Subject Line:
COVID-19 Safety in the Legislature

Your Comment:

Greetings, I was dismayed to read that much of the Republican members of the Joint Rules Committee aren't taking COVID-19 safety seriously during legislative sessions. The Flathead Beacon reported that the Democrats proposed three proposals: postpone the legislature until a vaccine is available, conduct the legislature virtually, or implement masking and other safety protocols. It is a display of utter incompetence that the GOP leaders are unable to agree to *one* of these proposals. We learn in life that we can't have our cake and eat it too. In life we have to make hard choices. Please make a choice for safety and choose one of these options. You are putting staff, citizens, and legislators at risk by not taking this seriously. Please stop playing to the rabble and stoking the fires of division. Be grown-ups and lead. If this is what we can expect moving forward in the legislature, I am not impressed. Thank you for your time, Rebecca Miller
