

# Revenue Interim Committee

September

**2019**

---

The work plan provides an outline of what RIC will work on throughout the interim and how much time will be allocated to each subject. It should provide guidance to the committee, staff, and the public over the next 15 months and serve as a blueprint for the interim.

## Introduction

This is the work plan for the Revenue Interim Committee (RIC) for the 2019-2020 interim. The work plan includes a description of planned committee activities. A separate work plan decision matrix shows how the committee allocated resources among proposed study options.

## Committee Procedures and Public Participation

The RIC will operate under the Rules, Procedures, and Guidelines for Interim Committees adopted by the Legislative Council. As required by law, 10-day advance public notice will be given for all meetings and the public will be given an opportunity to comment on any matter that is within the jurisdiction of the committee. The Presiding Officer may establish time limits for public comments, if necessary. Interested persons may be added to the mailing list by visiting the RIC website. Agendas, memos, links, and other information can be found on the RIC website:  
<https://www.leg.mt.gov/committees/interim/2019rvic/>.

## How the RIC Plans its Work

During the legislative interim, the RIC typically focuses on assigned study topics, oversight of programs and rulemaking activities of the Department of Revenue and the Montana Tax Appeal Board, and revenue estimating and monitoring.<sup>1</sup> The committee may also address issues of interest to committee members within the committee's assigned areas of taxation and revenue estimating and monitoring.

The Legislative Council assigned the Committee one study in the form of joint study resolutions ranked by legislators: [House Joint Resolution No. 35](#) (HJ 35), a study of Montana's state and local tax systems. This study ranked first among the polled studies.

This 2019-2020 Interim Work Plan sets priorities for how RIC will spend its limited time and resources. The work plan sets out a strategy for fulfilling the RIC's responsibilities throughout the 2019-2020 interim. A detailed work plan for the HJ 35 study will be adopted by the committee's December 2019 meeting, and this work plan will be updated at that time. The RIC Work Plan Decision Matrix, a separate document, is a way to look at topic options side by side and review time allocations for each topic.

## RIC Statutory Duties and Obligations

### Overview

The RIC draws its statutory responsibilities from a number of sources identified below. As applied to the RIC, statutes require the committee to:

1. **Conduct interim studies** as assigned. The committee may recommend to the Legislative Council that a study be assigned to another committee or not be conducted.

---

<sup>1</sup> The 2019 Legislature created a new Transportation Interim Committee and removed transportation-related duties from the previous Revenue and Transportation Interim Committee.

2. **Review administrative rules** of the Department of Revenue (DOR) and the Montana Tax Appeal Board (MTAB).
3. **Review legislation** proposed by DOR and MTAB. Bills requested by an individual member of the Legislature are not subject to this requirement.
4. **Complete additional statutory duties** including:
  - a. preparing a **revenue estimate** by December 1 for introduction during each regular session of the Legislature in which a revenue bill is under consideration;
  - b. reviewing income tax credits as provided in [House Bill No. 723 \(Ch. 399\)](#); and
  - c. reviewing reports required to be submitted to the Committee.
5. **Monitor the operation of DOR and MTAB** with specific attention to the following:
  - a. identification of issues likely to require future legislative attention;
  - b. opportunities to improve existing law through the analysis of problems; and
  - c. the experiences of Montana's citizens with the agencies and whether these experiences may be amenable to improvement through legislative action.
6. **(Committee driven):** Prepare bills and resolutions that, in the Committee's opinion, the welfare of the state may require for presentation to the next regular session.
7. **(Committee driven):** Compile, analyze, and furnish information bearing upon the Committee's assignments and relevant to existing or prospective legislation that the Committee determines to be pertinent to the adequate completion of its work.

## General Duties of All Interim Committees/Revenue Interim Committee Statute

5-5-215, MCA. General duties of all interim committees.

5-5-227, MCA. RIC oversight

**" 5-5-227. Revenue interim committee — powers and duties — revenue estimating and use of estimates.**<sup>2</sup> (1) The revenue interim committee has administrative rule review, draft legislation review, program evaluation, and monitoring functions for the state tax appeal board established in 2-15-1015 and for the department of revenue and the entities attached to the department for administrative purposes, except the division of the department that administers the Montana Alcoholic Beverage Code.

(2) (a) The committee must have prepared by December 1 for introduction during each regular session of the legislature in which a revenue bill is under consideration an estimate of the amount of revenue projected to be available for legislative appropriation.

(b) The committee may prepare for introduction during a special session of the legislature in which a revenue bill or an appropriation bill is under consideration an estimate of the amount of projected revenue. The revenue estimate is considered a subject specified in the call of a special session under 5-3-101.

