Recommendations

OCFO submitted 18 Findings Reports to DPHHS in 2017. Recurrent issues included:

• **Domestic Violence** Adherence to policy and procedure varied.

• **Safety Plans** Policy and procedure on the use of safety plans is unclear. Safety plans can be critical to avoiding removal and supporting reunification.

• **Safety Assessment** OCFO made several recommendations regarding investigation procedures, assessment models, and increasing the number and type of collateral contacts.

• **Diligent Search** CFSD has multiple policies and procedures on finding family, including timelines. OCFO recommended streamlining these and creating ways to assist workers in adhering to best practice.
Duty: Resolve or Recommend

Recommendations

OCFO submitted 18 Findings Reports to DPHHS in 2017. Recurrent issues included:

• **Education**  OCFO recommended DPHHS create a policy to assist CPSs in requesting evaluations.

• **Trauma Informed Practice** While discussions of a trauma informed practice increased over the last few years, CFSD does not provide guidelines or updated information for staff use in policy.

• **Effective Communication** OCFO provided DPHHS with recommendations on improving communication with citizens, families, legal teams, and OCFO.
Duty: Procedure Review

Child Fatality Report
The OCFO Child Fatality Review Team reviewed 14 child fatalities.
The 2017 Child Fatality Review Report was published on January 17th.

Trends

• **Consistency in assessment protocols.** To maintain an approach that encompasses the family as a whole and not per incident, consistent use of the assessment tool and review of history is necessary.

• **Adherence to domestic violence protocols.** The CFSD Policy Manual provides clear protocols for workers who need to work with both the victim and the offender if they are the parents. Use of these protocols and understanding the behavior of victims and offenders varies widely.

• **Information Sharing.** CFSD utilizes different mechanisms for sharing information and this confuses families and often leads to the perception that CFSD is withholding information.
Duty: Outreach and Education

Outreach

• Printing and distribution of brochures and notebooks at over 10 outreach events in the state;
• Participating in Child Abuse Prevention Month efforts supported by the Children’s Trust Fund;
• “Meet the Ombudsman” presentations for new child protection specialist training classes;
• Presenting at the Montana Child Abuse and Neglect Conference;
• Ongoing brochure mailings and presentations to service providers;
• Attendance at monthly University of Montana Center for Children, Families, and Workforce Development;
• Attendance at the United States Ombudsman Association Annual Conference.

Feedback

• 88% reported feeling respected by the Ombudsman.
• 79% reported understanding the process of our OCFO.
• 44% reported feeling the Ombudsman was helpful.
• 41% were satisfied with the outcomes.

Successes and Challenges

2016 Challenges Updates

• 2016 Challenge #1: Communications with CFSD. DOJ and DPHHS recently began work on a formal plan again and continue to address this issue.

• 2016 Challenge #2: Response to alerts and critical incidents. Collection and assessment of data is ongoing.

2017 Challenges

• 2017 Challenge #1: Response to citizens. Contacts to OCFO rose nearly 50% in 2017. The number of completed request forms also rose. Delays in the VOCA award limited the time of the Deputy Ombudsman. These factors increased the response and review times.

• 2017 Challenge #2: Participation in meetings. As of August 2017, OCFO was not permitted to attend or participate in CFSD case specific family engagement meetings. The decision frustrated citizens who invited OCFO to attend the meetings and increased the amount of time necessary for OCFO to review requests.
Annual Report

Successes and Challenges

2017 Successes

• 2017 Success #1: Findings Reports. OCFO completed 18 Findings Reports in 2017 and made numerous recommendations to improve outcomes for children and families.

• 2017 Success #2: Collaboration with service providers. OCFO increased contacts with service providers and professionals such as attorneys, therapists, and guardian ad litems. This helped to increase awareness of the office process and to increase real time response to citizen concerns.

• 2017 Success #3: VOCA Grant. OCFO successfully applied for VOCA funding to maintain the position of Deputy Ombudsman. OCFO will continue to apply for grants where eligible to continue to develop the work of the office in individual cases as well as procedural reviews.
