

NEW DOC COMMIT PLACEMENT FLOW CHART *

*This process is applicable to New DOC Commits resulting from new offenses or revoked suspended/deferred sentences. It does not apply to offenders already on parole or conditional release who receive a new DOC Commitment.

**Placement Determinations are made using information regarding an offender’s criminogenic risks/needs; Court orders and placement recommendations; circumstances of the offense; criminal history; placement history; results of secondary/specialized assessments/evaluations; victim input and related information; offender-identified requests, goals, and release plans; facility conduct; and support structure.
