RE: Prevailing wage compliance software systems

LGIC Members:

At the March meeting, members expressed interest in prevailing wage compliance software systems. The request followed a discussion and explanation of the system used by the Washington State Department of Labor and Industry and a walk through of the system currently used by the Montana Department of Transportation. The Washington system was custom-built, and MDT uses AASHTOWare, a program specifically designed for transportation projects. Neither system is available for general construction project use in Montana.

Finding alternative software options proved difficult since companies requested a level of detail that I am not able to provide. I reached out to four companies, two of which responded back with additional information. Included is information sent from the two companies I talked with remotely: LCPTracker and eComplySolutions.

The two companies contacted who did not respond were eBacon and SkillsSmart.

This handout is not intended to provide all available options. The committee may be better served working with the Department of Labor and Industry to determine the desired software system specifications and to provide information needed to acquire accurate pricing information.

Sincerely,

Toni Henneman

LCPtracker Professional

[INFO]

The Preferred Construction Site Compliance Solution

- Saves time for the agency, prime and subcontractor
- Saves money by reducing the administrative work
- Cloud-based, highly automated system streamlines processes
- Dramatically reduces the risk of fines and negative audits
- World-class, hands-on support and training from the LCPtracker support team

Core Functionality

- Prevailing Wage/Davis Bacon Compliance and Reporting
- Workforce Demographics Tracking and Reporting
- Living/Minimum Wage Compliance
- Document Management
- Contractor/Administrator Communications
- Paper Free
- Online Access

LCPtracker Professional is a powerful cloud-based, prevailing wage and workforce compliance and management solution. It is ideal for Agencies and Prime Contractors working on construction projects who need to generate certified payroll reports and may need to track and enforce detailed worker information for compliance and workforce reporting. The software is comprehensive, easy to deploy, configurable, user-friendly, highly scalable, and time-tested in thousands of construction projects throughout the nation.

The core LCPtracker validation system checks payrolls for local, state, and federal Davis-Bacon wage and labor compliance by flagging any error or omission discrepancies the contractor may have on a report. Our software streamlines the process of inputting payrolls for contractors by interfacing with top payroll companies by a simple three step manual reporting process. Administrators can easily view, approve or reject payrolls and provide immediate feedback to contractors.

[CASE STUDY]

Agency:

The City of New Orleans

Location:

Louisiana

The Challenge:

After Hurricane Katrina swept through New Orleans in 2005, the City found themselves in the midst of the costliest natural disaster to ever hit the United States. The storm wreaked havoc on both private and public places, leaving much to repair and rebuild, with many citizens out of work and homes. Today, streets, parks, hospitals, public buildings, airport terminals, bridges and other infrastructure make up just some of the 70+ active projects underway. "We are building a city for the future and we are committed to moving New Orleans forward." said Ashleigh Gardere, Network for Economic Opportunity Executive Director. The City of New Orleans has since developed programs to reinvest in the local community in an effort to not only recreate the metropolis with new, modern infrastructure, but to also reinvigorate the local economy. In October of 2015, Hire NOLA, a local worker participation ordinance, was passed. Hire NOLA seeks to ultimately employ 50% local workers on all City-funded projects by the year 2020, which means there is a colossal amount of tracking and reporting that needs to happen. Starting in 2016 the graduated Hire NOLA goals took effect; with an initial goal of 30% local worker participation city-funded projects, 10% disadvantaged local workers and 10% disadvantaged local apprentice goals. The City needed a way to report their progress.

The Solution:

Through the use of the LCPtracker Professional solution, the City has been able to process the certified payrolls (CPRs) for over \$157 million worth of public works construction projects. The collection of these CPRs allows for in-depth, employee demographic data to be collected and reported on, giving the needed ability to track and observe progress on Hire NOLA goals. In 2015 alone, 2,091 CPRs passed through the system. "One of the best things we can do is check all of our projects in one afternoon. There are huge time savings. I cannot imagine how long it would take to do certified payroll without LCPtracker." said Gardere.

With LCPtracker, the City is able to know where the workers are coming from, if they qualify as disadvantaged, what classifications they work, as well as the amount of hours worked. Most importantly, they can confirm instantly that all workers are paid the proper prevailing wage and the late report feature ensures contractors are not able to slip under the radar. The information entered into these reports also allows them to do goal tracking. Thus, the City can recognize and fix issues as they arise.

“One of the best things we can do is check all of our projects in one afternoon.”

