Legislature Covid responses

Your Comment:

I'm not going to say what I really think about your plan for a Covid super spreader event. I will keep my comment to this: Please give the public impression that you have a brain, understand science, and care about your state and community. Hold this legislative session with required masks and distancing or 100% virtually. Those of us affected by this virus, and with friends and family affected, will remember how you handled this when your term is up. You don't belong there if you cannot be a good example.

Meeting of the legislature

Your Comment:

Please, for the sake of yourselves and your communities, hold your meetings virtually until this pandemic is over. Do not meet in person. Consider others. Be sensible and responsible.

Coronavirus Precautions

Your Comment:

It's so time for us to walk past asinine behavior. We are in the middle of a deadly pandemic with 310,000 Americans dead now. It would be really nice if our elected leaders would respect this environment and send a message to the public that observing CDC guidelines is a good idea. Therefore, government sessions will be held virtually until vaccinations are a given. Somebody, set an example--one other than absolute ignorance.

Democratic participation , Accountability and Transparency in the 2021 Legislative Session

Your Comment:

I am writing to ask the Leadership of the 2021 Legislative Session to allow for robust, full opportunity to consider all Bills that are proposed by elected representatives to the Montana Legislature. "Efficiency" can sometimes be used to limit and and cut-off consideration of important policies, other solutions to our State's challenges, creative opportunities and best practices or just the needed critical thinking to benefit our democratic process. Please drop LR.101.ATE and all its cousins that would limit or obstruct the democratic participation that the voters of our state deserve. Thank you.
