Through an American Rescue Plan Act (ARPA) Child Care Supplemental Grant awarded by DPHHS, Zero to Five Montana launched the full-service Montana Child Care Business Connect program (MCCBC) in June 2022. This is a new program to address Montana’s shortage of high quality affordable child care.

MCCBC is a statewide initiative providing business-focused training, consultation, and individualized technical assistance to child care businesses, employers, community leaders, and entrepreneurs to develop and implement innovative strategies to start and expand child care.

Additionally, MCCBC has launched an online resource hub, is developing a business cost modeling tool, has convened ARPA grantees for a community child care summit in November 2022, and held a two-day summit in September 2023 offering professional development as well as opportunities to discuss best practices and hear from national experts.

FAMILY FORWARD MT

MCCBC is launching “Family Forward Montana” – a program designed to enhance families' health and wellness, while simultaneously maintaining Montana's competitive business edge. Led by employers, this initiative aims to broaden access to research-based, family-friendly practices that can improve workplace productivity, recruitment, and retention. By doing so, we can build a robust economy and support parents and families in the workplace.

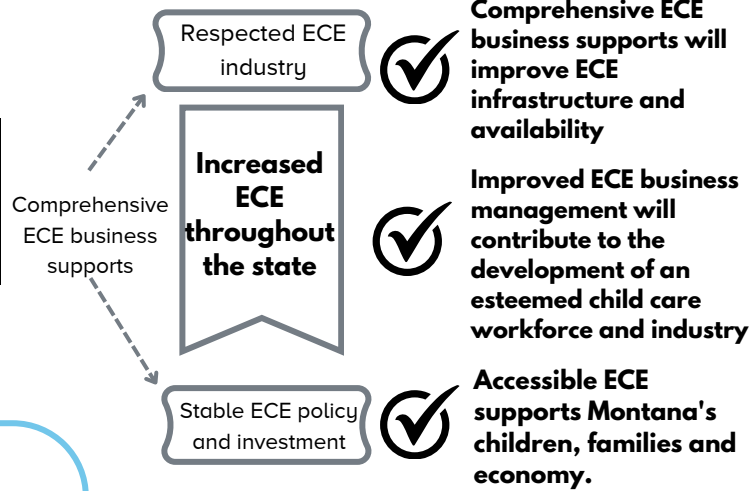

COMMUNITY CAPACITY BUILDING

Supporting 14 communities through focused cohorts in developing child care infrastructure strategies that meet the needs of employers and families in communities across Montana, with the intention of working towards expanding local child care access. MCCBC also supports the 30 child care community innovation grantee sites through a community of practice. MCCBC also supports the 30 child care community innovation grantee sites through a community of practice and TA.

BUSINESS ACCELERATOR MENTORSHIP

Successfully paired 8 experienced small business leaders with 8 new or expanding child care businesses for a one-year, guided process to a successful business launch. The mentorship functions as a hybrid business incubator and professional development program. Since the program launched in May 2023: 3 protegés have started new child care businesses and 2 businesses are expected to open before the end of the year.

TESTIMONIALS

“The current child care shortages are not unique to just one region but affect the entire state. It is not only impacting child care businesses but also affects Montana's workforce. As an economic developer, I am witnessing MCCBC's success firsthand and understand that successful child care businesses are essential for the well-being of our communities.”

-Lizzy Robertson

Eastern Plains Economic Development Corporation, Terry, MT

“MCCBC is the missing link. For years, the child care community has sounded the alarm—child care providers need long-term stability strategies. And recently, communities, businesses, and employers have felt the impacts of child care shortages. Enter Montana Child Care Business Connect. MCCBC is uniquely positioned to provide statewide resources and assistance that helps businesses connect to child care solutions, and child care programs become stronger businesses.”