Ashleigh Gardere
Network for Economic Opportunity Executive Director

Phone: 714.669.0052 Email: info@lcptracker.com Web: lcptracker.com

Benefits

The use of LCPtracker allows the City of New Orleans to broaden their horizons for public works project reporting. "We were able to increase the types of projects monitored. It had been mostly federally-funded projects that we tracked, but we realized city-funded jobs were missing. So now we capture a whole new source of projects," explained Gardere. The agency's goals are well-underway and being tracked in the LCPtracker system, which enables City decision makers and the community to consider the impact each project is having. The City has benefited most from the prevailing wage compliance features, which allows them to load in wage rates and classifications to ensure employees are classified and paid properly.

The most notable project to be run through the system to date is the New Orleans East Hospital. This \$130 million project had 75 different contractors working on it and over 2,000 CPRs that needed to be submitted and monitored. LCPtracker Professional helped the City to easily review this tremendous amount of payrolls, and gave prime contractors access to the same information, thereby providing seamless communication and transparency on one of the biggest projects the City has undertaken in recent years.

Moving forward, the City has come to appreciate what a valuable tool the system can be to their strategies and urban planning. The extensive workforce reports available provide a wide range of data to allow for an in-depth analysis of project impact and goal tracking. New Orleans has big plans for the future of rebuilding both the city and the community.

About The City of New Orleans

The City of New Orleans, led by Mayor Mitch Landrieu, is a local municipality with 4,600 employees. Located in the state of Louisiana, New Orleans has a vibrant culture that is well-known around the world. With a population of nearly 400 thousand, it is the largest metropolitan area in the state. Founded in 1718 by French Colonists, the city reflects a mixture of French and Creole influence that makes it one of the most unique cities in the nation.

Key Features and Benefits

Prevailing Wage Validation

Wage rates are pre-loaded and allow for validation on every report

Workforce Reporting

Ability to instantly review goal data

Efficiencies and Ease of Reporting

Automatic checking of data and on-demand capability to pull reports

Diversity of Reports

Late Report, Payroll Details Report, Violations Report, eDocuments, Subcontractor Listings, Workforce Report

Error Reduction

Large decrease in user error reduces stress and gives peace of mind

RE: Prevailing wage compliance software systems – *cont.*

LGIC Members:

A contact at LCPTracker sent a list of state and local agencies who currently contract with the company for compliance software services.

State Agencies:

State of Colorado: Office of the State Architect

- 42 agencies mandated by the state legislature to use LCPTracker to manage prevailing wage, certified payroll, and wage maintenance for projects with prevailing wage requirements.

State of New Mexico:

- State wide contract vehicle for agencies to procure LCPTracker at a pre-negotiated discounted price for all agencies within the State of New Mexico.
- New Mexico DOT is a large customer of ours that helped to select LCPTracker as the preferred vendor to manage prevailing wage for agencies within the State of New Mexico

State of Nevada:

- We have a pre-negotiated rate to manage the State of Nevada's wage determinations as a service with LCPTracker's wage maintenance team for a negotiated annual rate.

California State Department of Industrial Relations:

- We have an export built for the DIR that allows contractors and agencies to export the data they need from LCPTracker into the proper DIR required data / format.

Department of Energy: Basic Ordering Agreement:

- Contract to provide products and services to DOE contractors and authorized subcontractors.
- Contractors place individual site orders under BOA to receive the appropriate discounted price.

6. Does each dwelling unit have its own full bathroom?
7. Is there a community facility or manager’s office on site?
8. Is any part of the facility used by members of the public?

Landscape Construction – If you are using “Landscape Construction” or any of the sub-classifications within Landscape Construction (e.g., Landscape or Planting Laborer, Irrigation or Lawn Sprinkler Installers, or Landscape Equipment Operators or Truck Drivers) you must provide information on **Addendum C** regarding the following aspects of the work in order for L&I to determine if you are appropriately applying Landscape Construction rates:

1. The beautification of a plot of land through addition of or modification to lawns, trees and bushes under the Landscape Construction Scope of Work (WAC 296-127-01346) is a limited universe and has exclusions that may affect its application. Please provide L&I with the following information so we can verify whether the landscape construction wage rates apply to this project.
 - a. Please describe the whole project – not just your part.
 - b. Please describe your part(s) of the project – the tasks you performed, equipment used, and tools used. Please provide as much detail as you can.

