committee Members present to see the humiliation and illegal proceedings used against all inmates.

It is also the role of the Parole board to deny parole

When an inmate is still in appeals or court proceedings and extorting parole upon completion of recommended programs that you are forced to admit guilt to complete the ~~extra~~ programs. This still does not mean you will get parole and the board will require an inmate to complete more non court ordered programs to make more profits from imprisoning inmates longer. The Parole Board lies to inmates all the time of when they will be released by always adding more programs to grant ~~more~~ releases. The longer you are in prison the harder it is to get back into the community.

## Five Important Questions

- 1.) The Board says they never add any conditions of release at your reviews is this true please comment?

THE CONDITION OF MY RELEASE, WAS THAT THE JANSICAN AUTHORITIES, SUPERVISED ME, WHEN THEY REFUSED THE BOPP REQUEST TO SUPERVISE ME UPON PAROLE, I WAS DENIED PAROLE.

- 2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment? I WAS DENIED PAROLE FOR 8 YEARS, AS OF

JULY 1<sup>ST</sup> 2011, MY DENIAL IS ILLEGAL. BOPP IS NO LONGER ALLOWED TO DENY PAROLE FOR MORE THAN 6 YEARS, I'M 5 YEARS PAST MY PAROLE DATE.

- 3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO

treatment how long does it take to get into any of those classes? ITU, YOU GET IN THIS GROUP ACCORDING TO YOUR PAROLE DATE - ONCE APPROVED FOR PAROLE PRC, NEXUS, WATCH ETC SEND IT TAKE UP TO 1 YEAR FOR INMATES TO LEAVE UP ON ANY GRANT OF PAROLE, IT IS VERY VERY SLOW PROCESS.

- 4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please

comment on your experience? THAT IS UNTRUE, PRE-PAROLE SCHOOL IS A JOKE, WE NEVER GET MOCK PAROLE HEARINGS WE ARE ALL Huddled IN A ROOM WITH SOME TIMES ED FOLEY, WHO JUST VERIFIES YOUR PAROLE WRITTEN PLANS, THAT WE ARE TOLD TO SIGN, THAT WE ARE GIVEN THE GOOD LUCK SPEECH, ALL INMATES SEE'S THIS PROCESS AS A WASTE OF TIME, WE ARE NEVER PREPARED FOR WHAT THIS UNPREDICTABLE BOARD WILL DO - HE'S TRYING.

- 5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are

treated fairly and with respect please comment? UNTRUE, MY FAMILY WAS DISRESPECTED

MY BROTHER WAS QUIET ABOUT HIS Ph.D. AND SCHOOLING, AND BECAUSE UNCOMFORTABLE, I WAS NEVER ASKED ANY QUESTIONS OR GIVEN AN OPPORTUNITY TO SPEAK ABOUT WHAT HAPPENED THE NIGHT OF MY CRIME OR WHAT WAS GOING ON IN MY LIFE AT THAT TIME. THE PROCESS HAD BEEN PRE-DETERMINED 20-DAYS BEFORE MY APPEARANCE, I READ THIS, WHEN I MADE MY ATTORNEY GET MY ENTIRE PAROLE FILE FROM THE BOPP.

MY SUMMARY RECOMMENDATION BY CHRIS THOMAS REVEALED THAT I WAS DENIED PAROLE MARCH 10<sup>TH</sup> 2009. MY PAROLE HEARING WAS MARCH 31, 2009.

