Dec-2019 vs. Apr-2020 Forecast Comparison

2020 Employment by Industry, Montana

This chart, from a [recently published report](#) by the University of Montana’s Bureau of Business and Economic Research, shows a forecast comparison of employment by industry in Montana from December of 2019 to April of 2020.

While the LFD rarely posts charts from other entities, this report is the first that looks at COVID-19 economic impacts specific to Montana.
