## PURPOSE OF DRAFT WORK PLAN

This work plan details the Economic Affairs Interim Committee’s (EAIC or Committee) study and agency oversight duties for the interim, which runs from July 2023 through September 15, 2024. The final work plan reflects the Committee’s priorities, as indicated by the amount of time the Committee decides to spend on each of its tasks.

Included in this document are:

- Committee decisions made at the organizational meeting for study, member topic, and oversight activities, FTE allocation, and meeting schedule
- Schedule of planned activities for the interim

## COMMITTEE JURISDICTION

The EAIC is one of several interim committees established in section [5-5-202](#), MCA, and required to meet between legislative sessions. Interim committees are tasked with:

- 1) Reviewing administrative rules within its jurisdiction;
- 2) Conducting interim studies as assigned;
- 3) Monitoring the operation of assigned executive branch agencies;
- 4) Reviewing advisory councils and required reports;
- 5) Reviewing proposed legislation of assigned agencies;
- 6) Reviewing proposed ballot initiatives; and
- 7) Preparing bills and resolutions that committee members believe should be presented to the next Legislature.

EAIC is assigned to monitor the following executive branch agencies:

- 1) Department of Administration - Division of Banking & Financial Institutions
- 2) Department of Agriculture
- 3) Department of Commerce
- 4) Department of Labor & Industry
- 5) Department of Livestock
- 6) Department of Revenue - Alcoholic Beverage Control Division
- 7) Department of Revenue - Cannabis Control Division
- 8) Governor’s Office of Economic Development
- 9) Montana State Fund
- 10) State Auditor and Insurance Commissioner

# INTERIM STUDIES

---

The 2023 Legislature approved 6 interim study resolutions, and the Legislative Council assigned those study requests to the various interim committees on May 18, 2023. The EAIC was assigned one interim study – SJ30.

## BASIC STUDY PROCESS

An interim study typically involves information gathering, issue identification, and recommendations.

The first phase of the study is carried out over the first few meetings of the interim, when the Committee:

- Reviews staff research papers and other information materials on study topics;
- Hears presentations by people with experience and expertise on various aspects of the study topics; and
- Takes public comment from interested parties, who may offer specific study-related suggestions.

In the second phase, the Committee spends a meeting or two narrowing the focus of the study. Members identify topics or questions they'd like to analyze further. This phase helps members concentrate on the issues they consider to be of the greatest importance and obtain any additional information needed to make final recommendations.

During the final stage, members review and decide on options for action. Potential solutions, including legislation, are usually reviewed, and refined at multiple meetings before the Committee takes final action.

### STUDY BACKGROUND

**Sponsor:** Sen. Bruce Gillespie

**Poll Rank:** 6

According to the Agricultural Marketing Resource Center, American consumption of wine has increased from 1.95 gallons for each resident in 1998 to 2.82 gallons in 2013. Research from the University of Arkansas' Food Science Department provides that, on a per-acre basis, vineyard returns greatly exceed returns from conventional crops, creating tremendous potential for value-added marketing of wine, grapes, and their byproducts at the farm level and increasing a farmer's share of the consumer's dollar. The Department of Agriculture has authority over the agricultural aspect of vineyards, but the Department of Revenue has authority over the distribution and sale of wine in the state, creating a need for a legislative review and study of the regulatory constraints and opportunities for Montana farmers and consumers.

### STUDY TASKS LISTED IN LEGISLATION

SJ30 asks the EAIC to study the issues of production and regulation of wine, winemaking, grape-growing, and the use of byproducts. The study shall examine:

- Wine production, including processes of harvesting, crushing, fermentation, clarification, packaging, labeling, and storage;
- The marketing of wine, including demographics, wine tourism, and other consumer behavior;
- Regulatory requirements and constraints as provided in Title 16, MCA and by the United States Department of the Treasury; and
- Additional licensing opportunities for wine production, manufacturing, and sales.