- c. If the project involves installing an irrigation system, trenching, installing French drains or other subsurface water collection systems, or spreading top soil or mulch, please tell us the relevant depths.
2. If Operating Engineers and/or Truck Drivers will be used in addition to Landscape Construction, describe the type of equipment used, and list the size or rated capacity of the equipment.

Number of Workers – Enter the number of journey-level workers you plan to employ on this project for that craft/trade/occupation.

Rate of Hourly Pay – Enter the rate of hourly pay as defined by RCW 39.12.010, that you will actually pay the worker(s) for that craft/trade/occupation. The amount listed for “Rate of Hourly Pay” plus the amount listed for the “Rate of Hourly Fringe Benefits,” if any, must equal or exceed the applicable prevailing rate of wage.

Rate of Hourly Usual (“Fringe”) Benefits – Enter the rate of hourly Usual (“fringe”) Benefits for that craft/trade/occupation. This is the cost of usual benefits, as defined by RCW 39.12.010, that you will actually pay the worker(s). The amount listed for “Rate of Hourly Pay” plus the amount listed for “Rate of Hourly Usual (“Fringe”) Benefits,” if any, must equal or exceed the applicable prevailing rate of wage.

If there is not enough space to list all required information on one form, use the appropriate Addendum as needed. No additional fee is required for using Addendums to the form. No other attachments will be accepted.

L&I’s approval of your Statement of Intent to Pay Prevailing Wages is based on the information you provide. Approval of the form does not signify that the classifications of labor you listed on the form are the correct classifications of work for the tasks performed on the public works project. It is your responsibility to pay workers the prevailing rate of wage for the classification of work that correctly applies to the actual work they perform.

Be sure to include your email address on the form. **If you do not provide this information, L&I will use standard mail to send you correction notices. You will be able to access approved forms at:**
<https://fortress.wa.gov/lni/pwipub/SearchFor.asp> (No notice of approval will be mailed).

Prevailing wage rates are available on the Internet at:

Employment Information – Enter information about the individuals who performed work on this project:

- a) **Did you use any subcontractors?** - If **PART** of the work was performed by subcontractors you hired, check the “Yes” box and complete **Addendum B**.
- b) **Did employees perform work on this project?** - If employees, including apprentices, performed any work on the project, check the “Yes” box and list each employee’s applicable craft/trade/occupation. If you utilized apprentices on this project you must complete **Addendum D**.

NOTICE: If no employees performed work subject to Washington’s prevailing wage requirements, check no on this question, and your form may be submitted without payment. For more information, see our website at

<http://www.lni.wa.gov/TradesLicensing/PrevWage/IntentAffidavits/File/default.asp>

- c) **Was ALL work subcontracted?** - If **ALL** work was performed by subcontractors, check the “Yes” box and complete **Addendum B**.
- d) **Did you use apprentice employees?** – If you used apprentices on this project please be aware:
 - 1. Any workers **NOT** registered with the Washington State Apprenticeship and Training Council (WSATC) must be paid the correct journey-level prevailing rate of wage.
 - 2. Any apprentice **NOT** registered with the WSATC within 60 days of hiring must be paid at the correct journey-level prevailing rate of wage for the time preceding the date of registration.
 - 3. You **MUST** be a registered training agent with the WSATC in order to pay a registered apprentice less than journey-level prevailing rate of wage.
 - 4. To verify apprenticeship and/or registered training agent status call (360) 902-5324.
- e) **Number of Owners/Operators who own at least 30% of the company who performed work on the project** – Indicate the number of Owners/Operators who performed work on the project. If no 30%+ Owners/Operators performed work on the project, check the box “None”.

Crafts/Trades/Occupations and Apprentices – List the craft/trade/occupation of each worker, journey-level and apprentice, employed on this project.

❖ **Crafts/Trades/Occupations**

If you indicated above that Owners/Operators worked on this project, and you also indicated above that no employees performed work on the project, and that **ALL** work was subcontracted, then you do not need to fill in this section. Individuals who own less than 30% of the company are not considered Owner/Operators under RCW 39.12 and must be listed as employees and paid at least the prevailing rate of wage for the work performed

Use **Addendum A** for additional Crafts/Trades/Occupations that will not fit on this form.