## Five Important Questions

- 1.) **The Board says they never add any conditions of release at your reviews, is this true? Please comment.**

*See attached Case Disposition Form from the Montana Board of Pardons and Parole.*

- 2.) **The Board says they do not flop you for more than 3 years. If you were flopped 3 years or more please comment?**

*Does not appl.*

- 3.) **The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn, etc., how long does the process take before you leave MSP? In addition, if they say parole upon completion of ITU or SO treatment, how long does it take to get into any of those classes?**

*I have personally witnessed people waiting as long as six months.*

- 4.) **The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Id Foley said he or IPPO goes you your hearing with you and after your hearing Id or IPPO explains to you what just happened in there. Is any of this true? Please comment on your experience.**

*I have experienced the "Pre-Parole School" once. We were instructed on how to fill out a two-page form that asked basic questions about are desires for parole. The entire process took less than 20 minutes. Any questions were dealt with in a very condescending manner.*

*No one needed to explain what had just happened at my parole hearing. I got a very clear picture of what they thought. No one made the attempt though.*

**5.) The Board says you, your families and witnesses can testify at your hearing and that all of you are treated fairly and with respect; please comment.**

*My family was not present but the board members yelled at me and behaved rudely.*

***Additional Information***

*The Parole board accused me of raping my wife. I did no such thing, nor did I hurt her or anyone else. This has been blown completely out of proportion and has cost me already seven years of my life.*

*The Parole Board has placed the added condition of completing SOP II upon me as a requirement for receiving parole. Part of the SOP II course conditions are to admit to committing a sex offense. In order to say that I committed a sex offense, I would have to lie. I would also be subjecting myself to the possibility of prosecution for rape. This is a "Catch 22" situation and I feel that I am left with little choice other than to sue the Parole Board. This will surely have its own negative repercussions upon my chances of receiving parole.*

*I am very interested in knowing how many others have been placed in a similar situation as mine and if any of those persons are willing to join me in this lawsuit. A joint suit with several Plaintiff's will present stronger leverage upon the Montana State Public Defender's Office to appoint us counsel.*

*If you can assist me with any information, please do so.*

*Thank you,*

get into any of those classes? *Even when an inmate does get Parol. It takes another 3 to 6 months to actually leave the prison. ITU treatment groups take up to 4 to 6 months to get in. There answer to that is space and money on the waiting list when in fact we could do our treatment groups in the community and pay for it ourselves but DOC isn't getting no money for us. That's one reason they keep us in prison.*

## Five Important Questions

- 1.) **The Board says they never add any conditions of release at your reviews is this true please comment?** No, This is not true. They always give people conditions of release. At least from my own experience they have.
- 2.) **The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment?** I have personally never been flopped for more than three years but they are lying when they say they never do. I know numerous people who have been flopped for three years and in some cases for five years.
- 3.) **The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes?** The process takes about 1 year to 1 1/2 years before a person may leave MSP. Also, it takes about the same amount of time to get into ITU you and other classes. Sometimes even 2 years or more.
- 4.) **The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience?** This is not true. They give you a piece of paper to fill out for a Parole Plan and they send you on your way. In my 2 years in prison so far, I never, not once seen Ed Foley, or any IPPO give anybody a mock hearing to help them get prepared.
- 5.) **The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment?** My family got to witness and testify at my hearing and I felt that I was treated fairly and with respect. ## Five Important Questions

- 1.) The Board says they never add any conditions of release at your reviews is this true

please comment? What I know is that a lot of guys get told that they should think about pre-release, ISP, or GPS. They pretty much push a lot of people into these choices, by not granting their parole or probation until all the options like housing and employment has been exhausted because too much time has went by, there are some options that don't last forever. So after a while the inmate has to choose one of these options which takes the load off the board cause they can say the inmate made the choice on his own.

- 2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment? My first parole hearing I was flopped for four years, so that is more than three another lie. ~~but~~ although this time is for a year.

- 3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also

if they say parole upon completion of ITU or SO treatment how long does it take to

get into any of those classes? A lot of times parole upon completion of a group usually happens towards the end of your in prison term for those who are not already in treatment. The group counselors know an approximate time in take to complete groups so they try to get the inmate into groups with enough time. Most inmates they try to get into groups before parole eligibility, but some don't get in cause they are not required to finish before parole, but the board will tell them that they want an inmate to get started into these programs which most end up completing before getting any play.