This study presents an opportunity for the Committee to take one or more field trips to vineyards or wineries. Potential locations for field trips include the Flathead Valley, Bitterroot Valley, or other locations as suggested by the Committee.

### COMMITTEE DECISION: APPROACH TO STUDY ASSIGNMENT

The amount of time that can be devoted to a study is primarily influenced by the amount of Committee time available and the Committee's level of interest in the study. The Committee considered four approaches outlined in the draft work plan for its study assignment. Those approaches ranged from no action at all to significant Committee involvement, including a travel meeting to tour a vineyard. *Members chose to have minimal involvement for the SJ30 study, with the opportunity to expand on the study later in the interim if time allows.*

# AGENCY OVERSIGHT RESPONSIBILITIES

---

State law sets out several agency oversight duties for interim committees. Each responsibility is outlined below.

## ADMINISTRATIVE RULE REVIEW

Interim committees are required to review administrative rule proposals of the agencies for which they have oversight responsibility. The committee's legislative attorney reviews rulemaking notices and provides regular updates, noting any rules that may be out of compliance with the Montana Administrative Procedure Act (MAPA). That law allows interim committees to:

- Obtain an agency's rulemaking records to review them for compliance;
- Submit written recommendations on adopting, amending, or rejecting a rule;
- Require that a rulemaking hearing be held;
- Require an economic impact statement relating to a rule adoption; and
- Poll the Legislature by mail to determine if a proposed rule is consistent with legislative intent.

Interim committees may also delay the adoption of proposed rules by objecting to proposals that members believe do not comply with the provisions of MAPA. Senate Bill 82, passed in 2021, allows the Speaker of the House and the Senate President to break a tie vote on any rule objection being considered by an interim committee.

## PROGRAM MONITORING

EAIC's program monitoring duties require specific attention to:

- Identifying issues likely to require future legislative attention.
- Identifying opportunities to improve existing laws governing the agency's operations.
- Determining whether citizen experience with the agency may be improved on through legislative action.

## LICENSING BOARD ACTIVE SUPERVISION REVIEW (HB141, 2017 SESSION)

As part of its monitoring duties to the Department of Labor and Industry, the EAIC monitors determinations as to whether any board actions are considered by the Commissioner to be anticompetitive. The Committee may initiate further hearings, backstop the Commissioner, or provide an alternative process for those alleging possible antitrust activities by boards or licensees.

Liaisons attend approximately four MSF meetings per year during the interim. Quarterly meetings are anticipated in March, June, September, and December. Liaisons are reimbursed for their time through a separate budget, and no committee time is dedicated to this statutory obligation.

## REVIEW OF DRAFT LEGISLATION

The interim committee process allows for an early review of agency-requested legislation. Interim committees can begin reviewing proposed legislation as early as June in the year preceding the legislative session. This process frees up time for the Legislative Services Division to concentrate on legislator bill draft requests after the election. Agency bills drafted because of this process must be introduced before the 2025 legislative session begins.

## ADVISORY COUNCIL REVIEW

Senate Bill 8 (2017) amended 5-5-215, MCA, to remove the requirement that interim committees review statutorily established advisory councils and required reports each interim and made the review discretionary. If any member of the committee requests that the EAIC review an advisory council or required report that is attached to an agency under the Committee’s purview, the Committee must do so.

Among advisory councils eligible for EAIC review are:

Agency	Entity	Statutory Authority
Dept. of Agriculture	• Noxious Weed Management Advisory Council	• 80-7-805
	• Organic Commodity Advisory Council	• 80-11-601
Dept. of Commerce	• Tourism Advisory Council	• 2-15-1816
Dept. of Labor & Industry	• Licensing Boards - Monitor for potential sunseting or combining	• 2-8-404

The following boards, committees, or other entities may contain an advisory function, but either are not specifically termed advisory councils or created statutorily. Many have not had a review since 2014. The 2023-2024 EAIC may choose to review one, none, or many:

