Mask up or delay session?

Your Comment:

I'm a resident of Lewis and Clark County, home to the Legislature and also a county having a much larger % of Covid-19 cases per thousand than other larger counties. There are more active cases here than in Missoula County. Holding the legislative session with members not being required to wear masks, or work through remote sessions, is a clear and present danger to those of us who live here, as well as to any who come into contact with these legislators on their trips back to their own district. Please either postpone the session until most people have been vaccinated, or hold it remotely.