- 4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or

IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to

you what just happened in there. Is any of this true please comment on your

experience? My experience with this parole school is they tell you that you need to make sure you list housing, a job even at this time they will try to insist you do pre-release, ISP, or GPS. I have not, nor have I heard of anyone doing a "mock" hearing. With each case being individual you can't say that they would be accurate in a mock hearing on the outcome. That is how unpredictable the board is that even the IPPO can't guarantee the outcome even with the best plan. Ed Foley may be at the hearings but he never explained anything to me at my first hearing. He is the puppet for the board and will say anything to support the board. My recent hearing was a review so

- 5.) The Board says you and your families and witnesses can testify at your hearings and

that all of you are treated fairly and with respect please comment? I never have had anyone to witness on my behalf, but I do know that when counselors give you a good report they seem not to even consider it. I feel that if they really treated us fairly, then instead of focusing on what we did to get here like with my case they always use my probation conduct against me and only commend me for completing my groups and for having good conduct but that is all I get, it doesn't seem good enough to get a parole with all I get is more dead time to do for no real good reason. I would say that hardly seems fair. I also know that there has been a few guys who have poor conduct and still get some kind of play from the board that hardly seems fair as well. A bit of times the board has the attitude that family will say anything for you so they discredit it.

A lot of inmates that are not ordered to complete group before parole the board gets you to do groups by telling you that you are considered non-compliant if you decide to wait until you get out, like for me with after care if I decided to wait to do it they would say I was non-compliant. But yet they can send me to a regional that doesn't offer after care, so they tell me later that they want me to get some of that group done before I get parole or I have to have an eval done. It's like a power card or Ace they use.

how could he be here to explain anything to me, which I do have questions.

Casey,

I want you to present my parole board case disposition form to the Law and Justice Committee to use. I am also going to express my opinion on some of the issues, and explain the issues I have. I know I have probably covered some of these issues on the questionnaire you sent.

My first issue I have is that the board flopped me for another year with an SOP eval. I think that this is one reason why the board flopped me because I didn't have a current eval, this upsets me because they have had four years since my last flop to set up an eval which could have been used to help me get out or so they say I have learned to not trust the board giving parole for treatment based things cause I have completed my phase-I+II of SOP, I also completed a part of phase II of the SOP again cause of my violation so it shows I have done phase-II twice, I have done CPRI+II, and anger management yet none of these things are good enough to get me out. This leads me to the board's remarks which is almost identical to my last disposition form, they tell me that they commend me for my treatment completions and clear conduct, but I look at like this that they can compliment me all they want but I am still here and not spending time with my family and friends, so their compliments are like a dagger that they use to kill your hopes.

My next issue is with section B they mark the boxes of Nature or severity of offenses, and poor history in community placement under supervision. These are really issues I can't do anything to change, the Nature of my offense is always going to be what the record shows, and the only way I can change my history in community is to get out and try to do better. Also there is nothing that I can do while I am here to change those issues, so if the board keeps using these two things than I will never get out. These issues have nothing to do with my conduct in prison, so how can they keep using this to flop me. They marked these on my last disposition form, it is like they have to keep bringing up the same thing to use to flop me.

I hope that you will use this stuff and all the things I put ~~on~~<sup>on</sup> the questionar. If something changes between now and my next parole date than I hope that you or the Law and Justice commity can put me on a list to get an imediate release cause I feel I deserve it cause I have done everything that I was ordered and asked to, I have maintained clear conduct so I have shown I can follow the rules.

I have sent you my case disposition form and I need you to copy it and send it back. It show how the board is using all the issues I mentioned as excuses to not give me parole, its like they are fishing for reasons cause they don't have any real legit reasons. Well God bless and thanks!

