Joint Rules Committee Representative Marta Betoglio as a voter and a retired RN I'm concerned about legislation meeting in Helena in January. My concern is not only the people in Helena.but when legislators go back home and spread the risk of COVID. Our own representative District 71 Representative Walsh is a physician. He should be aware of this pandemic and be concerned of fellow Montanans. Please go virtual or even post pone the legislation session.

Good morning, I am concerned that my voice will not be heard and honored in the upcoming legislative session. Democracy only works if those elected actually have equal governing power, to speak on behalf of the Montanans they represent. The effort to have all bills considered by a group of only 15 senators before they reach the senate floor would be a gross injustice to all of our communities, especially those that are already underrepresented like tribal nations and high density cities. 850,000+ Montanans would be unrepresented under these rules. Please do the right things and let all bills that pass committee go onto the floor for a full senate discussion, as has always been the case in the past! Our future depends on you to do the ethical thing here... I hope you are up to the challenge. Emily
