Hi Sheriff Slaughter,

Thank you for checking into this for me. Are you willing to speak to the committee about the discrepancy on Monday afternoon, or would you rather I just provide a copy of this e-mail to the committee members so they understand why you're declining the meeting invite?

Regards,

Erin Sullivan

The totally false. It's nothing like what is reported and we have no access to the system.

Hi Sheriff Slaughter,

Have you been able to find anything out on this? Would you like me to send you a Zoom link for the meeting on Monday so you can participate in the discussion?

Thank you,

Hi Sheriff Slaughter,

Thank you for the quick reply. Is it okay for me to use this e-mail as an official response to the committee's inquiry on the subject?

Erin,
This article is not correct. This camera system is not in anyway connected to our system. I'm not sure how we were brought into this discussion as a supporter, I know nothing about this system.

Sorry,

Dear Mr. Slaughter,

My name is Erin Sullivan and I am the research analyst for the Economic Affairs Interim Committee with the Montana Legislature. The committee recently concluded an interim study on the use of facial recognition technology by executive government agencies and law enforcement. Several of the committee members read the [MTPR article](#) on the Sun River Valley School District's use of facial recognition technology and its ability to link to the Cascade County Sheriff Department's database. Although the study has concluded, the committee is interested in hearing your thoughts on the technology and the school district's program.

The committee is holding a brief Zoom meeting on October 3rd at 3:30 p.m. Are you available to attend the meeting to speak with the committee? Please let me know if you can join the meeting, or if you cannot, if someone at the department can attend in your stead.

Thank you,

Erin Sullivan
