Need Infrastructure Funding?

- Is your lagoon leaking?
- Is your water system out of compliance, but you need money to fix it?
- Does your wastewater collection system need to be repaired?
- Will your drinking water supply be enough in the next 10 years?

W2ASACT can help!

How can you learn more?

- **Attend a Workshop** - W2ASACT hosts an infrastructure funding workshop at the Montana Rural Water Conference, in Great Falls during the week of President's Day every February.
- **Funding program summaries** - are available on the W2ASACT website.
- **Join the mailing list** - Visit the W2ASACT website to join the mailing list to stay up to date on activities, meetings, or relevant funding information.

What is W2ASACT?

W2ASACT members combine forces to help Montana communities fund successful water, wastewater and solid waste projects.

The W2ASACT group is made up of state, federal and non-profit organizations that finance, regulate or provide technical assistance for community water, wastewater and solid waste systems.

What does W2ASACT do?

- Assists communities with funding and technical needs.
- Simplifies and coordinates funding application and reporting.
- Maintains a website with infrastructure project resources.
- Develops decision-making tools.

Visit the W2ASACT Website
