- Work with prison facilities to improve address list
- You must geocode prison facilities as well
- Tagging the 2020 Geography

•Generally, there are 3 possible actions/dispositions for each record. Move, keep in facility, and remove from database.

¹ Pursuant to Maryland law (the No Representation Without Population Act of 2010 – SB 400\HB496 – passed in 2010), Maryland census data must be adjusted for purposes of creating congressional, state legislative, and local districting plans. Generally, the law requires that the census data must be adjusted to reassign Maryland residents in correctional institutions to their last known address and to exclude out-of-state residents in correctional institutions from redistricting.
