2021 Session

Your Comment:

n view of the current medical advice and the current COVID-19 rising numbers, I believe Montana should hold the 2021 session virtually, or delay the start until vaccinations are accessible to everyone. It does not make sense to have meetings that are guaranteed to spread more virus throughout the state. I beg you to be responsible and think about the more vulnerable in our population.

Meeting in person

Your Comment:

Legislature must meet in person. Do not let the Democrats tell you otherwise

Remote legislative session

Your Comment:

Please keep Helena, legislative staff, family members as safe as possible by not holding in person meetings in Helena. We have all had to figure out how to meet remotely and conduct our lives responsibly. Hopefully we can expect no less from legislators.

virtual legislative session

Your Comment:

Many health professionals have said in recent days, that this second wave is like a triple or quadrupled wave. In view of the current medical advice and the current COVID-19 rising numbers, I believe Montana should hold the 2021 session virtually, or delay the start until vaccinations are accessible to everyone. It does not make sense to have meetings that are guaranteed to spread more virus throughout the state. I beg you to be responsible and think about the more vulnerable in our population.

Upcoming Session

Your Comment:
Please protect the health and safety of all Montanans and do NOT insist on a in person session. Forcing citizens to travel across our vast State to Helena and attend large groups to exercise our rights makes no sense. Montana values demand a common sense solution. Thank you.