(3) The committee's estimate, as introduced in the legislature, constitutes the legislature's current revenue estimate until amended or until final adoption of the estimate by both houses. It is intended that the legislature's estimates and the assumptions underlying the estimates will be used by all agencies with responsibilities for estimating revenue or costs, including the preparation of fiscal notes.

(4) The legislative services division shall provide staff assistance to the committee. The committee may request the assistance of the staffs of the office of the legislative fiscal analyst, the legislative auditor, the department of revenue, and any other agency that has information regarding any of the tax or revenue bases of the state.

---

<sup>2</sup> Amendments to 5-5-227, MCA, have not yet been codified. This is a mock-up of how the section may appear after codification.

(5) The committee shall review tax credits [scheduled to expire]<sup>3</sup> as provided in [\[section 1 of House Bill No. 723\]](#).”

## Required Reports from the Department of Revenue

The Department of Revenue is required to provide seven reports to the Revenue Interim Committee.

### [15-1-230, MCA](#)

Biennial report on the number and type of taxpayers claiming the credit for contributions to a qualified endowment under [15-30-2328](#), the total amount of the credit claimed, the total amount of the credit recaptured, and DOR's cost associated with administering the credit. Terminates Dec. 31, 2025.

### [15-6-232, MCA](#)

Biennial update of the review and determination process for exempt property in sections [15-6-231](#) and [15-6-232](#). Terminates Dec. 31, 2021.

### [15-7-111, MCA](#)

Report in the second year of each reappraisal cycle on the tax rates for the upcoming reappraisal cycle that will result in taxable value neutrality for each property class.

### [15-24-3211, MCA](#)

Biennial report on the use of the property tax abatements for gray water systems under [15-24-3202](#) and [15-24-3203](#).

### [15-30-3112, MCA](#)

List of student scholarship organizations receiving contributions from businesses and individuals granted tax credits under [15-30-3111](#). Terminates Dec. 31, 2023.

### [15-31-322\(2\), MCA](#)

Biennial update on countries that may be considered tax havens under [15-31-322\(1\)\(f\)](#).

### [15-32-703\(10\), MCA](#)

Biennial report on the number and type of taxpayers claiming the credit for costs of investments in depreciable property used for storing or blending biodiesel with petroleum diesel, the total amount of credit claimed, and the DOR's cost of administering the credit.<sup>4</sup>

## Required Reports from Other State Agencies

### Film Tax Credit Report

The Department of Commerce (DOC) is required to report no later than 6 months before the 2021 legislative session and each biennium thereafter on film tax credits, including the impact of the credits, the dollar amount of credits issued, the number of net new jobs created, the amount of compensation paid, and the economic impact of the film industry in the state. Required by [House Bill No. 293 \(Ch. 352\)](#).

---

<sup>3</sup> Amendments to House Bill No. 723 should have removed the reference to tax credits “scheduled to expire.” The original version of the bill terminated all tax credits on a rolling schedule.

<sup>4</sup> Senate Bill No. 226, creating the new Transportation Interim Committee, incorrectly directed that this report be provided to the Transportation Interim Committee. As this is a report on an income tax credit, the report should continue to be provided to the Revenue Interim Committee and staff will recommend a legislative change to fix the error.

### **Receipts Less than Revenue Estimate Projection: 17-7-140(4), MCA**

The Office of Budget and Program Planning is required to report upon determination of the budget director that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate.

### **Medical Marijuana Reports**

The Department of Public Health and Human Services and the Board of Medical Examiners are required to provide to the Revenue Interim Committee medical marijuana-related reports provided to the Children, Families, Health, and Human Services (CFHHS) Interim Committee under 50-46-343(6), MCA. The reports are for informational purposes only; the CFHHS Interim Committee has oversight over the medical marijuana program. Required by [Senate Bill No. 265 \(Ch. 292\)](#).

**Work Plan:** The Committee dedicated 0.259 FTE to its statutory duties including agency monitoring, administrative rule review, revenue estimating and monitoring, and reports required to be provided to the Committee. More than half of the time designated for statutory duties will be spent on the Committee's new statutory requirement to review income tax credits.

## **Additional Work Plan Topics**

### **Study Resolution Assigned to the RIC by the Legislature**

#### **1. House Joint Resolution No. 35: Study Montana's State and Local Tax Systems**

##### **Legislative Poll Ranking: #1**

**Background:** The [HJ 35](#) study is intended to be a comprehensive study of the state's state and local tax systems. The Legislature has not conducted such a study in many years and the economy, population, and demographics of the state may be changing. The study will focus on whether to revise the state's current tax structure to reflect the current economy, stabilize state revenue, promote long-term economic prosperity, reflect principles of sound tax policy, ensure a fair and equitable tax structure, and allow Montana to compete for jobs and investments.