Agency	Entity	Statutory Authority
Dept. of Agriculture	• Board of Hail Insurance	• 2-15-3003
	• Agricultural Development Council	• 2-15-3015
	• Alfalfa Seed Committee	• 2-15-3004
	• Potato Advisory Committee	• 80-11-510
	• Pulse Crop Committee	• 2-15-3007
	• Wheat and Barley Committee	• 2-15-3002
Dept. of Commerce	• Board of Horseracing	• 2-15-1809
	• Board of Housing	• 2-15-1814
	• Coal Board	• 2-15-1821
	• Hard Rock Mining Impact Board	• 2-15-1822
	• Montana Council on Developmental Disabilities	• 2-15-1869
	• Montana Facility Finance Authority	• 2-15-1815
	• State Tribal Economic Development Commission	• 90-1-131
	• Board of Personnel Appeals	• 2-15-1705
Dept. of Labor & Industry	• Montana State Workforce Innovation Board	• 53-2-1203
	• Unemployment Insurance Appeals Board	• 2-15-1704

## REPORTS

Senate Bill 57 (2021) was a major housekeeping/revision bill that, among other things, created a more standardized procedure for entities submitting statutorily required reports to the legislature. Unless otherwise directed in statute, reports to the legislature, including reports to specific interim committees, are biennial reports and need to be submitted by September 1 of the year preceding a legislative session. House Bill 400 (2023)

eliminated the option for an executive agency to provide an oral report to an interim committee so beginning this interim all required reports must be provided in written form.

**NEW IN 2023**

In addition to the existing statutorily required reports, the following bills were passed in 2023 session that include reporting to or monitoring by the EAIC:

- **House Bill 948:** Prohibits the manufacture and distribution of synthetic marijuana products. The bill creates a temporary advisory council to review available research, data, and regulations related to synthetic marijuana products and determine if potential regulation of the products is possible in the future or if the products should continue to be banned. The advisory council must compile its findings and make recommendations in a report to the EAIC by September 15, 2024.
- **Senate Bill 53:** Revises laws relating to weights and measures fees collected by the Department of Labor and Industry. The bill requires biennial reporting to the EAIC concerning license fees and cost increases under 30-12-203, MCA – licensing of weighing devices.
- **Senate Bill 397:** Establishes the Facial Recognition for Government Use Act. The bill prohibits the use of facial recognition technology in certain instances but provides exemptions for law enforcement and state agencies under certain conditions and requires reporting by the Department of Justice and any state or local government agency using facial recognition technology to the EAIC by September 1 of each year.

Reports that are statutorily required to be submitted to the EAIC are:

Report	Entity	Deadline	Statute
Dispensing of drugs by medical practitioners (one-time)	Board of Pharmacy	9/30/2023	SB 374 (2021)

## COMMITTEE DECISIONS: AGENCY OVERSIGHT

The Committee plans to generally have a minimum level of involvement in most of its agency oversight duties, with the idea that agency monitoring can occur in conjunction with the Committee's study and planned member topics. Members made the following decisions specific to monitoring and other agency activities:

- **Administrative Rule Review:** The Committee will have a *moderate* level of involvement, with members receiving brief written descriptions of each rule prior to each meeting. The Committee Attorney will note any issues of concern.
- **Agency Monitoring:** The Committee will have *moderate* involvement, with each agency providing a brief overview of activities at one or more meeting during the interim. Any agency with further statutory reporting requirements or relevancy to the SJ30 study or a member topic will be asked to participate in additional meetings.
- **Licensing Board Active Supervision Review:** The Committee will have a *minimum* level of involvement and will hear information only on issues the Commissioner of the Department of Labor & Industry considers to be anticompetitive and will then decide if letters need to be written and will take public comment on the issue.
- **Agency Legislation:** The Committee will have a *moderate* level of involvement, which will consist of time allotted during the final two meetings of the interim for agencies to present concepts of legislation and follow-up briefings for any complex legislation.
- **Advisory Council (HB142) Review:** The Committee chose to take *no action* on this discretionary duty at this time.
- **Required Reports:** The Committee chose to have *minimal* involvement and will receive copies of written reports in their meeting packets. Committee members may request follow up from the agency if desired.

