

# LEGISLATOR PHOTOS DONE RIGHT

2021 Session

## Where are the legislator photos used?

Your information page on [leg.mt.gov](http://leg.mt.gov).

The press requests your legislative photo through LSD to use as your headshot for news stories.

They comprise the group photo for commemorative purposes.

They are used in the Copper Book, which is also archived at the Historical Society.

We love to represent our legislature as the most professional and, of course, the best looking.

This is accomplished using a consistent backdrop and lighting provided by a professional photographer.

For the last two sessions, photographs were taken by Scott Wilson, a professional photographer.

The shots were provided for the legislators at **no individual cost.**

Nice, right?!

## *The good news?*

He will be at the Capitol on November 18th and available to take your photo at the 2021 Caucus and Orientation meeting.

## *The bad news?*

You may not be.

So if you *aren't* going to be at the Capitol on Nov 18th to flash your pearlys for Scott — please find another professional photographer and go get your grin on.

**And don't forget - if you've had your picture taken by Scott in the last two sessions and you like your photo — sit back and relax.**
