1. Purpose:
Amend 17-3-231, MCA, to establish a statutory appropriation for federal flood control payments.

2. Background:
State receipt of Flood Control Act revenues is reliant on federal management and lease practices on flood control lands. The revenue cannot reasonably be predicted and the state must distribute the funds to the counties. Without the statutory appropriation, the Department of Administration has to request a budget amendment in order to make an additional distribution to the counties when the funds received exceed the initial appropriation.

3. Fiscal Impact by Fund Type: *This impact should be as specific as possible.*
No fiscal impact.