## MEMBER TOPICS & EMERGING ISSUES

Interim committees may take up other matters related to the agencies and topic areas they oversee. Depending on whether members put greater or less emphasis on their statutory duties related to interim studies and agency monitoring, they have more time to focus on EAIC-relevant member issues.

Members may propose investigation of emerging issues at any time during the interim. Agencies may also request that the Committee study an emerging issue that has resulted from court decisions, federal actions, or another cause.

Emerging issues are not necessarily member issues and may be raised by an agency or by staff. However, to be on the agenda, the presiding officer or other EAIC member must request agenda time. Staff resources are limited, so additions to a work plan must be accompanied by deletions to retain scheduling balance.

### COMMITTEE DECISION: MEMBER TOPICS

The Committee decided to categorize its member topics into four studies, and plans to devote significant time to one topic, moderate time to two topics, and minimal time to the final topic. The Committee also identified two topics as agenda items to explore:

<i>Topic</i>	<i>Level of Involvement</i>	<i>Possible Issues to Explore</i>
<b><i>Workforce &amp; Labor</i></b>	Significant	Childcare & the workforce Benefit cliffs Review of DLI legislation implementation Licensing law revisions Big Sky Economic Development Fund Changes (HB881) Montana Microbusiness Loan Program (HB898) Montana State Fund review
<b><i>Marijuana</i></b>	Moderate	Marijuana consumption lounges Previous interim study follow up Synthetic Marijuana Task Force updates Synthetic marijuana testing
<b><i>Agriculture</i></b>	Moderate	2023 Farm Bill Ag production in Montana Ag data collection Hemp & marijuana
<b><i>Housing</i></b>	Minimal	Housing affordability and availability HB819 (housing programs) implementation monitoring HOA covenants
<b><i>HB828</i></b>	Agenda Item	Ambulance provider assessment program bill
<b><i>SB351</i></b>	Agenda Item	Biometric privacy bill

## COMMITTEE DECISION: MEETING SCHEDULE

The Committee agreed to the following schedule:

Date of Meeting	
Tuesday	July 11, 2023
Tuesday-Wednesday	September 26, 2023
Tuesday	November 14, 2023
Wednesday	January 17, 2024
Monday-Tuesday	March 11-12, 2024
Wednesday-Thursday	May 8-9, 2024
Thursday	June 27, 2024
Thursday	August 29, 2024

## COMMITTEE DECISION: ALLOCATION OF FTE

The Committee prioritized its statutory duties and assigned study during the July 2023 meeting, leaving the remainder of time to work on the member-produced studies and agenda items previously identified. The table below shows a potential allocation of the Committee's FTE based on the discussion at the July meeting:

Discretionary Activities	FTE Allocation	Statutory Duties	FTE Allocation
Workforce Study	0.25	Administrative Rule Review*	0.10
Marijuana Study	0.15	Agency Monitoring	0.10
Agriculture Study	0.15	Required Reports	0.01
Viticulture Study (SJ30)	0.10	Agency Legislation	0.02
Housing Study	0.05	Advisory Councils	0.00
Agenda Items (HB828 & SB351 reviews)	0.02	DLI Active Supervision	0.05
<b>Subtotal</b>	<b>0.72</b>		<b>0.18</b>
<b>Total</b>			<b>0.90</b>

\*The calculation of 1.0 FTE is for the staff researcher and does not include the FTE allotment for the staff attorney, who conducts Administrative Rule Review.

## APPENDIX A: COMMITTEE DECISIONS ON STUDY AND OVERSIGHT ACTIVITIES

The table below reflects the decisions that Committee members made during their July 2021 organizational meeting regarding their level of involvement in their various duties. The table also shows the scope of activities that are anticipated at each level of committee involvement.
