

1 provided that the property is actively devoted to research and development;

2 (f) machinery and equipment used in electrolytic reduction facilities;

3 (g) all property used and owned by persons, firms, corporations, or other organizations that are  
4 engaged in the business of furnishing telecommunications services exclusively to rural areas or to rural areas  
5 and cities and towns of 1,200 permanent residents or less.

6 (2) (a) "Air and water pollution control and carbon capture equipment" means that portion of  
7 identifiable property, facilities, machinery, devices, or equipment certified as provided in subsections (2)(b) and  
8 (2)(c) and designed, constructed, under construction, or operated for removing, disposing, abating, treating,  
9 eliminating, destroying, neutralizing, stabilizing, rendering inert, storing, or preventing the creation of air or  
10 water pollutants that, except for the use of the item, would be released to the environment. This includes  
11 machinery, devices, or equipment used to capture carbon dioxide or other greenhouse gases. Reduction in  
12 pollutants obtained through operational techniques without specific facilities, machinery, devices, or equipment  
13 is not eligible for certification under this section.

14 (b) Requests for certification must be made on forms available from the department of revenue.  
15 Certification may not be granted unless the applicant is in substantial compliance with all applicable rules, laws,  
16 orders, or permit conditions. Certification remains in effect only as long as substantial compliance continues.

17 (c) The department of environmental quality shall promulgate rules specifying procedures, including  
18 timeframes for certification application, and definitions necessary to identify air and water pollution control and  
19 carbon capture equipment for certification and compliance. The department of revenue shall promulgate rules  
20 pertaining to the valuation of qualifying air and water pollution control and carbon capture equipment. The  
21 department of environmental quality shall identify and track compliance in the use of certified air and water  
22 pollution control and carbon capture equipment and report continuous acts or patterns of noncompliance at a  
23 facility to the department of revenue. Casual or isolated incidents of noncompliance at a facility do not affect  
24 certification.

25 (d) To qualify for the exemption under subsection (5)(b)(i), the air and water pollution control and  
26 carbon capture equipment must be placed into service after January 1, 2014, for the purposes of environmental  
27 benefit or to comply with state or federal pollution control regulations. If the air or water pollution control and  
28 carbon capture equipment enhances the performance of existing air and water pollution control and carbon

1 capture equipment, only the market value of the enhancement is subject to the exemption under subsection  
2 (5)(b)(i).

3 (e) Except as provided in subsection (2)(d), equipment that does not qualify for the exemption under  
4 subsection (5)(b)(i) includes but is not limited to equipment placed into service to maintain, replace, or repair  
5 equipment installed on or before January 1, 2014.

6 (f) A person may appeal the certification, classification, and valuation of the property to the state tax  
7 appeal board. Appeals on the property certification must name the department of environmental quality as the  
8 respondent, and appeals on the classification or valuation of the equipment must name the department of  
9 revenue as the respondent.

10 (3) (a) "New industrial property" means any new industrial plant, including land, buildings, machinery,  
11 and fixtures, used by new industries during the first 3 years of their operation. The property may not have been  
12 assessed within the state of Montana prior to July 1, 1961.

13 (b) New industrial property does not include:

14 (i) property used by retail or wholesale merchants, commercial services of any type, agriculture,  
15 trades, or professions unless the business or profession meets the requirements of subsection (4)(b)(v);

16 (ii) a plant that will create adverse impact on existing state, county, or municipal services; or

17 (iii) property used or employed in an industrial plant that has been in operation in this state for 3 years  
18 or longer.

19 (4) (a) "New industry" means any person, corporation, firm, partnership, association, or other group  
20 that establishes a new plant in Montana for the operation of a new industrial endeavor, as distinguished from a  
21 mere expansion, reorganization, or merger of an existing industry.

22 (b) New industry includes only those industries that:

23 (i) manufacture, mill, mine, produce, process, or fabricate materials;

24 (ii) do similar work, employing capital and labor, in which materials unserviceable in their natural state  
25 are extracted, processed, or made fit for use or are substantially altered or treated so as to create commercial  
26 products or materials;

27 (iii) engage in the mechanical or chemical transformation of materials or substances into new products  
28 in the manner defined as manufacturing in the North American Industry Classification System Manual prepared

1 by the United States office of management and budget;

2 (iv) engage in the transportation, warehousing, or distribution of commercial products or materials if  
3 50% or more of an industry's gross sales or receipts are earned from outside the state; or

4 (v) earn 50% or more of their annual gross income from out-of-state sales.

5 (5) (a) Except as provided in subsection (5)(b)(i), class five property is taxed at 3% of its market  
6 value.