The study resolution requests appointment of a subcommittee to undertake the study for the purposes of including non-legislators. The subcommittee will include all members of the Revenue Interim Committee and the following public members, who were appointed at the Committee's organizational meeting:

- Rose Bender, Senior Fiscal Policy Analyst, Montana Budget and Policy Center;
- Eric Bryson, Executive Director, Montana Association of Counties;
- Tim Burton, Executive Director, Montana League of Cities and Towns;
- Dwaine Iverson, CPA;
- Bob Story, Executive Director, Montana Taxpayers Association; and
- Doug Young, Professor Emeritus, Montana State University.

**Preliminary Approach:** Because HJ 35 is a large undertaking, the Committee adopted a preliminary approach to the study and will develop a more detailed study plan later in the interim after receiving background information. The preliminary approach calls for the Committee to evaluate the state's tax

system using [principles adopted](#) by the National Conference of State Legislatures. The September meeting will include agenda items devoted to each principle and provide Montana-specific information about various tax types. The committee will then have the opportunity to request additional information for the December meeting with a goal of evaluating the tax system by the conclusion of that meeting. The evaluation of the tax system is intended to help the committee focus the study and establish study priorities.

The following table may be useful as the committee develops a detailed study plan.

## Optional Topics for RIC Work Plan

### 1. Member Topics

**Authority:** Suggested by Sen. Blasdel’s constituent

**Background:** The 2019 Legislature enacted [Senate Bill No. 253](#) (SB 253), which revises the tax deed process to require an auction for properties that contain a dwelling.

**Work Plan:** The committee allocated 0.001 FTE for this topic. A representative of county treasurers will be asked to update the committee on implementation of SB 253.

### 2. Legislative Finance Committee House Bill No. 715 Studies

**Authority:** 5-5-227, MCA. RIC oversight

**Background:** [House Bill No. 715](#) (HB 715) requires the Legislative Finance Committee (LFC) to undertake two studies.

Section 5 of the bill requires a study of the “long-term future budget and revenue needs with changing economics and demographics.” The study is to be conducted by 6 members of the LFC and four people appointed by the LFC chair and vice chair. The bill describes the study as follows:

“(4) Subject to direction provided by the committee, the study shall include but is not limited to:

- (a) identifying structural revenue challenges with economic, demographic, and geographical variability considerations;
- (b) exploring revenue sufficiency for long-term potential expenditures, including but not limited to the following:
  - (i) health care costs, consumption, and funding;
  - (ii) K-12 inflationary increases;
  - (iii) higher education;
  - (iv) pensions;
  - (v) state infrastructure;
  - (vi) natural resource revenue funded programs; and
  - (vii) local government spending including infrastructure; and
- (c) proposing potential solutions and possible legislation for consideration by the 2021 legislature.”

The Legislative Finance Committee [work plan](#) describes the HB 715 study activities as follows:

**“HB 715 Financial Modernization and Risk Analysis (MaRA)** – assumed to be January-September 2020  
This study is a separate committee with six members from the LFC and four other members. It will take the data compiled from work from last interim, HB 715 Budget Stabilization Observations, and other interim committee input to analyze how Montana can move its financial plan forward with the changing economy.”

Section 6 of HB 715 provides for a long-term budget stabilization study. The bill describes the study as follows:

“(2) Subject to direction provided by the legislative finance committee the study may include but is not limited to research related to the following topics:

(a) budget stress tests, including pension stress testing, revenue volatility, revenue trends, expenditure trends, and expenditure volatility;

(b) local government expenditures and funding;

(c) financial sustainability of revenue sources supporting natural resource programs, education programs, and Medicaid and the children's health insurance program; and

(d) personal services budgeting practices.”

The Legislative Finance Committee [sent a letter](#) to the Committee asking for “assistance in developing questions, assumptions and understanding budget pressures, opportunities, and risks for the first part of the HB 715 studies.” The letter asks for time on the September 2019 meeting agenda for Legislative Fiscal Division staff to explain the work already completed for the study and for the Committee to give feedback to LFD. The letter also suggests that the Committee may wish to take public comment on the feedback to be offered to LFD.

**Work Plan:** The committee allocated 0.001 FTE for coordination with the Legislative Finance Committee on the HB 715 studies.

## Tentative Meeting Schedule

The committee tentatively adopted the following meeting schedule but will review the dates at the September 2019 meeting with the public members of the HJ 35 committee.

June 27, 2019 (organizational)  
 September 24-25, 2019  
 December 2-3, 2019  
 January 14, 2020 (Legislative Week additional meeting)  
 March 19-20, 2020  
 May 12-13, 2020  
 July 20-21, 2020  
 September 11, 2020  
 November 19, 2020 (Revenue estimate only)

## Work Plan Timeline

This timeline provides an outline of how the RIC will accomplish the items in its work plan. The timeline may be revised and will be updated to reflect the adoption of a HJ 35 study plan.
