Select a county, year and taxing jurisdiction to view total market and taxable property values within the selected taxing authority. On a touchscreen you can navigate between taxing jurisdictions by swiping left and right on the table.

*The sum of all property types may not add up to the Total due to corrections, revisions and rounding. For some jurisdictions, the total value may not be divided into all property types. In these cases, only the total value will be shown.

More information on the certification of values process can be found on the [Department of Revenue website](#).
