Megan-please share the following comments with the Revenue Interim Committee on Monday April 18, 2022.

Chair Cohenour, Vice Chair Beard and members of the committee. On behalf of Pyramid Mountain Lumber, Inc. and myself as a member of the Montana Forest Land Taxation Advisory Committee, the final report from the FLTAC represents very thorough and thoughtful analysis by the Department of Revenue's Tax Policy and Research Group and open and transparent discussions and dialogue within the committee. The recommendation before you summarizes the collective work of the committee and unanimously represents our reflections and strong position on the process necessary to move tax policy forward for Montana Forest Landowners in a fair and equitable manner. We encourage the RIC to accept the final recommendations of the FLTAC and to set in motion the drafting of legislation to accomplish the components in our final report.