Residential Construction - If you are using any residential classifications (e.g. Residential Carpenter, Residential Laborer, etc.) you must provide information regarding the following questions, on **Addendum C**, in order for L&I to determine if residential rates are being utilized appropriately:

1. Did the Awarding Agency, in compliance with RCW 39.12.030, determine that the project meets the definition of residential construction?
2. Please indicate the type of structure (e.g. single-family dwelling, duplex, apartment, condominium or other residential structure).
3. Including any basement or garage, how many stories or levels does the structure have?
4. What is the facility used for (answer “yes” or “no” to each of the following options)?
 - a. Permanent residence only?
 - b. Rehabilitation house?
 - c. Transitional housing?
 - d. Communal dining facility?
 - e. Treatment services?
 - f. Counseling?
 - g. Other?
5. Does each dwelling unit have its own full, self-contained kitchen?
6. Does each dwelling unit have its own full bathroom?
7. Is there a community facility or manager’s office on site?
8. Is any part of the facility used by members of the public?

Landscape Construction - If you are using “Landscape Construction” or any of the sub-classifications within Landscape Construction (e.g. Landscape or Planting Laborer, Irrigation or Lawn Sprinkler Installers, Landscape Equipment Operators or Truck Drivers) you must provide information regarding the following questions, on **Addendum C**, in order for L&I to determine if Landscape Construction rates are being utilized appropriately:

1. The beautification of a plot of land through addition of or modification to lawns, trees and bushes under the Landscape Construction Scope of work (WAC 296-127-01346) is a limited universe and has exclusions that may affect its application. Please provide L&I with more information so we can verify whether the landscape construction wage rates apply to this project.
 - a. Please describe the whole project – not just your part.
 - b. Please describe your part(s) of the project –the tasks you performed, equipment used, and tools used. Please provide as much detail as you can.
 - c. If the project involves installing an irrigation system, trenching, installing French drains or other subsurface water collection systems, or spreading top soil or mulch, please tell us the relevant depths.
2. If Equipment Operators and/or Truck Drivers were used, describe the type, and list the size or rated capacity of the equipment.

Crafts/Trades/Occupations and Apprentices (Cont.)

Apprentices – If you employed apprentices on this project, list each apprentice by Name, Registration Number, Trade, the number of hours the individual had completed in the program when they started work (Beginning Hours) and ended work (Ending Hours) on the project, Beginning and Ending dates of work performed on this project, and Rate of Hourly Pay and Usual (“Fringe”) Benefits.

1. Any workers **NOT** registered with the Washington State Apprenticeship and Training Council (WSATC) must be paid the correct journey-level prevailing rate of wage.
2. Any apprentice **NOT** registered with the WSATC within 60 days of hiring must be paid at the correct journey-level prevailing rate of wage for the time preceding the date of registration.
3. You **MUST** be a registered training agent with the WSATC in order to pay a registered apprentice less than journey-level prevailing rate of wage.
4. To verify apprenticeship and/or registered training agent status call (360) 902-5366.

11 **Number of Workers** – Enter the number of journey-level workers employed on this project for that craft/trade/occupation.

12 **Total Number of Hours Worked** – Enter the number of hours worked for that Craft/Trade/Occupation.

13 **Rate of Hourly Pay** – Enter the rate of hourly pay, as defined by RCW 39.12.010, that you actually paid the workers for that Craft/Trade/Occupation. The amount listed for “Rate of Hourly Pay” plus the amount listed for the “Rate of Hourly Fringe Benefits,” if any, must equal or exceed the applicable prevailing rate of wage.

14 **Rate of Hourly Usual (“Fringe”) Benefits** – Enter the rate of hourly fringe benefits for that Craft/Trade/Occupation. This is the cost of fringe benefits, as defined by RCW 39.12.010, that you actually paid to the workers. The amount listed for “Rate of Hourly Pay” plus the amount listed for “Rate of Hourly Usual (“Fringe”) Benefits,” if any, must equal or exceed the applicable prevailing rate of wage.

If there is not enough space to list all required information on one form, use the appropriate Addendum as needed. No additional fee is required for using Addendums to the form. No other attachments will be accepted.

L&I approval of your Affidavit of Wages Paid is based on the information you provide. Approval of the form does not signify that the classifications of labor you listed on the form are the correct classifications of work for the tasks performed on the public works project. It is your responsibility to pay workers the prevailing rate of wage for the classification of work that correctly applies to the actual work they perform.

Be sure to include your email address on the form. If you do not provide this information, L&I will use standard mail to send you correction notices. You will be able to access approved forms at: <https://fortress.wa.gov/lni/wagelookup/searchforms.aspx>
