Our Mission

The Montana Heritage Commission preserves and promotes Montana’s Territorial Capital history and resources through quality visitor experiences and preservation of state-owned buildings and artifacts.
In 1997, the Montana Legislature purchased Virginia City and Nevada City from the Senator Charles Bovey family for $6.5 million.

In 2000, Reeder’s Alley was gifted to the state by Darrell and Kathy Guston.

The Montana Heritage Commission takes pride in managing some of the most valuable and fascinating historic sites in Montana — Virginia City and Nevada City, plus Reeder’s Alley and the Pioneer Cabin in Helena. Our goal is to preserve and promote these sites while encouraging Montanans and our children to become excited about the rich history of this great state. Virginia City was the site of our territorial capital from 1864 – 1875.

Improve and increase educational outreach programs, internships and interpretation programs to enhance the visitor experience and understanding of our history.

Seek all available funding support through grants, donations and legislative appropriations to further our preservation of state-owned buildings and resources; and increase our economic footprint, job creation, and business development.

Recruit and utilize volunteers/interns to give educational opportunities and to increase efficiency of operations with limited state funding.

Continue to educate and implement best practices from other historic and tourism sites on financials, marketing and enhancement of visitor experiences.

The Montana Heritage Commission pays tribute to the man who dedicated much of his life to preserving Virginia City and Nevada City. John D. Ellingsen was a keeper of the stories of Montana’s past, which he shared liberally. John was a man of great integrity and was kind and thoughtful. He will be greatly missed, but his legacy will live on. John was one of the leading individuals at the Legislature in Helena to lobby the state to purchase the Bovey properties in Virginia and Nevada Cities, that served as Montana’s Territorial Capital from 1864-1875.

In 2019 the Montana Heritage Commission dedicated “Discovery-Ellingsen Park” in recognition to the men who discovered Virginia City and the man who dedicated his life to preserving it.