**Five Important Questions**

- 1.) The Board says they never add any conditions of release at your reviews is this true please comment? They put the condition of "Any available Treatment" on my reappearance. They also put the "no early consideration" condition on my Denial, so I am unable to participate in out of prison programs until after my reappearance.
- 2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment?
- 3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes? Being referred to a program takes a long time & also it isn't a parole, it's transfer to another institution. They are calling it a parole, but you don't go to parole status, you stay on inmate status for 6 months to 1 year.
- 4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience? My ~~15~~ 15 years on my original sentence I had NO court ordered treatment only court recommended. The board interpreted recommended as to mean required. But they are not the same word. When they revoked me they had the judge enhance the sentence to required.

But I can not pass because I am in denial so no sense even signing up just to fail because I won't admit to something I'm not guilty of.

We received your request to review an exact copy of the "Parole Book" "**before any Board member sees it!**" We receive volumes of requests to review and examine files. We prioritize these requests based on the next scheduled parole consideration date and staff availability at each facility. Since you are scheduled for a review before the Board in 2-2013, on such short notice we would not be able to schedule a file review prior to that date.

Prior to your review, you will be asked to read and sign your parole report to verify that the information provided to the Board is true and correct to the best of your knowledge. If you notice errors in your parole report, you can note that on the report or note your concern(s) by the signature box. This is the basic information that the Board relies on to make a parole decision. If you still wish to review your entire file prior to your parole hearing, you will have to request to have your review continued to another month to allow time to schedule.

If you wish to request copies of your "parole book" (the packet prepared for the Board for your review including the report you read and signed,) please send \$16.50 to our office (\$15.00 administrative fee and .10 cents per page). Once we receive the money, your copies will be sent to you when they are available. If we don't receive the money in an appropriate amount of time prior to your hearing you will need to request to waive or have your case continued unless you wish to proceed and obtain your reports after the Board has taken action on your case. The information prepared for and submitted to the Board is not available until approximately one week prior to your scheduled hearing. Any documents received by this office after your copies have been sent will not be forwarded. - 2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment?  
*IM to see the board again in #2 years on a 5 year sentence, I've already done 2 1/2 years.*
- 3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes? *, I am told I could wait 1-2 years to get to Nexus, even though I am perol Board Recommended. I have done already 2 1/2 years, for a 6 year commitment.*
- 4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience? *NO, I'm still trying to figure out why I have to wait so long for treatment, after all I have been through in the past, being turned down at institutional screening for treatment + pre-release. I am still sitting in shelby prison. Just waiting*
- 5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment?  
*NO, I WAS NOT allowed to say anything, only listen and then told to sign the paper and leave. I Fully complied, because I WAS a afraid, of what the man at my parole hearing would do to me. He put the fear of God into me, if I were to ask for anything.*

I asked to go to the Watch Program, because of my D.U.I. and because in my Judgment I was given the opportunity to apply. Watch accepted me, But the parole board had other Idea For me. THE MAN THERE Made the decision himself, what would happen to me. The Lady that was there went along with what ever he said to do. I Felt this was UNFair to me, Well WHATs done is done, I would really like to get to Nexus program or the Meth I.T.4 program in Deerlodge. WHAT ever they will allow me to go, I also have been accepted at Billings pre-release center. But I might have to wait between 1-2 years Jus sitting here in prison, I might as well Just discharge my sentence, only I won't get the help for my addiction to alcohol a drugs, adressed, I Truly want + need help. I many about having to wait so long to get it. Please who can I write to about this problem, or can you possibly Help me.

P.S. please put me on your mailing list.

Thanks

## Five Important Questions

- 1.) The Board says they never add any conditions of release at your reviews is this true please comment? *No, they required me to do Nexus and pre-release after I had completed all court requirements*
  
- 2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment? *N/A*
  
- 3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes? *It took near 5 months before I left for Nexus*
  
- 4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience? *No body helped with a parole plan or explained what had happened.*
  
- 5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment? *No, they did not give me a chance to talk at all and it seemed like the disision was made before I entered the room*

I was told I was granted parole at this instance but waited in Glendive regional until I was exactly 15 months from discharge before I left which is the length of Nexus and pre-release, so there was no parole. But I'm sure they counted me as one of the 500 granted that year.