7 (b) (i) ~~Air and water pollution control and carbon capture equipment placed in service after January~~  
8 1, 2014, and that satisfies the criteria in subsection (2)(d) is exempt from taxation for a period of 10 years from  
9 the date of certification, after which the property is assessed at 100% of its taxable value.

10 (ii) ~~Fiber optic or coaxial cable, as defined in 15-6-156, installed and placed in service on or after [the~~  
11 ~~effective date of this act] are exempt from taxation during installation and for a period of 5 years starting from~~  
12 ~~the date of deployment, after which the property exemption is phased out at a rate of 20% a year, with the~~  
13 ~~property being assessed at 100% of its taxable value after a 10-year period. In order to qualify for and maintain~~  
14 ~~the exemption, the owner of fiber optic or coaxial cable must reinvest the tax savings from the exemption for~~  
15 ~~fiber optic or coaxial cable in the installation of new fiber optic or coaxial cable in Montana within 2 years~~  
16 ~~following the tax year in which the tax savings are received by the owner of fiber optic or coaxial cable without~~  
17 ~~charging the costs to the consumer. An entity that claims a tax exemption under this subsection shall:~~

18 ~~(A) specifically record and map the locations of installed fiber optic or coaxial cable; and~~

19 ~~(B) provide records and mapped locations to the Legislature in accordance with 5-11-210."~~

20

21 **Section 2.** Section 15-6-156, MCA, is amended to read:

22 **"15-6-156. Class thirteen property -- description -- taxable percentage.** (1) Except as provided in  
23 subsections (2)(a) through (2)(h), class thirteen property includes:

24 (a) electrical generation facilities, except wind generation facilities, biomass generation facilities, and  
25 energy storage facilities classified under 15-6-157, of a centrally assessed electric power company;

26 (b) electrical generation facilities, except wind generation facilities, biomass generation facilities, and  
27 energy storage facilities classified under 15-6-157, owned or operated by an exempt wholesale generator or an  
28 entity certified as an exempt wholesale generator pursuant to 42 U.S.C. 16451;

1 (c) noncentrally assessed electrical generation facilities, except wind generation facilities, biomass  
2 generation facilities, and energy storage facilities classified under 15-6-157, owned or operated by any  
3 electrical energy producer;

4 (d) allocations of centrally assessed telecommunications services companies; and

5 (e) dedicated communications infrastructure described in 15-6-162(5) for which construction  
6 commenced after June 30, 2027, or for which the 15-year period provided for in 15-6-162(5)(c) has expired.

7 (2) Class thirteen property does not include:

8 (a) property owned by cooperative rural electric cooperative associations classified under 15-6-135;

9 (b) property owned by cooperative rural electric cooperative associations classified under 15-6-137 or  
10 15-6-157;

11 (c) allocations of electric power company property under 15-6-141;

12 (d) electrical generation facilities included in another class of property;

13 (e) property owned by cooperative rural telephone associations and classified under 15-6-135;

14 (f) property owned by organizations providing telecommunications services and classified under 15-6-  
15 135;

16 (g) generation facilities that are exempt under 15-6-225; and

17 (h) qualified data centers classified under 15-6-162.

18 (3) ~~(a)~~ For the purposes of this section, the following definitions apply:

19 ~~(a)~~ (i) "~~electrical~~Electrical generation facilities" means any combination of a physically connected  
20 generator or generators, associated prime movers, and other associated property, including appurtenant land  
21 and improvements and personal property, that are normally operated together to produce electric power. The  
22 term includes but is not limited to generating facilities that produce electricity from coal-fired steam turbines, oil  
23 or gas turbines, or turbine generators that are driven by falling water.

24 ~~(b)(ii)~~ The term does not include electrical generation facilities used for noncommercial purposes or  
25 exclusively for agricultural purposes.

26 ~~(c)(iii)~~ The term also does not include a qualifying small power production facility, as that term is  
27 defined in 16 U.S.C. 796(17), that is owned and operated by a person not primarily engaged in the generation  
28 or sale of electricity other than electric power from a small power production facility and classified under 15-6-

1 134 and 15-6-138.

2 (b) (i) "Fiber optic or coaxial cable" means any fiber optic or coaxial cable, including all capitalized  
3 costs associated with construction and deployment of the fiber optic or coaxial cable, and other property that is  
4 normally operated in the installation and deployment of fiber optic or coaxial cable to deliver digital  
5 communication and access to the internet.

6 (ii) The term does not include routers, head-end equipment, central office equipment and other  
7 electronics, and hardware or software not directly associated with the installation and deployment of fiber optic  
8 or coaxial cable or the buildings used to house equipment.

9 (4) ~~Class(a)~~ Except as provided in subsection (4)(b), class thirteen property is taxed at 6% of its  
10 market value.

