House Rules Committee changes

Your Comment:

I am voicing my opposition to changes in the house rules that will allow the committee chair to stop a bill from being brought up for a vote. Individual committee chairs should not have the absolute right to do that. It is vital that all proposed bills be brought before the entire committee for a vote. It is the way democracy works. COVID-19 And the 2021 Legislature

Your Comment:

Please for the love of God do not hold an in-person legislative session until we have enough of the community vaccinated to keep Covid-19 at bay. I live in Helena, but ALL Montana communities will be harmed by this unconscionable, immoral decision to carry on without masks and social distancing, creating a super-spreader event that continues for months and that will destroy our city. And every other town that has folks traveling back and forth to the capitol to testify. WHAT IS WRONG WITH YOU PEOPLE!? You want to kill and maim us all?! You can hold the session virtually, or you can open the session in January as required by law, and then adjourn until April or May, or whenever the danger is over. There is NO reason that the session must be held before then.
