Explanation - This amendment removes the line item and language associated with an appropriation for the Board of Public Accountants in the Business Standards Division of the Department of Labor and Industry.

SB 75 was a bill to extend the sunset date for the non-budgeted proprietary fund for the Board of Public Accountants. A state special revenue appropriation for the Board was included in HB 2 in case SB 75 did not pass, and contingent language was included to void the HB 2 appropriation if SB 75 was passed and approved. SB 75 has been signed by the Governor, and therefore the HB 2 appropriation for the Board of Public Accountants is void. This amendment would remove the already-void appropriation from HB 2.

It includes the reduction of:

- \$313,531 state special revenue in FY 2020 and \$380,147 state special revenue in FY 2021
- The associated 2.07 FTE

This amendment renames the line item School Facility

Reimbursement to more accurately line up with the statute name of Debt Service Assistance.

This amendment also renames the line item Major Maintenance Aid to Major Maintenance Aid and Debt Service. This allows, along with the added language, the appropriation to reflect current statute and allow the major maintenance appropriation to flow to debt service if there is more appropriation than request. This added connection between major maintenance and debt service appropriations allows \$4.0 million per year, which was the added authority for this connection to occur, in state special to be reduced in the Debt Service Assistance line item.
