Total	57,466,581	57,466,581	-	

DOR transferred personal services and operating expense appropriation authority out of several divisions to the Director's Office and moved the authority to equipment to purchase video conference equipment, and upgrade the computer system used for recording tax activity known as GenTax. Upgrades to GenTax were needed because of the passage and approval of HB 727, which revised alcohol and gaming licensing laws, and changes to the business process for the Alcoholic Beverage Control Division.

The budget used for the personal services transfer was mainly from position vacancies. In FY 2019, DOR had an actual vacancy savings rate of 12.4%. This level of vacancies is not expected to continue, as the 2019 Legislature reduced FTE by 25.00 for the 2021 biennium. To address this reduction in FTE the DOR has not filled many positions including 5.45 FTE that were vacant the entire year. The vacant positions generated a portion of the personal services appropriations that could be transferred to other uses.