11 (b) Fiber optic or coaxial cable installed and placed in service on or after [the effective date of this act]  
12 are exempt from taxation during installation and for a period of 5 years starting from the date of deployment,  
13 after which the property exemption is phased out at a rate of 20% per year, with the property being assessed at  
14 100% of its taxable value after a 10-year period. In order to qualify for and maintain the exemption, the owner of  
15 fiber optic or coaxial cable must reinvest the tax savings from the exemption for fiber optic or coaxial cable in  
16 the installation of new fiber optic or coaxial cable in Montana within 2 years following the tax year in which the  
17 tax savings are received by the owner of fiber optic or coaxial cable without charging the costs to the consumer.

18 An entity that claims a tax exemption under this subsection shall:

- 19 (i) specifically record and map the locations of installed and placed fiber optic or coaxial cable; and  
20 (ii) provide records and mapped locations to the Legislature in accordance with 5-11-210."

21

22 **Section 3.** Section 15-6-219, MCA, is amended to read:

23 **"15-6-219. Personal and other property exemptions.** The following categories of property are  
24 exempt from taxation:

25 (1) harness, saddlery, and other tack equipment;

26 (2) the first \$15,000 or less of market value of tools owned by the taxpayer that are customarily hand-  
27 held and that are used to:

28 (a) construct, repair, and maintain improvements to real property; or

- 1 (b) repair and maintain machinery, equipment, appliances, or other personal property;
- 2 (3) all household goods and furniture, including but not limited to clocks, musical instruments, sewing
- 3 machines, and wearing apparel of members of the family, used by the owner for personal and domestic
- 4 purposes or for furnishing or equipping the family residence;
- 5 (4) a bicycle or a moped, as defined in 61-8-102, used by the owner for personal transportation
- 6 purposes;
- 7 (5) items of personal property intended for rent or lease in the ordinary course of business if each
- 8 item of personal property satisfies all of the following:
- 9 (a) the acquired cost of the personal property is less than \$15,000;
- 10 (b) the personal property is owned by a business whose primary business income is from rental or
- 11 lease of personal property to individuals and no one customer of the business accounts for more than 10% of
- 12 the total rentals or leases during a calendar year; and
- 13 (c) the lease of the personal property is generally on an hourly, daily, weekly, semimonthly, or
- 14 monthly basis;
- 15 (6) space vehicles and all machinery, fixtures, equipment, and tools used in the design, manufacture,
- 16 launch, repair, and maintenance of space vehicles that are owned by businesses engaged in manufacturing
- 17 and launching space vehicles in the state or that are owned by a contractor or subcontractor of that business
- 18 and that are directly used for space vehicle design, manufacture, launch, repair, and maintenance;
- 19 (7) a title plant owned by a title insurer or a title insurance producer, as those terms are defined in 33-
- 20 25-105;
- 21 (8) air and water pollution control and carbon capture equipment, as defined in 15-6-135, placed in
- 22 service after January 1, 2014;
- 23 (9) a housetrailer, manufactured home, or mobile home that receives an exemption from the
- 24 department based on abandonment, as provided in 15-6-242; and
- 25 (10) fiber optic or coaxial cable, as defined in 15-6-156, installed and placed in service on or after [the
- 26 effective date of this act], during installation and for a period of time starting from the date of deployment as
- 27 provided in 15-6-156, if the owner of fiber optic or coaxial cable reinvests the tax savings from the exemption for
- 28 fiber optic or coaxial cable in the installation of new fiber optic or coaxial cable in Montana within 2 years

1 following the tax year in which the tax savings are received by the owner of fiber optic or coaxial cable without  
2 charging the costs to the consumer. An entity that claims a tax exemption under this subsection shall:

3 (a) specifically record and map the locations of installed and placed fiber optic or coaxial cable; and

4 (b) provide records and mapped locations to the Legislature in accordance with 5-11-210.

5 ~~(10)(11)~~ personal property used in the manufacture of ammunition components as provided in 30-20-  
6 204. (Subsection ~~(10)(11)~~ terminates December 31, 2024--sec. 16, Ch. 440, L. 2015.)"

7  
8 **NEW SECTION. Section 4. Appropriation.** (1) For the fiscal year beginning July 1, 2021, there is  
9 appropriated \$91,415 from the general fund to the department of revenue for the purposes of complying with  
10 [this act].

11 (2) For the fiscal year beginning July 1, 2022, there is appropriated \$87,695 from the general fund to  
12 the department of revenue for the purposes of complying with [this act].

13  
14 **NEW SECTION. Section 5. Effective date.** [This act] is effective July 1, 2021.

15  
16 **NEW SECTION. Section 6. Applicability.** [This act] applies to fiber optic or coaxial cable facilities  
17 placed in service on or after [the effective date of this act].

18
