ONE FAMILY'S JOURNEY

FEB-MAR 2023

Child did not meet required 85% attendance requirement for these 2 months. Childcare only covered for days child attended the center. Resulted in a loss of \$470 to the facility.

Center provided tuition assistance to family to cover the balance.

SEP 1, 2023

Family's copayment increased from \$10 to \$350. Family informed the center they believed this was due to the father receiving a promotion at ONE of his jobs. Father quit job, so that BBS copayment would decrease.

SEP 30, 2023

Family did not meet payment plan. Center only received \$160.

JAN 2023

BBS returned to Pre-Covid requirements including change in copayment and 85% attendance requirements. *Family's copayment increased from \$10 to \$100.*

JUL 2023

Due to the passing and signing of House Bill 648, family's copayment decreased from \$100 to \$10.

SEP 11, 2023

Family did not meet monthly copayment deadline. Payment plan set up, so that children could continue to receive care. Full copayment required by 9/30/2023. Late fee for beginning of month waived.

OCT 2023

New copayment set to \$10; however, balance now owed to center is \$225 (remaining balance/late fee for Sept/Oct Copayment). Family informed they needed to pay \$35 to have children in the center. Family withdrew children. Payment never received. To the best of our knowledge, mom quit her job to care for her children.
