Information Technology Project Expenditures

The Legislative Branch revised its budget for the House/Senate chamber automation project in April 2021, increasing the overall budget by \$109,600 and modifying the estimated completion date to December 2021 due to delays related to the impacts of COVID-19 on resource availability. Testing for the entire process for bills, from drafting through introduction, committee action, chamber action, Governor’s amendments, and enrolling is scheduled to be completed at the end of December 2021.