NEVER me, but I have seen people flopped for 5 years

3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes?

Ed Foley said he or IPPO goes to your hearing with you and after your hearing Ed or IPPO explains to you what just happened in there. Is any of this true please comment on your experience?

At my most recent parole appearance Greg Budd did try telling me about some mock hearings, because he said if I had had a better attitude I would have got parole. Previously, Greg Budd has lied on sworn affidavits in court and gone far out of his way to screw me repeatedly so I told him to stuff his mock hearings.

5.) The Board says you and your families and witnesses can testify at your hearings and

that all of you are treated fairly and with respect please comment?

~~I~~ I have no friend, family, or witnesses.

The real ones are bad enough. Why would I put myself through that just for fun?

## Five Important Questions

1.) The Board says they never add any conditions of release at your reviews is this true please comment?

I needed to take a re eval for SO to determine sex crime level before release.

2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment?

N/A

3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn how long does the process take before you leave MSP? Also if they say parole upon completion of ITU or SO treatment how long does it take to get into any of those classes?

I was rejected SO treatment because I am not in prison for a sex crime but parole says I need to complete SO classes anyways then I can ask for parole.

4.) The Board and DOC say you go to parole school and they help you put together a plan they also say you have a mock hearing to get you prepared. I never had pre-parole school just went and signed some papers stating my crime and where I want to go. They try to convince me that I needed to sign a waiver for initial appearance September 2012.

5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect please comment?

Said that since I did not have family support, the reason I was denied I could try to develop a support system to help you in life in this flop for a year.

1.) The Board says they never add any conditions of release at your reviews; is this true? Please Comment.

No !!! It is most certainly not true. The board adds conditions to many peoples sentences. I've seen this done to many people.

2.) The Board says they don't flop you for more than 3 years. If you were flopped 3 years or more please comment.

I was present when Dewey Coleman was flopped for five years.

3.) The Board says they parole 500 prisoners a year, when they send you to PRC, Watch, Nexus, Elkhorn, etc. how long does the process take before you leave MSP?

I seen people stay here six months after receiving parole. I don't know what type of parole.

4.) The Board and D.O.C. say you go to parole school and they help you put together a plan. They also say you have a mock hearing to get you prepared. Ed Foley said he or I.P.P.O. goes to your hearing with you and after your hearing Ed or I.P.P.O explain to you what happened. Is any of this true please comment on your experience?

I've been to two pre-parole schools now, in both they instructed us on how to fill out a simple two or three page form and we were sent on our way within fifteen minutes. They did answer a few questions from some inquisitive fellows but it seemed such a burden for them that I refrained from asking any myself.

5.) The Board says you and your families and witnesses can testify at your hearings and that all of you are treated fairly and with respect; please comment.

At my initial hearing I had at least 15 statements from people who have known me for my entire life. Nearly all of these statements said that I was the least violent person they knew. I had three

Page #3

character witnesses who drove over 4500 miles to attend my hearing upon my behalf. I had a perfect record throughout my time of incarceration consisting of 2 1/2 years as well as the recommendation of my counselor. I was still "flogged". The reason given was that I must have done "something" pretty bad to get a 10 year sentence for Criminal Endangerment. Another possible reason might be that I questioned the ethics of the judge for allowing such a malfeasance to go so far as to prosecute me in the first place.

I am very disappointed in the Montana Judicial system. I intend to do what I can to make it better. I will be continuing my appeal from the safety of Oregon since I did finally gain my parole after nearly 5 years of incarceration.

I truly believe the only ~~reason~~ <sup>reason</sup> I received parole was due to the fact that I attended to a guard who passed out while on duty. A truly unique circumstance.

What of all those inmates that are never given the opportunity to show their true nature. What of those who like myself were vindictively prosecuted and defamed by the Montana judicial system.
